## AICTE Activity Point Program : COVID-19 Awareness

How many people do you interact with per day?

522 responses

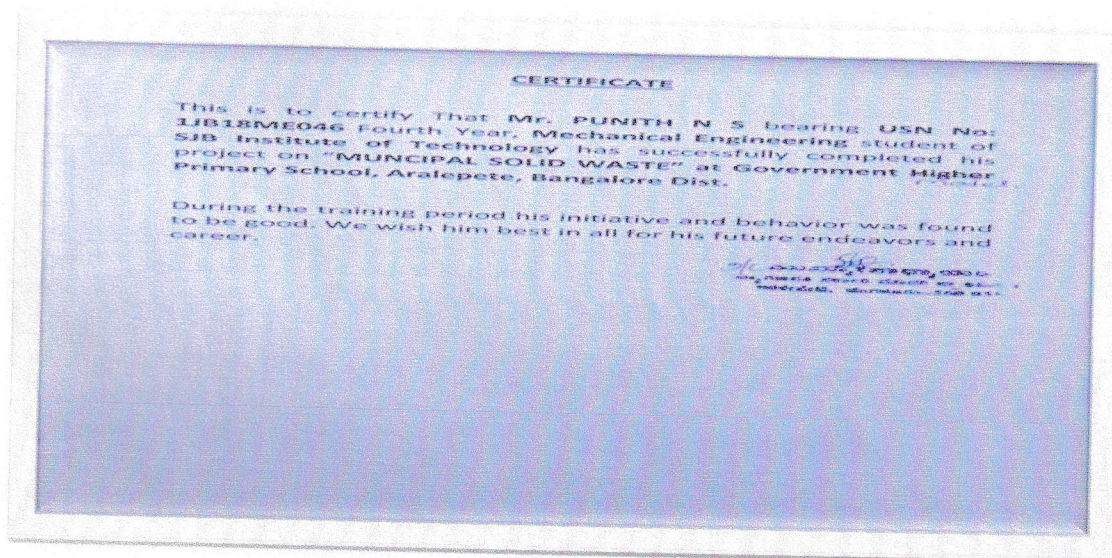

## CONCLUSION

During this corona virus pandemic, mostly literate urban people were aware of this pandemic, which also similar to the outcome of a study done by (Ray et al., 2020). They are aware of virus infection symptoms such as fever, cough, sore throat, tiredness, running nose and possible infection method from one person to another, so government and celebrities should encourage the ordinary people and boost their morale in this tough time. People showed confidence that disease can be prevented but are concerned for loss due to pandemic. The majority of people in society are commute by their two-wheelers or public bus, prone to infection, so the government should take extra care to sanitize public places and coaches. They have adopted their prevention methods such as lockdown, naturopathy and social distancing, so the government should make necessary arrangements.

The majority of people daily interact either to 10 or more people, which is the biggest threat to community transmission, so people should be discouraged from associating with others. Peoples are following trusted sources of information such as TV, newspapers and official government website, so the government should broadcast all relevant information to these platforms. Common men in society are well aware of medical facilities' government initiatives, which are vital to cease the infection. Worries and anxiety among the public regarding COVID-19 disease can be checked and quickly reduce by counselling, their levels to be measured in some research. There is a need to intensify the awareness program during this COVID-19 pandemic, raised by other researchers (Ray et al., 2020).

So this article will help common men to understand the intensity of infection and its symptoms and precaution. It will help common people to understand the threatens level of virus in society and counsel him that it's with everyone, rather than only with him. He will adopt the necessary precautionary measure to avoid infection from illness by getting proper and reliable information from time to time. The government will also get an idea of common man psychology, problems and worries of ordinary people to formulate a better and effective strategy.

***INSTITUTIONAL SOCIAL RESPONSIBILITY***

***“Report on Community Service- ASARE”***

With the blessing of his Holiness Bhairavaikya Jagadhguru Padmabhushana Sri Sri Sri Dr. Balagangadharanatha Maha Swamiji. His Holiness Jagadguru Sri Sri Nirmalanandhanatha Maha Swamiji. Reverend Sri Sri Dr. Prakashnatha Swamiji, Managing director, BGS and SJB group of Institutions and with the due permission from principal Dr. Puttraju Sir and whole hearted support from HOD Madam Dr. Mamatha J Department of MBA the community service club took a small initiative to serve the society.

“To care for those who once cared for us is one of the highest Honours”- with this thought to bring in the value of parents and their sacrifices, on 05<sup>th</sup> April 2019 we conducted our 12<sup>th</sup> community service event by the department students, faculties and HOD spent a day at “Sri Satya Bharati” Orphanage.

Which is located near Challaghatta, Mysore Main Road, Bangalore, has 22 Childers. It was such a good place where we all the students planned to make orphanage childrens happy. As per the planned schedule, we arrived “Sri Satya Bharati” at 10.00 AM and our programme started at 11:00 AM.

Our beloved HOD Mam inspired the gathering and program is started by cutting the Cake and kids introduced themselves to us and displayed their talents by singing and dancing. Our students entertained the kids by cultural programs. Games was conducted for the students. At 12.30 snacks were arranged . staff members, students and kinds shared the same, complimentary gifts to all kinds, just to see a small smile from them.

We need to know the importance of corporate social responsibility & contribute whole heartedly towards the welfare of society. It was a great opportunity to be a part of this activity. They were so happy with our care and concern.

We conclude the program by distributing stationeries to students, we could see the joy and happiness on the faces of the small children's.

We thank our management, principal & HOD for giving us an opportunity for organizing such programs as a part of our curriculum.

**"Report on Community Service - Asare"**

With the blessings of his holiness Bhairavaikya Jagadhguru Padmabhushana Sri Sri Sri Dr. Balagangadharanatha Maha Swamiji.

His Holiness Jagadguru Sri Sri Sri Nirmalanandhanatha Maha Swamiji.

Reverend Sri Sri Prakashnatha Swamiji, Managing Director, BGS and SJB group of Institutions and with the due permission from Principal Dr. Puttraju Sir and by whole hearted support from HOD madam Professor Pushpalatha. V, Department of MBA the community service club took a small initiative to serve the society under the guidance of Assistant Professor Anjana Devi S C.

“To care for those who once cared for us is one of the Highest Honours ” - with this thought to bring in the value of parents and their sacrifices, this year on 22<sup>nd</sup> September 2017 we conducted our 9th community service event where the department students, faculties and HOD spent a day at “Amrutha Sagar old age Paradise”.

“Amrutha Sagar old age Paradise” which is located near Kengeri Magadi Link Road, Bangalore has 30 plus senior citizens and elders who are facing health problems and loneliness .Also the stories behind these people coming to the shelter were heart breaking. Many aged people staying here were not homeless. But the joy and smiles they had on their face could bring all of us to shame who grunt at very tiny displeasure we come across.

We witnessed that the elderly don't need gifts they need our time. When we distributed a pack containing blankets and water bottles to them as a token of love, it did not matter to them what was inside the pack. They were exhilarated by the fact that we took a day off and spent time with them eating food together, playing games, dancing and sharing love. Spending a day here we collected fond memories and some wonderful learning.

This day pushed every one of us specially we youths to start understanding the pain parents take to bring up their children. They dedicate the most precious thing to their children that is “TIME”. And thus we should

love our parents and never leave them for the sheer fact that they have devoted their entire lives for us unconditionally.
