1. M/s Zero Zilla

MEMORANDUM OF UNDERSTANDING

S J B INSTITUTE OF TECHNOLOGY

BETWEEN

(A GROUP OF SHOBA TECHNOLOGIES PVT. LTD)

July 2017

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (herein after referred to as MoU) is made on the "ZeroZilla" with Registered and Corporate office at # 576, 1st Floor, Siddaiah Puranik Road, 3rd Stage, 4th Block,, Basaveshwaranagar, Bengaluru, Karnataka 560079 on the other part as partners for promoting the industry academic interaction activities and to help achieve academic excellence of "Department of Computer Science and Engineering, SJBIT", dated: 24th July 2017.

WHEREAS both "ZeroZilla" and Department of Computer Science and Engineering, "SJBIT", (herein after called 'parties') desires to carry out programmes for promoting industry academic interaction, herein referred to as "Programme" jointly with the diligence and efficiency as desired within this MoU in conformity with appropriate administrative, financial and educational practices and implement all such plans and activities and reforms as required for the Programme.

WHEREAS "ZeroZilla" and Department of Computer Science and Engineering "SJBIT" agree to enter into industry academic interaction programmes and both the parties agree to enter into a MoU with the terms as follows.

PREFACE

"ZeroZilla" has been in interaction with the "Department of Computer Science and Engineering, SJBIT" for the first time/ almost a year, to initiate in contact with the staff and HOD of Department of Computer Science and Engineering, SJBIT. This Memorandum of Understanding is proposed in order to promote students to make into industry perspective in terms of innovation capabilities with the latest technologies related to FRONTEND, BACKEND AND ADMINISTRATION.

OBJECTIVES

The major objectives for which the parties associate with each other are:

1. To setup & operate an Innovation Lab in Smart Systems (Center of Innovation & Excellence) in College Campus.

2. To effectively share the facilities and expertise for improving the capabilities for advanced education and research.
3. Increase the relevance of the academic research and consultancy in the research and product development initiatives at “ZeroZilla”.
4. Collaborate to share and exchange information between both parties for mutual benefit and knowledge enhancement.
5. To enable the use of laboratories, resources and test facilities at “SJBIT” on a preferential basis by “ZeroZilla” and vice versa.
6. To provide opportunity for students from Undergraduate, Post Graduate, and Research Scholars of Department of Computer Science and Engineering, SJBIT to undertake industrial training and projects in “ZeroZilla” for mutual benefit.
7. To provide experts from “ZeroZilla” for academic and training programmes of “SJBIT”.
8. To provide advice in formulating curriculum and syllabus of courses of “SJBIT” in UG/PG/SHORT TERM COURSES by the experts from “ZeroZilla”.
9. To conduct Faculty Development Programs, Workshops to bridge the gap between industry and academic interactions.
10. Preferred vendor for lab setup, supply of products & resources and special project proposal for research & development to financing / sponsoring institutions / govt funding agencies.
11. To conduct joint/collaborative research and consultancy.
12. To develop products and market the services with the technical expertise, faculties and students.
13. To conduct state/national/international level design & development events & contest in association with leading organizations.
14. To offer internship/placements services to students.

THE PROGRAMME

This MoU is to formalize joint programme activities that will help “SJBIT” to enhance its research and educational capabilities, and from “ZeroZilla” in achieving its social responsibility. The following activities are indicative of the types contemplated through this joint program:

JOINT PROJECTS

Faculties and Students from SJBIT will participate in product development activities through projects identified by “ZeroZilla” or through joint collaboration “ZeroZilla” and “SJBIT”.

RESEARCH PARTICIPATION AND COLLABORATION

Visits of faculty, staff and students of “SJBIT”, to facilities of “ZeroZilla” for consultations, meetings, workshops, short courses, project works and research participation will be encouraged and facilitated. In addition, consultancy tenures for summer or sabbatical periods may be sponsored with appropriate for longer term collaboration.

STUDENT INTERNSHIPS AND EMPLOYMENT

Students will be encouraged & supported to take advantage of the opportunities that exist at “ZeroZilla” facilities to understand technology research, development, manufacturing and marketing. Participation in programs that allow students to gain valuable experience and training as interns will be encouraged. However “ZeroZilla” will have no obligation to hire the student interns from “SJBIT”. “ZeroZilla” will also provide mentoring to students chosen in concert with “SJBIT”. These students will be mentored by experienced engineers from “ZeroZilla”, who may also act as their project guides and advisors. “ZeroZilla” with its industrial expertise can design a finishing school concept to studying students at “SJBIT” on niche subjects, which can yield the job opportunities. The training cost can be finalized depends on mutual understanding time to time and depends on the courses. “ZeroZilla” is also can design Skill Development activities for final and pre-final year students on SOFT SKILLS, EMPLOYABILITY SKILLS, ENTREPRENEURSHIP DEVELOPMENT PROGRAM, TECHNICAL COURSES etc.,

COURSES, SEMINARS, FDP AND WORKSHOPS

“ZeroZilla” and “SJBIT” will each other inform, and make available, on an “as available” basis, slots to personnel in short courses, guest lectures, workshops and seminars conducted by then covering various areas of common interest. “SJBIT” may also develop programmes and conduct courses for “ZeroZilla”. “ZeroZilla” will also support “SJBIT”, in the development and coordination of conferences and workshops in areas of mutual need and concern.

INNOVATION LAB

“ZeroZilla” & “SJBIT” will jointly setup an Innovation Lab & shall operate it together for the period of this MoU. The college shall invest by providing a dedicated space. “ZeroZilla” shall invest by sponsoring hardware, tools, computers, components & software required to successfully operate the lab. Though Innovation Lab would be jointly operated, the primary operator is accepted as **ZeroZilla**.

As a center of innovation, the “SJBIT” will be unique in its accessibility. It will be open to all students of “SJBIT”. Every semester students will apply to become members & those selected will have access to this facility where they can co-work with staff of “ZeroZilla” in developing prototypes & other on-going development projects. The “SJBIT” would offer a multistage engagement model focused on foundational and experiential learning that enables students to explore Smart Systems, meet and engage with a growing community of developers from the industry who want to work with students along with experienced architects who ideate in human centric ways, prototype and build to test the practicality of their visions.

Along the way students are enabled to tap into the connections with various regional and national startup ecosystems, gaining access to expertise and guidance across a broad range of topics and industry areas including health and science, technology, cultural entrepreneurship, social impact, and consumer brands.

“SJBIT” will also have another unique feature where in the lab users will be enabled to borrow the hardware from the lab & carry them home to work on them as the students borrow books from the library, ensuring reduce time in traveling & allowing students to learn & work at their preferred timings.

IMPLEMENTATION AND MONITORING

For implementation and monitoring of the programme, “ZeroZilla” and SJBIT also agree that:

- a. The interaction between **ZeroZilla** and “SJBIT” will be implemented by creating a Coordination Cell both at **ZeroZilla** and “SJBIT”.
- b. Each such cell will be headed by an employee by the respective Head of Institution who shall be designated as Network Coordinator and whose main responsibility will be to execute and coordinate all activities envisaged under this MoU.

- c. **ZeroZilla** and “SJBIT” will constitute a Network Coordination Committee (NCC) for regular monitoring of the activities and achieving the set targets. The Committee will meet at least once in six months and review the progress.
- d. If the activities could result in the form of publication/patent then the Intellectual Property Rights (IPR) will be with both the parties with due percentage share agreed upon.
- e. Not with standing this MoU, **ZeroZilla** and “SJBIT” will sign separate agreement for specific projects.

NONDISCLOSURE OF CONFIDENTIAL INFORMATION

ZeroZilla and “SJBIT” also agree that they will abide by the nondisclosure of any confidential information exchanged during the Programme to any party not involved in the programme.

FINANCE

Regarding the financial arrangements during the implementation, **ZeroZilla** and “SJBIT” further agree to:

- Both the partners will utilize existing infrastructure for setup of innovation lab & industry academic interaction arrangement.
- All expenses in connection with implementation and monitoring activities mentioned in this MOU such as TA/DA, boarding/lodging and conveyance of members will be borne by the respective parties.

INDEMNITY

Both parties hereby indemnify and shall keep indemnified and protected the other party and their respective officers and employees from and against any claims or actions arising out of or in any way relating to the provision and implementation of the Programme as per this MoU.

DURATION

This MoU will be active for a period of three years from the date of this MoU. It will be extended for further period by mutual consent.

TERMINATION

Either party has the right to terminate this MoU by giving ninety days written notice to the other party.

JURISDICTION

- In the event of any dispute arising out of this MoU, the parties agree that the courts of Bangalore alone will have jurisdiction.
- The two parties of this MoU agree to act in good faith and in a spirit of mutual understanding and accommodation to facilitate the achievement of goals set under the Programme.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 22nd day of February 2021 at Bengaluru

BY AND BETWEEN

Department of Computer Science and Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adhichunchanagiri Muth, located at BGS Health and Education City, Dr.Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by **Dr. Ajay Prakash B V**, Associate Professor, Dept. of CSE and **Mrs. Shubha T V**, Assistant Professor, Dept. of CSE (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

GENESIS (GENPLUS TRAINING AND CONSULTING SERVICES PRIVATE LIMITED), a company incorporated under the laws of India, having its registered office at at no. 30/ 3, Gubbalala, Subramanyapura post ,80 feet road, Bangalore, Karnataka, India, 560061, www.genplusconsulting.com, represented by its CEO, **Mr. Theertharaj R** and Vice President-Business Development **Mr. Varun Gowda** (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2015 and engaged in the business of technology education and services for students in colleges and other educational institutions.

B. Department of Computer Science and Engineering, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to complement its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Computer Science.(department) discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them

with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology. (Specific area's undertaken by both the parties have to be disclosed (mention here)).

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of three (3) years with effect from 22nd February 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

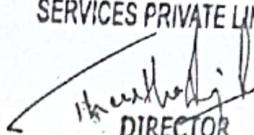

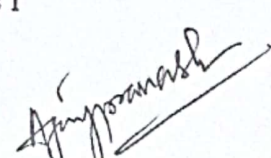

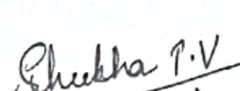

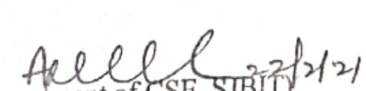

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

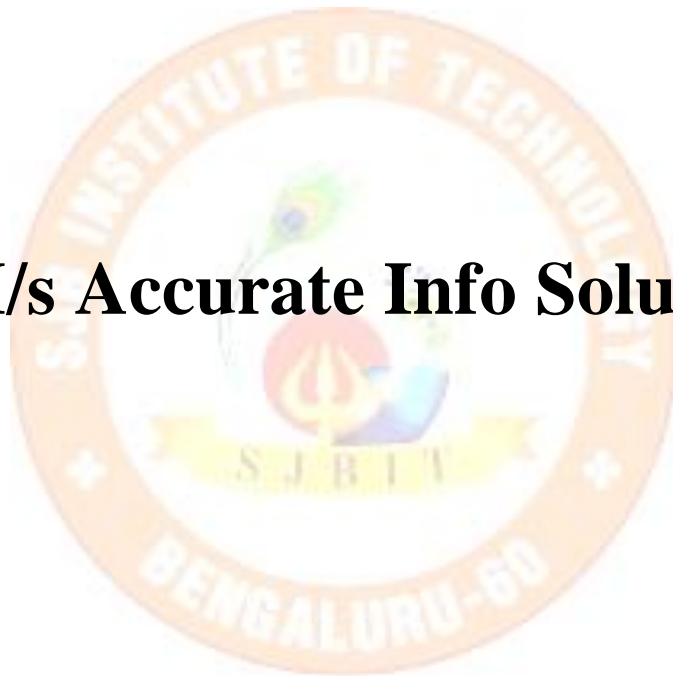

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHERE OF, the undersigned, being duly authorized there to, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

Prof, Dept of CSE, Mrs. Nirmala H Asst. Prof, Dept of CSE and Mrs Chandana C, Asst. Prof, Dept of CSE (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s ACCURATE INFO-SOLUTION, a company incorporated under the laws of India, having its registered office at #6, 1st main road, ITI Layout, Mallathalli, Nagarabhavi, Bangalore-560056, www.accurateinfosolutions.in, represented by its Proprietor, Ms. Roopa Mahadev(herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2019 and engaged in the business of *Academic Trainings, In-House Trainings, Corporate Trainings, One-to-One Trainings, Soft-Skills Trainings, Projects for Interns, Projects for BE & M.Tech, Career Guidance, Placement Assistance, Talent Acquisition, Resume writing, On-Job Support, Research & Development and Consultancy Services along with this we also train on Robotics and IOT.*

B. **Department of Computer Science and Engineering**, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Computer Science discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology. **(Specific area's undertaken by both the parties have to be disclosed (mention here)).**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2.DURATION AND TERMINATION

2.1 This MOU is for a period of 3 years with effect from .2nd Sept 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed

between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding (hereinafter called the 'MOU') is entered into on this the Saturday of April Two Thousand Twenty-Two (2022).

BETWEEN

SJB INSTITUTE OF TECHNOLOGY, No. 67, BGS Health & Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru - 560 060, Bengaluru, Karnataka 560060, the First Party represented herein by its Principal, **Dr. K. V. MahendraPrashanth** (hereinafter referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors - in-office, administrators and assigns).

AND

UNMARSHAL, Sanjay Nagar, Bengaluru, Karnataka-560094, Bengaluru, Karnataka, the Second Party, and represented herein by its Founder, CEO, **Mr. Manohar**, (hereinafter referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors - in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party')

WHEREAS:

A) First Party is a Higher Educational Institution named:

(i) SJB INSTITUTE OF TECHNOLOGY

- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interest;
- E) **UNMARSHAL**, the Second Party is developer of a decentralized network of block chain data indexers and transformed tools intended to power Defi applications on any chain.

The company's data can be accessed as APIs, push notifications, Web Sockets, analytics, and insights. Enabling clients with an index of new chains and protocols through automated processes on the cost-sharing model.

- F) **UNMARSHAL**, the Second Party is promoted by **Mr. Manohar, Founder, CEO**; Sanjay Nagar, Bengaluru, Karnataka-560094.
- G) **UNMARSHAL** is an organization that came up with a decentralized network of block chain data indexers and transforming tools to power DeFi applications on any chain.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE 1 CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

- 2.4 **Internships and Placement of Students:** Second Party will actively engage to help the delivery of the Internship and placement of students of the First Party into internships/jobs, as per AICTE internship Policy. The Second Party will also register itself on AICTE Internship Policy Portal for disseminating the Internship opportunities available with them.
- 2.5 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of – **Industrial Automation, Block chain Technology.**
- 2.6 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready. **First party should provide a slot to conduct skill development program at beginning of every semester on cutting edge technologies. After this SDP program, innovation lab will be taking care of product development on that technology.**
- 2.7 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.8 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting industrial exposure/ training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.9 **Innovation lab Establishment:** **After couple of skill development programs (Min 4),** Second party will extend its support for technical skill development of students through innovation lab establishment. Investment for Innovation lab initial setup will be done by second part whereas further investment for innovation lab will be generated through innovation lab registration process.
- 2.10 **E-Store:** Second part will establish e store for easy access for component and equipment to students for their innovation activates.
- 2.11 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein

CLAUSE 3 INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4 VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **UNMARSHAL**, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **UNMARSHAL**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

CLAUSE 5 RELATIONSHIP BETWEEN THE PARTIES

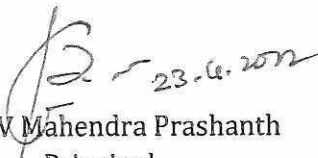

5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of **Bengaluru-Karnataka**.

Known for ability to work with diverse consulting groups, business partners, designers, product developers, project development on different domains and applications QA teams and clients.
- B. Department of Computer Science and Engineering**, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to complement its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Computer Science discipline.
- C. The Parties** are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

- 1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology. **Specific area's of web development, application development, IOT, AI/ML, and Robotics. placement training and Assistance , Embedded designs and development, IOT lab equipments, PCB Desgin and Developments., internship, innovation cell, Project work, R&D center and other related services in the concerned company.**
- 1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.
- 1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.
- 1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

- 2.1 This MOU is for a period of 1 year with effect from 3rd January 2022. It can be extended further by mutual consultation and agreement.
- 2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.
- 2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.
- 2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.
- 2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

- 3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.
- 3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

- 2.1 This MOU is for a period of 1 year with effect from 3rd January 2022. It can be extended further by mutual consultation and agreement.
- 2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.
- 2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.
- 2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.
- 2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

- 3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.
- 3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

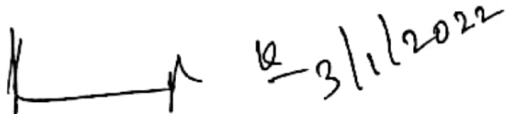

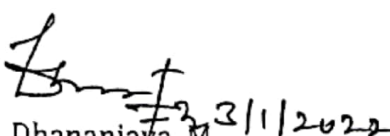

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

MEMORANDUM OF UNDERSTANDING (MOU)

This **MEMORANDUM OF UNDERSTANDING (MOU)** is entered into on the **18th March of 2022** by and between **ISKCON Seshadripuram** (here in after referred to as "ISKCON" located at Seshadripuram Bangalore, Karnataka and **SJB INSTITUTE OF TECHNOLOGY**, (here in after referred to as "SJBIT") located at Bangalore, Karnataka.

WHEREAS **ISKCON** and **SJBIT** wish to work together to provide Universal Human Values for student's skill development and encourage quality in learning so that the students which they serve may make the most meaningful contribution to society through the maximization of their individual personal potentials and achievements.

NOW THEREFORE THIS MEMORANDUM OF UNDERSTANDING WITNESSES AS FOLLOWS:

RESPONSIBILITIES

To achieve the objectives setout above the parties carryout the following activities and the collective responsibilities

1. ISKCON:

- i. Provides Universal Human Values for SJBIT students.
- ii. Mentoring students in SJBIT.
- iii. Assist with programs in several skill and capacity building areas benefiting SJBIT students.
- iv. Facilitate to conduct seminars, workshops, training programs, demonstrations etching the existing infrastructure. A nominal fee shall be collected from the first party for these activities.

2. SJBIT:

SJBIT shall create awareness amongst its students for promotion of the activity especially Universal Human Values training program.

TERMS OF MOU

This MOU shall be operational and valid from 18th March 2022 to 18th March 2023. After one year tenure with the SJBIT, we can extend the agreement for 3 (Three) years. Upon completion of the one year, the agreement can be renewed with mutual consent of both parties.

CERTIFICATION

Upon completion of the Universal Human Values, Ethical and Spiritual training, ISKCON will conduct assessment for students and staff. The students and staff qualifying the assessment shall be certified with completion certificate.

RELATIONSHIP

This MOU relates solely to the intention of the parties, wherein SJBIT and ISKCON and shall not extend to any other activity or create a partnership between the Parties here to and under any law of any country. The parties agree that it is not their intention to share any loss or profit between them in the irrespective fields, except to the extent especially provided here in.

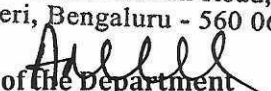

COSTS

1. ISKCON and SJBIT agree that all costs associated with specific training initiatives will be the subject matter of separate contracts.
2. Cost to all Training activity to be borne by per student basis through SJBIT.

CONFIDENTIAL AND PROPRIETARY INFORMATION

1. "Confidential Information" shall mean all information, including the course material and other information if any so given to **SJBIT**, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by ISKCON and disclosed by ISKCON to **SJBIT** or its faculty which is related to ISKCON information such as course material, training data, guidance notes, procedures, methodology, etc.
2. **SJBIT** shall hold in trust and confidence for ISKCON all confidential information provided by ISKCON and **SJBIT** shall not disclose to any person or use such information for any purpose other than defined in this MOU. **SJBIT** shall not make any copies of the confidential information other than are required for the work involved and with prior and mutual consent from ISKCON and shall return/destroy all such information at the termination of the contract. By disclosing this information to **SJBIT**, ISKCON does not grant any expressed, implied or other license or right to **SJBIT** to propagate the information. ISKCON hereby grants to SJBIT an academic, non-exclusive, non-transferable right solely for the purpose of providing Universal Human Values training to the SJBIT students.
3. **SJBIT** shall not disclose ISKCON confidential information and Brand name without first obtaining written consent from ISKCON.
4. **SJBIT** shall disclose ISKCON confidential information only to **SJBIT** employees having a legitimate reason to know the same and shall inform each employee receiving the confidential information of the confidential nature of the same and **SJBIT** obligations here under.
5. **SJBIT** shall secure documents, items of work in progress and work products that embody confidential information in locked files or are as providing restricted access to prevent its unauthorized disclosure. **SJBIT** shall maintain adequate procedures to prevent loss of any confidential information or confidential documents provided to it by ISKCON. In the event of any loss, **SJBIT** shall notify ISKCON immediately.

This **MEMORANDUM OF UNDERSTANDING (MOU)** is entered into on the 18th March of 2022 by and between **ISKCON Seshadripuram** (here in after referred to as "ISKCON" located at Seshadripuram Bangalore, Karnataka and **SJB INSTITUTE OF TECHNOLOGY**, (here in after referred to as "SJBIT") located at Bangalore, Karnataka.

WHEREAS **ISKCON** and **SJBIT** wish to work together to provide Universal Human Values for student's skill development and encourage quality in learning so that the students which they serve may make the most meaningful contribution to society through the maximization of their individual personal potentials and achievements.

NOW THEREFORE THIS MEMORANDUM OF UNDERSTANDING WITNESSES AS FOLLOWS:

RESPONSIBILITIES

To achieve the objectives setout above the parties carryout the following activities and the collective responsibilities

1. ISKCON:

- i. Provides Universal Human Values for SJBIT students.
- ii. Mentoring students in SJBIT.
- iii. Assist with programs in several skill and capacity building areas

benefiting SJBIT students.

- iv. Facilitate to conduct seminars, workshops, training programs, demonstrations etching the existing infrastructure. A nominal fee shall be collected from the first party for these activities.

2. SJBIT:

SJBIT shall create awareness amongst its students for promotion of the activity especially Universal Human Values training program.

TERMS OF MOU

This MOU shall be operational and valid from 18th March 2022 to 18th March 2023. After one year tenure with the SJBIT, we can extend the agreement for 3 (Three) years. Upon completion of the one year, the agreement can be renewed with mutual consent of both parties.

CERTIFICATION

Upon completion of the Universal Human Values, Ethical and Spiritual training, ISKCON will conduct assessment for students and staff. The students and staff qualifying the assessment shall be certified with completion certificate.

RELATIONSHIP

This MOU relates solely to the intention of the parties, wherein SJBIT and ISKCON and shall not extend to any other activity or create a partnership between the Parties here to and under any law of any country. The parties agree that it is not their intention to share any loss or profit between them in the irrespective fields, except to the extent especially provided here in.

COSTS

1. ISKCON and SJBIT agree that all costs associated with specific training

initiatives will be the subject matter of separate contracts.

2. Cost to all Training activity to be borne by per student basis through SJBIT.

CONFIDENTIAL AND PROPRIETARY INFORMATION

1. "Confidential Information" shall mean all information, including the course material and other information if any so given to **SJBIT**, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by ISKCON and disclosed by ISKCON to **SJBIT** or its faculty which is related to ISKCON information such as course material, training data, guidance notes, procedures, methodology, etc.

2. **SJBIT** shall hold in trust and confidence for ISKCON all confidential information provided by ISKCON and **SJBIT** shall not disclose to any person or use such information for any purpose other than defined in this MOU. **SJBIT** shall not make any copies of the confidential information other than are required for the work involved and with prior and mutual consent from ISKCON and shall return/destroy all such information at the termination of the contract. By disclosing this information to **SJBIT**, ISKCON does not grant any expressed, implied or other license or right to **SJBIT** to propagate the information. ISKCON hereby grants to SJBIT an academic, non-exclusive, non-transferable right solely for the purpose of providing Universal Human Values training to the SJBIT students.

3. **SJBIT** shall not disclose ISKCON confidential information and Brand name without first obtaining written consent from ISKCON.

4. **SJBIT** shall disclose ISKCON confidential information only to **SJBIT** employees having a legitimate reason to know the same and shall inform each employee receiving the confidential information of the confidential nature of the same and **SJBIT** obligations here under.

5. **SJB**IT shall secure documents, items of work in progress and work products that embody confidential information in locked files or are as providing restricted access to prevent its unauthorized disclosure. **SJB**IT shall maintain adequate procedures to prevent loss of any confidential information or confidential documents provided to it by **ISKCON**. In the event of any loss, **SJB**IT shall notify **ISKCON** immediately.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is made on this 01th day of the Month August in the year 2017 between **INFORMATION SCIENCE DEPARTMENT, SJBIT**, one of the premier educational institutions of Bangalore, established in 1998 having its office at BGS health City, Uttaralli Main road, Bangalore – 560 103, INDIA (hereinafter referred to as **INFORMATION SCIENCE DEPARTMENT, SJBIT**), on the one part

AND

ETHNOTECH ACADEMIC SOLUTIONS, an academy involved in promoting development of specialized technical skills and certification programs through training programs, having its registered office at #3y, 6th Main Road, 7th Block, 4th Phase, banashankari 3rd stage, Bangalore – 560 085, India

This MoU is made for imparting Training Courses offered by **ETHNOTECH** to the candidates of **INFORMATION SCIENCE DEPARTMENT, SJBIT**.

In this connection, the following points are agreed upon :

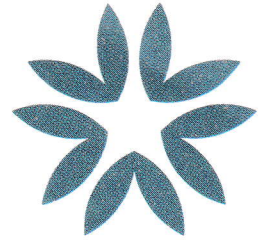

1. Objective

The overall objective of **ETHNOTECH** is to provide skill development, advanced technology hands-on training to enhance employment opportunities. To achieve this objective, **INFORMATION SCIENCE DEPARTMENT, SJBIT** will mobilize the students in order to make them industry ready.

2. Recitals

- a. **ETHNOTECH** is an organization providing technical skill training and consultancy services in advanced technology areas to students, jobseekers and industry personnel.
- b. **SJBIT** is an academic institution affiliated to VTU that offers Engineering degree Programs.

ETHNOTECH ACADEMIC SOLUTIONS

- c. The purpose of this agreement is with reference to defining the areas of cooperation, benefiting both the INFORMATION SCIENCE DEPARTMENT, SJBIT and ETHNOTECH ACADEMIC SOLUTIONS.

This agreement witnesses as follows:

Areas of cooperation

3. Scope of Agreement :

ETHNOTECH :

ETHNOTECH to liaison with INFORMATION SCIENCE DEPARTMENT, SJBIT for providing advanced technical skill training to the students.

ETHNOTECH will provide training on the specified Courses to different category of students referred by INFORMATION SCIENCE DEPARTMENT, SJBIT.

ETHNOTECH will utilize its subject experts, latest software and training kits / equipment for conducting training.

ETHNOTECH will provide training at Customer's premises subject to availability of acceptable infrastructure at par with ETHNOTECH.

3. INFORMATION SCIENCE DEPARTMENT, SJBIT :

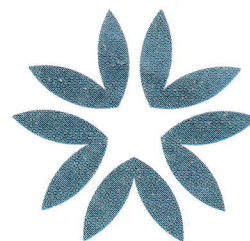

To promote courses run by ETHNOTECH, INFORMATION SCIENCE DEPARTMENT, SJBIT will mobilize students from its institutions.

Subject to mutual convenience, INFORMATION SCIENCE DEPARTMENT, SJBIT will utilize the services of the faculty of ETHNOTECH to render specialized domain intervention and conduct technical sessions in order to promote the ETHNOTECH activities and motivate the students.

4. Training Support & Methodology

- The training shall be conducted at INFORMATION SCIENCE DEPARTMENT, SJBIT premises.
- ETHNOTECH shall provide all support needed for imparting the necessary training to the students mobilized by INFORMATION SCIENCE DEPARTMENT, SJBIT.
- Each Training program of specified duration will be carried out on mutually agreed terms.

ETHNOTECH ACADEMIC SOLUTIONS

- ETHNOTECH will issue the Certificates to the students from CISCO as per CISCO norms. (Explained in Annexure-1)

5. General Agreements

- Both the parties agree that no action / failure on either part, to act relating to the above proposal, will give rise to / serve as the basis for any claim, obligation or liability on either side.
- Both the parties can issue press release, make public announcement, or other such disclosure related to this Agreement without the other party's prior consent as long as it does not affect the aim, objective, ethical values and reputation of the respective organizations.
- This Agreement may be amended with the prior written consent of both the parties.

5. Course Deliverables:

The list of courses offered, eligibility criteria and fee structure is appended at Annexure – I.

ETHNOTECH will follow its standard methodologies related to conduct, student attendance, globally accepted quality norms, student feedback, internal assessments, examination, evaluation and certification, smooth & effective delivery of course content and competence building of the trainee student.

The training will take place at INFORMATION SCIENCE DEPARTMENT, SJBIT. The minimum & maximum student batch size for commencing a batch will be decided on mutually agreed numbers and it is as per the available seating capacity at INFORMATION SCIENCE DEPARTMENT, SJBIT.

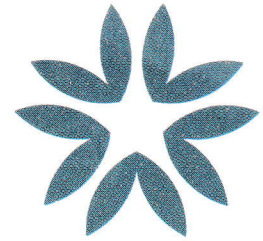

The listed courses can vary from time to time and courses shall be added / deleted based on mutual convenience, in discussion by both the parties.

The technical support in terms of presentations shall be provided by ETHNOTECH.

6. Validity:

The MOU is valid for the academic year 2017-18 and 2018-19.

ETHNOTECH ACADEMIC SOLUTIONS

Note :

The duration of training course per day is flexible to suit the requirements of the students. This will be in mutual consultation between ETHNOTECH - Bengaluru and INFORMATION SCIENCE DEPARTMENT, SJBIT.

6. Notices :

All notices, requests and other communications under this agreement or in connection herewith, shall be given to the respective parties as follows:

Memorandum of Understanding

This Memorandum of Understanding (herein after referred to as MoU) is entered into and executed this on 12/Jan/2017 by and between "Cluster Info Solutions Pvt Ltd" having its Registered and Corporate Office at #737, Dr. Rajkumar Rd, 6th Block, Rajaji Nagar, Bengaluru, Karnataka 560010.

And

SJBITHaving its registered Campus at No.67, BGS Health & Education City, Uttarahalli Main Road, Kengeri, Bengaluru, Karnataka 560060 for promoting the industry academic interaction activities and to help achieve academic excellence of "Training & Placement Program".

PREFACE

"Cluster" has been in interaction with the SJBITH. This Memorandum of Understanding is proposed in order to promote students to make into industry perspective in terms of innovation capabilities with the latest technologies related to FRONTEND, BACKEND AND ADVANCED TECHNOLOGIES.

Cluster Info Solutions Pvt. Ltd.

3417/13, "Hosabelaku" 30ft Service Road, RPC Layout Bus Stand, Vijayanagar, Bangalore - 560 040
Tel : 91-80-23141964, www.clusterindia.com

OBJECTIVES

The major objectives for which the parties associate with each other are:

1. To setup & operate an Innovation Lab in Smart System (Center of Innovation & Excellence) in College Campus.
2. To effectively share the facilities and expertise for improving the capabilities for advanced education and research.
3. Increase the relevance of the academic research and consultancy in their search and product development initiatives at “Cluster”.
4. Collaborate to share and exchange information between both parties for mutual benefit and knowledge enhancement.
5. To enable the use of laboratories, resources and test facilities at “SJBIT” on a preferential basis by “Cluster” and vice versa.
6. To provide opportunity for students from Undergraduate, Post Graduate, and Research Scholars of Department of Computer Science and Engineering , SJBIT to undertake industrial training and projects in “Cluster” for mutual benefit.
7. To encourage the training of employee of “Cluster” in Continuing Education activities, Skill development activities and subjects upgradation workshops using the facilities of “SJBIT”
8. To provide experts from “Cluster” for academic and training programmers of “SJBIT”.
9. To provide advice in formulating curriculum and syllabus of courses of “SJBIT” in UG/PG/SHORT TERM COURSES by the experts from “Cluster”.
10. To conduct Faculty development programs as industrial training or Industry Institution interaction.
11. Preferred vendor for lab setup, supply of products & resources and special project proposal for research & development to financing / sponsoring institutions / govt funding agencies.
12. To conduct joint/collaborative research and consultancy.
13. To develop products and market the services with the technical expertise, faculties and students.
14. To conduct state/national/international level design & development & contest in association with leading organizations.
15. To offer internship/placements services to students.

THE PROGRAMME

This MoU is to formalize joint activities that will help "SJBIT" to enhance its research and educational capabilities, and from "Cluster" in achieving its business objectives. The following activities are indicative of the types contemplated through this joint program:

JOINT PROJECTS

Faculties and Students from SJBIT will participate in the product development activities through projects identified by "Cluster" or through joint collaboration "Cluster" and "SJBIT".

RESEARCH PARTICIPATION AND COLLABORATION

Visits of faculty, staff and students of "SJBIT", to facilities of "Cluster" for consultations, meetings, workshops, short courses, project works and research participations will be encouraged and facilitated. In addition, consultancy tenures for summer or sabbatical periods may be sponsored with appropriate for longer term collaboration.

STUDENT INTERNSHIPS AND EMPLOYMENT

Students will be encouraged & supported to take advantage of the opportunities that exist at "Cluster" facilities to understand technology research, development, manufacturing and marketing. Participation in programs that allow students to gain valuable experience and training as interns will be encouraged. However "Cluster" have no obligation to hire the student interns from "SJBIT". "Cluster" will also provide mentoring to students chosen in concert with "SJBIT". These students will be mentored by experienced engineers from "Cluster", who may also act as their project guides and advisors. "Cluster" with its industrial expertise can design a finishing school concept to studying students at "SJBIT" on niche subjects, which can yield the job opportunities. The training cost can be finalized depends on mutual understanding time to time and depends on the courses. "Cluster" also can design Skill Development activities for final and pre-final year students on SOFT SKILLS, EMPLOYABILITY SKILLS, ENTERPRENURSHIP DEVELOPMENT PROGRAM, TECHNICAL COURSES etc.,

COURSES, SEMINARS, FDP AND WORKSHOPS

"Cluster" and "SJBIT" will each other inform, and make available, on an "as available" basis, slots to personnel in short courses, guest lecturers, workshops and seminars conducted by then covering various areas of common interest. "SJBIT" may also develop programmers and conduct courses for "Cluster". "Cluster" will also support "SJBIT" in the development and coordination of conferences and workshops in areas of mutual need and concern.

INNOVATION LAB

"Cluster" & "SJBIT" will jointly setup an Innovation Lab and shall operate together for the period of this MoU. The college shall invest by providing a dedicated space. "Cluster" shall invest by sponsoring hardware, tools, computers, components & software required to successfully operate the lab. Though Innovation Lab would be jointly operated, the primary operator is accepted as Cluster. As center of innovation, the "SJBIT" will be unique in its accessibility. It will be open to all students of "SJBIT". Every semester students will apply to become members & those selected will have access to this facility where they can co-work with staff of "Cluster" in developing prototypes and other on on-going development projects.

The "SJBIT" would offer a multistage engagement model focused on foundational and experiential learning that enables students to explore Smart Systems, meet and engage with a growing community of developers from the industry who want work with students along with experienced architects who ideate in human centric ways, prototype, and build to test the practicality of their visions.

Along the way students are enable to tap into the connections with various regional and national startup ecosystems, gaining access to expertise and guidance across the a broad range of topics and industry areas including health and science, technology, cultural entrepreneurship, social impact, and consumer brands.

"SJBIT" will also have another unique feature where in the lab users will be enable to borrow the hardware from the lab and carry them home to work on them as the students borrow the books from the library, ensuring reduce time in travelling and allowing students to learn and work at their preferred timings.

IMPLEMENTATION AND MONITORING

For the implementation and monitoring of the programme, "Cluster" and "SJBIT" also agree that:

- a. The interaction between Cluster and "SJBIT" will be implemented by creating a Coordination Cell both at Cluster and "SJBIT".
- b. Each such cell will be headed by an employee by the respective Head of Institution who shall be designate as Network Coordinator and whose main responsibility will be to execute and coordinate all activities envisaged under this MoU.
- c. Cluster and "SJBIT" will constitute a Network Coordination Committee (NCC) for regular monitoring of the activities and achieving the sets targets. The Committee will meet at least once in six months and review the progress.
- d. If the activities could result in the form of publication/patent then the Intellectual Property Rights (IPR) will be with both the parties with due percentage share agreed upon.
- e. Not with standing this MoU, Cluster and "SJBIT" will sign separate agreement for specific projects.

NONDISCLOSURE OF CONFIDENTIAL INFORMATION

Cluster and "SJBIT" also agree that they will abide by the nondisclosure of any confidential information exchanged during the Programme to any party not involved in the programme

FINANCE

Regarding the financial arrangements during the implementation, Cluster and "SJBIT" further agree to:

- Both the partners will utilize existing infrastructure for setup of innovation lab & industry academic interaction arrangement.
- All expenses in connection with implementation and monitoring activities mentioned in this MoU such as TA/DA, boarding/lodging and conveyance of members will be borne by the respective parties.

INDEMNITY

Both parties hereby indemnify and shall keep indemnified and protected the other party and their respective officers and employees from and against any claims or actions arising out of or in any way relating to provision and implementation of the Programme as per this MoU.

DURATION

This MoU will be active for a period of three years from the date of this MoU. It will be extended for the further period by mutual consent .

TERMINATION

Either party has the right to terminate this MoU by giving ninety days written notice to the other party.

JURISDICTION

- In the event of any dispute arising out of this MoU, the parties agree that the courts of Bangalore alone will have jurisdiction
- The two parties this MoU agree to act in good faith and in a spirit of mutual understanding and accommodation to facilitate the achievement of goals set under the Programme.

3. Roles and responsibilities

The activities defined above require co-operation between SJBIT and VJT as described herein:

Activity 1.1:

VJT responsibility:

- a. Define training schedule.
- b. Prepare training material.
- c. Designation of training personnel.

SJBIT responsibility:

- a. Provide faculty names.
- b. Arrange logistics for conducting the training at SJBIT campus.

Activity 1.2:

VJT responsibility:

- a. Provide list of topics and relevant literature.
- b. Critical review of the curriculum and course content.

SJBIT responsibility:

The topics and prepare class material.

Activity 1.3:

VJT responsibility:

- a. Provide a lab design including test equipment.
- b. Provide requisite equipment list.
- c. Oversee lab setup.

VJT Private Limited

SJBIT responsibility:

- a. Provide lab space and facilities.
- b. Procure lab infrastructure including third party equipment.

Activity 1.4:

VJT responsibility:

- a. Visit campus at appropriate times to select students for major/minor projects.
- b. Provide them projects and mentors at VJT facilities.

SJBIT responsibility:

- a. Intimate VJT on schedules for projects.
- b. Facilitate test/interview of students.

Activity 1.5:

VJT responsibility:

- a. Visit SJBIT campus for recruitment.

SJBIT responsibility:

- a. Intimate VJT on schedules for placement.
- b. Provide preferential slot for VJT for on-campus recruitment.

Activity 1.6:

VJT responsibility:

- a. Provide details about thrust area projects.
- b. Advice on the implementation details.

VJT Private Limited

SJBIT responsibility:

- a. Identify facilities to be connected along with service to be provided through the thrust area.
- b. Identify provider of the facilities.
- c. Carry out implementation phase with help from various service providers and constant advice from VJT.

4. Confidentiality

4.1. Confidential information:

As used in this MOU, the term "Confidential information" means any and all Confidential or proprietary information emanating from a party's business, in any form, including but not limited to information relating to the disclosing party's past, present or future research development or business activities, products, computer programmers, services, trade secrets, marketing strategies and plans, documentation, financial information, customers and supplier details, pricing and other materials. Confidential information may also include oral information disclosed by one party to the other pursuant to this MOU, provided that such information is designated as confidential at the time of disclosure and is reduced to writing by the disclosing party within a reasonable time (not to exceed thirty (30) days) after its first oral disclosure, and such writing is marked in a manner to indicate its confidential nature and delivered to the receiving party.

4.2. Treatment of confidential information:

Each party will treat as confidential, all "Confidential information" of the other party and shall not disclose such confidential information to any third party without prior written consent of the other party except as may be necessary for the purposes of the MOU. Without limiting the foregoing, each of the parties will use at least some degree of care with respect to the confidential information that such party uses to prevent the disclosure of its own confidential information of like importance. Each party will promptly notify the other party of any actual or suspected misuse or unauthorized disclosure of the other party's confidential information.

VJT Private Limited

4.3. Exceptions:

Notwithstanding the above, neither party will have liability to the other with regard to any confidential information of the other with the receiving party can demonstrate:

- a) Was in the public domain at the time it was disclosed or has become in the public domain through no fault of the receiving party;
- b) Was known to the receiving party through no breach of any other Confidentiality MOU at the time of disclosure, as evidenced by the receiving party's files in existence at the time of disclosure;
- c) Was independently developed by the receiving party as evidenced by the receiving party's files in existence at the time of disclosure;
- d) Is disclosed by the disclosing party to a third party Confidentiality obligations similar to those contained in this MOU; or
- e) Is disclosed pursuant to the order or requirement of a court, administrative agency, or other governmental body, provided, however, that the receiving party will provide prompt notice thereof to the disclosing party prior to any disclosure to enable the disclosing party to seek a protective order or otherwise prevent or restrict such disclosure.

4.4. Confidentiality of MOU. Each party agrees that the specification terms and conditions of this MOU will be treated as Confidential information and that no disclosure thereof will be made in any form without the prior written consent of the other party, except (1) as required by applicable disclosure laws; (2) to accountants, banks, financing sources, lawyers and related parties subject to a duty not to disclose to others; (3) in connection with the enforcement of this MOU.

VJT Private Limited

5. Ownership

Except as provided herein, this MOU will not be construed to grant any license under any trade secret, patent, patent application, industrial design, trademark, copyright, mask work, Confidential process, formula, plan, computer program, data or other valuable Confidential information or know-how to either party. Each party will own and retain all of its right, title, and interest in and relating to its intellectual property rights in its products and services and Confidential information, both currently used and that which may be developed and used in the future.

6. Term and Termination

6.1. Term. The term of this MOU will be of one year from the Effective Date, provide that the MOU shall automatically terminate in the event of any of the following events occurring:-

- i. Execution of the Definitive Agreement between parties;
- ii. Mutual agreement by the parties to terminate this MOU;

6.2. Termination for cause. Either party may terminate this MOU following thirty (30) days written notice to the other of a material breach of this MOU if such breach is not cured within such period. The parties acknowledge that each has an independent reputation with its respective clients which they may elect to protect irrespective of any breach by the other. Each party agrees to provide the other with any and all data, assistance and information reasonably required to cure such breach.

6.3. Consequences of termination. In the event of termination or expiration of this MOU, each party will immediately (1) make any outstanding payments to the other; and (2) return any products software or hardware, if any, marketing materials, and Confidential information provided by the other party.

Viswa Jothi Technologies Private Limited

64, 2nd Floor, Near Anjaneya Temple, Arvind Nagar, Oil Mill Road, Bangalore - 560 084, Ph 080 - 4206 3276
www.vjt.ind.in

6.4. Survival. In the event of termination or expiration of this MOU, then of this MOU that are intended by their nature to survive such termination shall survive, including but not surviving sections-5, 6.4, 6.5 and 8.

6.5. Termination Remedies Not Exclusive. The termination rights and obligations set forth above in this section are not exclusive, but are in addition to the rights and remedies available to the parties, in law or in equity, for breach of

7. Force majeure

In the event that either party is unable to perform any of its obligation under this MOU as a result of natural disasters, strikes, lock outs, regulations of government bodies, or any other delay or failure which arises from causes beyond the reasonable control (hereafter referred to as a "force majeure Event"), the party whose performance has been so affected shall not be liable for such nonperformance and shall promptly give notice to other party and shall do everything reasonably possible to resume performance. Upon receipt of such notice, this MOU shall be immediately suspended. If the period of nonperformance exceeds fifteen (15) days from the date of notice of the force majeure Event, the party whose ability to perform has not been so affected may, by giving written notice, terminate this MOU.

8. General provisions:

8.1. Governing law: This MOU will be governed by, and interpreted under the laws of India and jurisdiction limited to courts at Bengaluru, India.

8.2. Dispute resolutions: should any dispute arise between the parties, the parties will attempt to resolve the dispute in good faith by senior management negotiations. If such negotiations do not result in a resolution of the dispute, the parties shall refer such dispute to arbitration. The arbitration shall be conducted in accordance with the Indian Arbitration and Conciliation Act, 1996. Each party shall appoint one arbitrator. The Arbitrators shall thereupon appoint a third arbitrator. The arbitration shall be conducted in English and the venue of arbitration shall be at Bengaluru.

VJT Private Limited

The decision of the arbitrator shall be final and binding upon the parties, provided that each party shall at all times be entitled to obtain equitable injunctive or similar relief from any court having jurisdiction in order to protect itself from any irreparable harm or losses, including but not limited to losses arising from breaches of intellectual property rights and confidentially.

8.3. Compliance with laws: each party will comply with all applicable laws, rules and regulations in its performance of this MOU

8.4. Assignment: This MOU will bind and inure to the benefit of the successors and permitted assigns of the parties, but neither party will have the right to assign or otherwise transfer its rights or obligations under this MOU without receiving the express prior written consent of the other party, such content not be unreasonably withheld.

8.5. Modification and waiver: modification to this MOU, nor any waiver of any rights, will be effective unless agreed to in writing by the party to be charged the waiver of any breach or default will not constitute a waiver of any other right hereunder or any subsequent breach or default.

8.6. Notices: All notices, consents and other communications hereunder to be given in writing as expressly provided herein, will be transmitted to the addresses as either party may substitute by written notice to other in such manner. Any such notice will be deemed served when delivered.

8.7. Severability: If any provision of this MOU is determined to be invalid or unenforceable it will be deemed to be modified to the minimum extent necessary to be valid and enforceable. If it cannot be so modified It will be deleted and the deletion will not affect the validity or enforceability of any other provision.

8.8. Relationship of parties. The parties are independent contracts under no circumstances will be employees of the other party this MOU does not grant authority to either party to act for the other in an agency or other capacity and the behalf of the other party.

Project Assistance for UG & PG, and Assistance for Faculty Development Programme.(profile in brief).

B. Department of Information Science and Engineering is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Information Science discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

- Provide the internship to students during their course at college.
- Provide the Projects Support to the students and Placement assistance to the student.
- Educate the students about the latest tools and techniques at an affordable fee so that they are industry ready at the end of their course.
- Provide the workshops to students during their course at college.
- Provide the resource person assistance for Faculty Development Programme (FDP) and workshops for Non -Teaching staff.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2.DURATION AND TERMINATION

2.1 This MOU is for a period of 3 years with effect from 23/02/2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

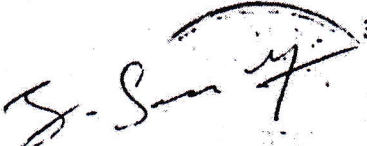

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

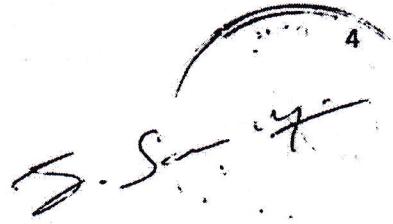

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

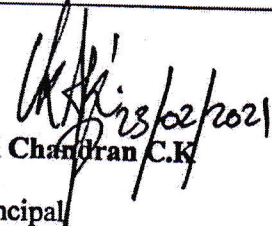

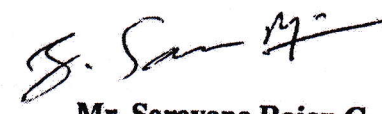

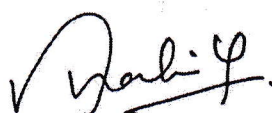

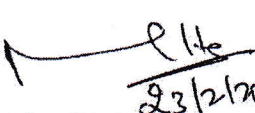

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed

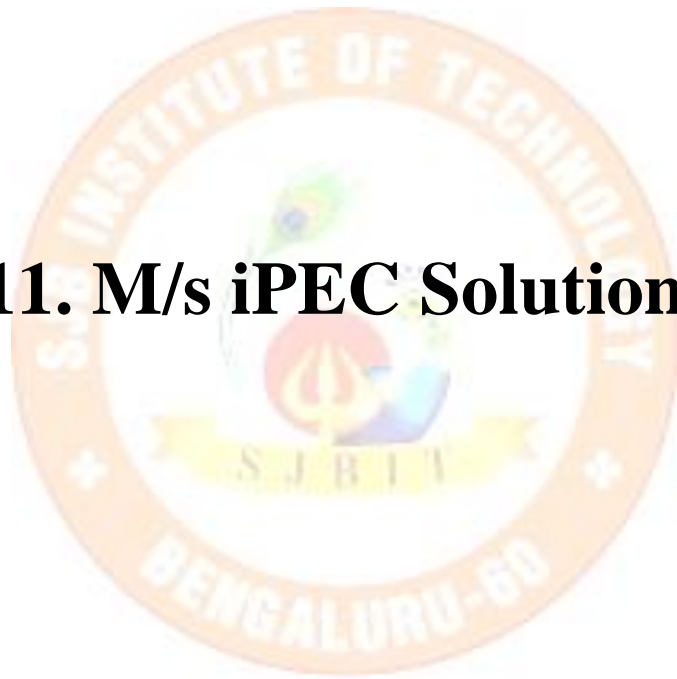

between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

WHEREAS

A. The Company established in the year 2016 and engaged in the business of Technology, It is an Technological firm based in Bengaluru, India. Our company is into development of software applications and offers technical solution.

B. **Department of Information Science Engineering**, is established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the **Information Science Engineering** discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology. **The Collaborative task includes Placement for Students.**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Not with standing anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of **Three** years with effect from **17th December, 2021**. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

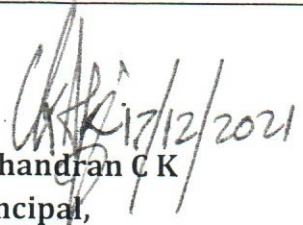

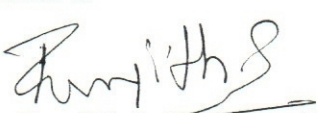

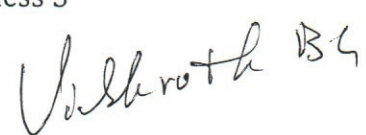

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

Purpose

SJBIT an Institution for Higher Learning & Research & **KNOWX INNOVATIONS PVT LTD** an Embedded & Telecom company with educational products & services, with one of its key focus into Research and Development in the field of Embedded Systems & Telecom share commitment to the provision of High Quality Research and Extension. Both recognize the value of the National dimension of the activities and the mutual development of Research, Teaching, Curriculum development; Extension and Quality Assurance activities.

Our two Organizations agree to commit the necessary and possible resources to explore opportunities for

- Exchange of staff and students
- Joint Research and Development and product development.
- Joint Research / Extension Publications
- Jointly organizing Workshops / Seminar / Conferences and participation of scientists through Institutional Alliance Programs.
- SJBIT wants to collaborate with KNOWX Innovations Private Ltd., on specific areas such as
 - Technology Transfer issues
 - Collaborations in the sharing of academic data; scientific information; intellectual property, articles and publications.
 - Embedded System / VLSI / Digital Signal Processing/IOT R&D and product development.
 - Curriculum & Content development for Learning & Training
 - Any other mutually agreed areas – like sharing of Technical Know How; Corporate Alliance Program, building a quality talent pool, thereby bridging the gap between the Industry and academy.

A nodal scientist / officer will be nominated from both sides and he / she will be responsible to lead these developments and maintain appropriate communication through visits and regular contacts by e-mail.

Background

Knowx Innovations Pvt Ltd., was established in the year 2005 by a group of tech savvy professionals with a multifaceted hardware and software background focuses on engineering services and IT staffing solutions. **Having its office in #56 II flr, 17th cross, 8th main MC layout, Vijayanagar Bangalore-560040.**

KNOWX has in depth expertise in developing embedded and real time software for various domains, including Multimedia, Automotive, Networking, Telecom, aerospace and defence, cloud, Wireless, IOT(Internet of things),Bigdata, I and education. We specialize in Systems Design, Custom Software Development, Firmware, Data Mining, Data Analytics, and Driver Development. KNOWX has executed projects using most of the popular Embedded System chips and Operating Systems. Our strength in Embedded Systems Software and Hardware Design and Development makes us one stop partner for product development and R&D and capable of handling the entire development cycle from concept to final product realization.

Research & Industry Incubation Centre – SJBIT has been in education 20 years, offering all major professional courses through its colleges at a sprawling campus in Bangalore. The SJBIT run with state-of-the-art infrastructure and provides an excellent academic atmosphere and encouragement to performing faculty and staff under an enlightened and dynamic management. Industry Incubation Center at SJBIT was established to promote research in a multidisciplinary model to achieve excellence in frontier areas. SJBIT is willing to collaborate and Incubate Knowx Innovations Pvt Ltd in order to engage the students and faculty in research and development activities.

It is agreed as follows:

1. Both the parties, whilst recognizing the integrity and policies of each other, agree to work together in a spirit of partnership towards achieving the following objectives:

Objective of Knowx Innovations Pvt Ltd

- Creation of technology based new enterprises,
- Creating value added jobs & services,
- Facilitating transfer of technology,
- Fostering the entrepreneurial spirit,
- Research & Development of New Projects/products,
- Speedy commercialisation of R&D output/product,
- Specialised services to existing SMEs.

Objective of SJBIT Bangalore

- Opportunities for Industrial R&D
 - Exchange of Knowledge and Expertise in University Community
 - Source of R&D Funding
 - Consultancy Opportunities for Staff
 - Technology Transfer thru' Secondment/Internship for students.
 - Entrepreneurial Opportunities.
 - Curriculum Development
 - Adjunct Staff from Industry
2. **Intern Network.** SJBIT to provide a talented, affordable work pool as interns for special projects on an ad hoc or ongoing basis, on areas of particular use, but are not limited to, graduate level technology. --- should identify internship directors and establish a process that provides Knowx Innovations Pvt Ltd with the means to identify, screen, and recruit interns.

3. **Non-Disclosure Agreement by Interns:** Interns have to sign a Non - disclosure agreement with Knowx Innovations Pvt Ltd, Agreement contents will be shared along with this MOU as Annexure.
4. **IP Rights:** Projects/Products developed & conceived during incubation at SJBIT will be Joint property of Knowx Innovations Pvt Ltd and SJBIT and will be patented if required.
5. **Commercials:** Depending on the projects (internally funded or supported by outside organisation), both the parties will sit together to work out the investment option or sharing the revenue generated during the period of association.
6. **Additional Facility Requirement**
Infrastructure for high-speed data communication is an important feature in technology incubator facilities. Other desirable features include:
 - Minmum of 1200 SFT of office space.
 - Access to conference/training rooms for
 - Internal LAN/WAN cabling
 - 6 day a week, 12 hour a day access
 - Facility Security (card key entry, lockable offices, lockable storage areas)
 - Parking
 - After hours guest access mechanism
7. **Disputes:** If any dispute or difference cannot be resolved between the Parties by active, open and good faith discussion, the Parties will enter into mediation. However, this Memorandum of Understanding (MoU) may be terminated immediately by either party should this Memorandum be seriously breached by giving at least 3 months notice.
8. **Review:** The Parties will meet to review the operation of this MoU six months after signing, and at least annually after that.
9. **Amendment:** This MoU may be amended at any time by agreement in writing (including email) between the Parties.
10. **Collaboration with other MSME's:** Knowx innovations partnered with multiple MSME's for developing the projects/products based on their domain expertise, which in turn they agreed to extend their support in fulfilling institution's objective. Knowx will be a lead organization where it will coordinate the activities pertaining to design, innovation, product manufacturing with these companies. Initially, we have collaborated with the following companies.
 1. Chip Integration technologies ltd.
 2. Embed Innovations
 3. SPARR electronics Ltd
 4. Alfa LABTECH
 5. Securetech
 6. V3 Innovations P Ltd.

11. Knowx Innovations have obtained the authorization letters from the above companies for coordinating the activities and subsequently, we can arrange to sign the MOU with the college for further expansion of the activities. (we here with attached the authorization letters along with the MOU).

Partnership Values

The Parties agree to:

- Work as a team ("the Team").
- Support each other in finding the most efficient ways to deliver the Project requirements.
- Be open, frank, honest and constructive in all dealings with each other.
- Share work equitably and reasonably, consistent with agreed arrangements.
- Use this MoU as a benchmark against which each Party, and the Team as a whole, can set its approach to potential issues of conflict between them as work progresses.

Term

This MoU commences on the date signed by both Parties and will continue at least for three years until terminated by either of the Parties. However, in case any disputes the MOU will get terminated by 100 days of serving the notice by either of the parties. The Parties will seek ways to maintain the information and services available to the community after the termination of this Memorandum of Understanding.

MEMORANDUM OF UNDERSTANDING FOR COLLABORATION BETWEEN

NI SYSTEMS (INDIA) PVT LTD, BANGALORE

&

S J B INSTITUTE OF TECHNOLOGY, BANALORE

This Memorandum of Understanding is entered into and executed at Bangalore on 9th day of April by and between NI Systems (India) Pvt. Ltd., a Company incorporated under the Companies Act, 1956 having its registered office at 81/1 & 82/1, Salarpuria Softzone, Wing B, 5th Floor, Block A, Bellandur, Varthur Hobli, Bangalore 560 037 represented by Mr. Jayaram Pillai, Managing Director, hereinafter referred to as "NI".

AND

S J B INSTITUTE OF TECHNOLOGY, an academic institution having its campus at Bangalore, Karnataka represented by its Managing Director, Rev. Sri Sri Prakashnath Swamiji, herein after referred to as "SJBIT"

WHEREAS

NI is a developer and supplier of Computer based instrumentation hardware and software products used by Engineers and Scientists in academics and industry applications as part of its ongoing research, development and orientation program involving technical and educational institutions, desires to establish NI LabVIEW Academy for students and academic professionals.

WHEREAS

SJBIT is one of the premier institutions for education in India has technical expertise in its faculty, desires to establish a NI LabVIEW Academy in field of Virtual Instrumentation, for carrying out teaching, training and research activities for students and faculty members from different disciplines.

- iv. NI agrees to provide presentation and marketing material to the ACADEMY to enable the ACADEMY to be up to date.
- v. NI agrees to provide 50% discount in cLAD(certified LabVIEW Associate Developer) exam fee for the students & faculties who got trained under ACADEMY.
- vi. NI agrees to include SJBIT as the authorized LabVIEW Academy in their flagship website.
- vii. NI agrees to include the students & faculty names in the flagship website who all cleared cLAD exam trained under ACADEMY.
- viii. NI agrees to provide free technical support over Phone and e-mail on NI products and their usage for various measurements and control.
- ix. NI agrees to provide learning materials to conduct LabVIEW Fundamentals courses to students and faculty members.
- x. NI shall provide link to the ACADEMY website (in case created by SJBIT) on its website www.ni.com/india/academic

III COMMITMENTS OF SJBIT

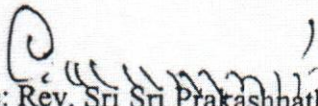

- i. SJBIT agrees to use this ACADEMY as common facility for the entire campus and there will be courses conducted for various engineering disciplines.
- ii. SJBIT agrees to appoint dedicated cLAD certified instructor to conduct the LabVIEW Fundamentals course in the ACADEMY
- iii. SJBIT agrees to provide computers and all other necessary infrastructure for the ACADEMY and all will be networked with structured cabling and Ethernet Switch.
- iv. SJBIT agrees to offer devote human resources to impart compulsory or elective level through at least one 3-credit course on Virtual Instrumentation for all disciplines once the institute become autonomous / University status

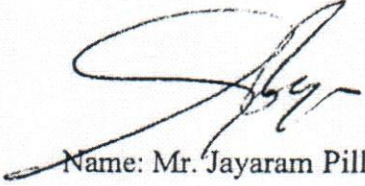

VII NOTICE

All notices and request and correspondence to either party shall be given, addressed as provided first in this MoU, by means of secured and acknowledged delivery through registered post, facsimile or overnight courier. SJBIT/ADM/270[A]/2017-18

28/07/2017

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (MoU) is made and entered into as of the date last signed **28th July 2017** by and between

Speckbit Exploratories Private Limited
#109, B Block, Metropolis Midtown,
Chunchagatta Main Road, JP Nagar 7th Phase
Bengaluru, Karnataka 560062
CIN: U74999KA2016PTC097785

(Henceforth referred to as "**Speckbit**" in this document),

And

SJB Institute of Technology,
67, BGS Health & Education city,
Uttarahalli Main road, Kengeri,
Bengaluru, Karnataka 560060

(Henceforth referred to as "**SJBIT**" in this document)

Speckbit and SJBIT, on mutual agreement have decided to collaborate for a MoU. The MoU is to be signed with regards to the following articles and clauses:

Article I: Purpose and Scope

This article aims to explore the scope of a collaboration based on mutual interest and benefit (hereby referred to as the "**Opportunity**") and in connection with the opportunity, this document highlights points of general agreement that help establish common understanding.

Article II: Objectives

Speckbit wishes to provide every student with the right tools and technology that would ensure a personalized learning experience. Speckbit wishes to do that with the SPECKBIT BRIDGE program that is a blend of the rich experience of classrooms and the freedom of the Internet.

BRIDGE includes offline classroom sessions coupled with online learning paths and mentors who guide the students to go beyond what happens in the classroom and curriculum.

As one of the fastest-growing innovators in the education technology and skill development space, Speckbit sees great value in working with SJBIT and developing this ecosystem of well trained, practical and innovative Engineering graduates. By bringing in the combined expertise of industry professional from

diverse technology streams, as well as a number of interesting real-world projects, Speckbit is well positioned to make this a win-win engagement.

Article III: Roles and Responsibilities of Speckbit

As a practicing industry partner, Speckbit will contribute in multiple capacities:

- a) **By instituting and executing a class-room curriculum through the Speckbit Bridge program** designed for the ECE, CS, IS and other relevant streams (4th semester to 8th semester). The curriculum will include high-value topics such as *Python Programming, Web Development, Artificial Intelligence, Scientific Computing, Data Science*, along with the practical application as well as real world trends.

Details of the specific courses will be published in due course and will be defined from time to time.

- b) **By instituting Research opportunity and projects where students can take first hand advantage of the skills learned through Speckbit Bridge program.** The Software involved in these projects, the projects themselves, as well as the trainer/facilitator for these workshops will be the **responsibility of Speckbit.**
- c) By providing consulting expertise as and when required.
- d) By providing a Student internship program at Speckbit.
- e) By providing screening, interviewing and assessment services for the classroom courses as well as the workshop projects.
- f) By connecting the students with internship opportunities through Hackathons and other events, where students can display their skills.

The remuneration for the specific services for each course shall be determined and agreed upon, by mutual agreement from time to time by the parties hereunto, before the commencement of the course.

Article IV: Roles and Responsibilities of SJBIT

Providing the availability of the **Computer Lab Infrastructure** (where the classes will be conducted) will be the **responsibility of SJBIT.**

SJBIT will also provide, subject to personnel and budgetary limitations and as may be mutually agreed upon:

- a) Internet, library facilities and other such requirements, which may be necessary for conducting the classroom sessions, workshops and other relevant events such as *Hackathons*, will be the responsibility of SJBIT.
- b) Relevant space to Speckbit on the online/ offline notice areas of the college for program related communications.
- c) Recognition to Speckbit as "**Knowledge Partner**" for conducting classroom sessions, workshops and research related to Web Development, App Development, Scientific Computing, Artificial Intelligence and other disciplines to be identified from time to time.
- d) Inviting Speckbit to sponsor/participate in National/International workshops/ conferences/seminars and other important technology/business meetings relevant to them.

Article V: No Obligation

Each party understands and agrees that nothing herein requires either party

- a) To disclose any confidential information, which shall be disclosed, if at all, solely at the discretion of the disclosing party subject of course to such conditions as may be thought fit.
- b) To proceed with the opportunity or any relationship in connection with which confidential Information may be disclosed.

As used herein, the party disclosing Confidential Information is the "Disclosing Party" and the party receiving the confidential Information is the "Recipient".

Article VI: No License

All of the Disclosing Party's Confidential Information shall remain the sole property of the Disclosing Party. Nothing in this MoU is intended to grant any rights to either party under a patent, copyright, trade secret or other intellectual property right of the other party, nor shall this MoU grant either party any rights in or to other party's Confidential Information except as expressly set forth herein.

Article VII: Permitted use

The recipient agrees that it shall use the Disclosing Party's confidential information solely for the purpose of evaluating the opportunity and shall not reverse engineer, disassemble or decompile any prototypes, software or other tangible objects which embody the Disclosing Party's Confidential Information unless explicit written consent to such actions is received from the Disclosing party.

If such a prohibition is not permitted pursuant to applicable law, the recipient shall provide the Disclosing Party Written notice prior to undertaking any such reverse engineering and shall give the Disclosing party a reasonable amount of time to provide any interface information required by law prior to commencing such reverse engineering. If such interface Information is provided, then the recipient is prohibited from such reverse engineering.

Article VIII: MoU extensions

- a) This MoU may be supplemented by work plans to be developed jointly, which describe more specifically the activities to be carried out under this collaborative program and which set forth the envisaged contribution of each party.
- b) SJBIT and Speckbit may name members of their respective staff to work out further details for proper and effective implementation of this MoU.
- c) Such details as agreed upon, including any other amendments, will be confirmed by exchange of letters between SJBIT and Speckbit and such letters will form part of this MoU.
- d) These work plans will require the approval of both parties for implementation.

Article IX: MoU Revocation

Either party may terminate this MOU on 120 days' written notice to the other party. Termination may occur upon the breach of this MOU by one of the parties. A breach of this MOU includes, but is not limited to, a violation of the policies and rules of the College, the making of a misrepresentation or false statement by one of the parties, non-performance of the party's duties, or the occurrence of a conflict of interest between the

parties. Each party has 30 days to cure the breach. If this MOU is terminated during an academic term, students enrolled in classroom program/sessions under this MOU will be allowed to finish their coursework and receive appropriate certification.

Article X: Effective Date and signatures

This MoU will be in effect initially for a period of 3 (three) years from the date of signing of this MoU by both parties after which it may be reviewed for possible extension.

In case of termination of the MoU, any obligations and commitments already contracted for and involving third parties shall be honored and continued by both parties until such commitments are completed.

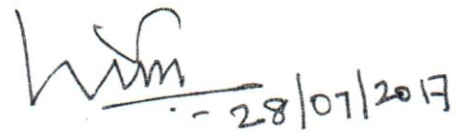

Signed and executed this day of 28th July, 2017 by SJB Institute of Technology and Speckbit Exploratories Pvt. Ltd for a period of three years with the signatures from both the parties below:

17. M/s. Training World 360

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 26th March of 2021 at Bengaluru

BY AND BETWEEN

Department of Electronics & Communication Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adhichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its **Principal, Dr. Ajai Chandran C K** (hereinafter referred to as the "**Department of Electronics & Communication Engg.**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s TrainingWorld360, a company incorporated under the laws of India, having its registered office at #113, 3rd Floor, Ring Road, Banashankari 3rd Stage, Bangalore – 560085 www.trainingworld360.com represented by its Director, Mr. Nandit T (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2018 and engaged in the business of Competency development, Innovation & Product Development, with a vision to build agile workforce towards global industry needs. The company also supports corporate to achieve customer experience and operational excellence goals.

B. **Department of Electronics & Communication Engineering** is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students but not limited to Electronics & Communication discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them

with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

Specific Areas Undertaken by Both Parties

- 1. Training on computer networking with focus on CISCO Technologies**
- 2. Internships – Outcome based Technology Learning With Extensive Lab Focus**
- 3. Technical lab builds – Students to build live labs for products and POC during internship**
- 4. Network Programmability Exposure**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of 3 (Three) years with effect from 08th March 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. Deliverables from TrainingWorld360

1. **Training on Network Technologies**
2. **Internships – 20 students Subject to Passing CCNA Certification**
3. **Assured Inhouse Placement for Top 3 and placement with partners for remaining 17 subjects out of 20 selected students.**

5. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

6. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

7. INTELLECTUAL PROPERTY RIGHTS

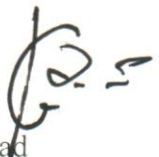

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise

arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

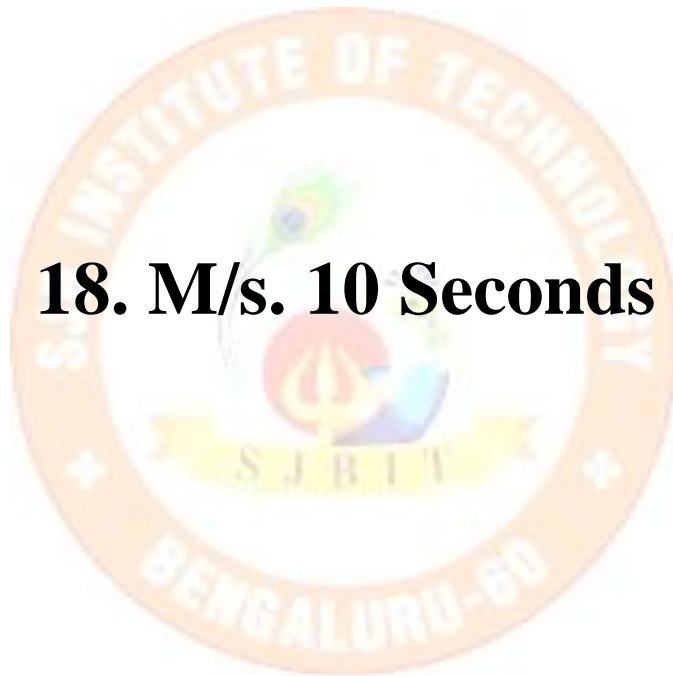

8. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the **09th day of March, 2021** at Bengaluru

BY AND BETWEEN

Department of Electronics & Communication Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adhichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its **Principal, Dr. Ajai Chandran C K** (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s 10 Seconds, a company incorporated under the laws of India, having its registered office at #1032, 4th M Block, Rajajinagar, Bengaluru – 10, www.10seconds.co.in represented by its Founder and Director, Mr. Anijith A Shetty (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2018 and engaged in the business of Competency development, Innovation & Product Development, with a vision to build agile workforce towards global industry needs. The company also supports corporate to achieve customer experience and operational excellence goals.

B. **Department of Electronics & Communication Engineering** is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students but not limited to Electronics & Communication discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them

with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

Specific areas undertaken by both the parties are as mentioned below:

- 1. Trainings – Domain, process & technology**
- 2. Internships – Outcome based technology learning and implementation, mini and major projects.**
- 3. Faculty & Student development programs. Workshops and Seminars**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of 3 (Three) years with effect from 09th March 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. DELIVERABLES FROM 10 SECONDS

- Internship – for 100+ students (From all branches)
- Use of existing Intel and other boards and Prototype development
- Two FDPs/SDPs/Workshops/Seminars per year
- Industry Interaction Programs.

5. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, “confidential information” means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

6. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

7. INTELLECTUAL PROPERTY RIGHTS

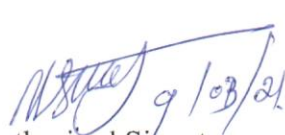

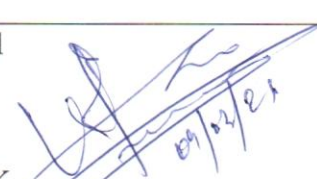

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise

arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

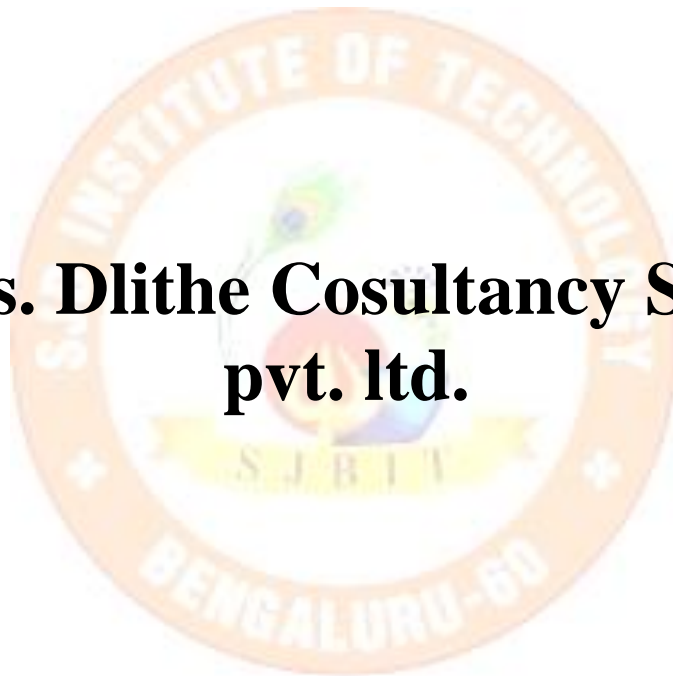

8. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

AND

M/s Global Quest Technologies, a company incorporated under the laws of India, having its registered office at #1800, 1st Floor, 8th Main Road, Opposite Jakkur Aerodrome Judicial Layout, Yelahanka Bengaluru - 560065, www.gqtech.in represented by its CEO & Co-Founder, Mr. G R Narendra (herein after referred to as the “Company”, which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term “Company” and “Department” are individually referred to as such or a “Party” and collectively referred to as the “Parties”.

WHEREAS

A. The Company, an Industry, established in the year 2019, rendering services across the Globe in Training and Placements. The company offers training in various domains of IT, covering the latest developments in the cutting-edge technologies in Programming Languages, Python Full stack, Software Testing, Web Technologies, Advanced Web Development, Databases, Web Services, Full Stack Development, IoT, Block chain Technology, Cyber security, Mulesoft and many more. The company also offers its international network of corporate IT & non-IT clients/users from private and public sectors. The group works closely with SME's, Academic Institutions, Local Authorities, and Governmental Bodies.

B. Department of Electronics & Communication Engineering is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students but not limited to Electronics & Communication discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

Specific areas undertaken by both the parties are as mentioned below:

- 1. Custom made product development and testing for purely academic purposes, unless explicitly specified in written format.**
- 2. Staff Augmentation as required, for the programs, under the scope of this MoU.**
- 3. Internships – Outcome based technology learning and implementation, mini and major projects.**
- 4. Any other appropriate mode of interaction agreed upon between Department and GLOBAL QUEST TECHNOLOGIES.**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their

acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of 3 (Three) years with effect from 08th March 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. DELIVERABLES FROM GLOBAL QUEST TECHNOLOGIES

- Training & Placement Programmes
- Aptitude Skills & Soft skills
- HR Campus to Corporate Training
- Internship Programmes
- Academic Projects and Campus Drives
- Faculty Development Programs

5. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 8th day of December' 2021 at Bengaluru.

BY AND BETWEEN

Department of Civil Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an Institution of higher education established under the aegis of Sri Adichunchanagiri Mutt, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560060, www.sjbit.edu.in, represented by its Head of Department, Dr. Prasad CSMV (hereinafter referred to as the "Department", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s. Construction Management Training Institute, a company incorporated under the laws of India, having its registered office at 4th floor, 177/1, 7th B Main Road, Jayanagar East, Jayanagar 3rd Block, Jayanagar, Bengaluru, Karnataka 560011, <https://cmti.co.in/>, represented by its CEO & Founder, Mr. Er Ashok Kumar (herein after referred to as the "Company", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2020 and engaged in the business of Working towards development of Construction Professionals by structured online & offline training programmes and networking platform for working professionals, we will be posting verified job leads in our page. CMTI is having Strong Industry Connect. CMTI is official Technical Training partner for Naredco Karnataka, Civil Engineers Association of Tamilnadu & Larsen & Toubro and many more Corporates Training is imparted by Experienced Construction Management Experts having average 25 years of Experience in Construction and Handling Large Projects across India. The Institution has trained more than 10000 Construction Professionals on various short term programmes and Placed 1000+ Engineers across India.

B. Department of Civil Engineering, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Civil Engineering (department) discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

1. Providing internship for UG and PG students as a part of academic curriculum.
2. Providing technical training for UG and PG students to carry out their project work and also prepare/assist them in placement activities.
3. Providing assistance in organizing the site visit for the students to their ongoing projects.
4. Conduction of seminars, guest lectures, workshops, student training programs and conferences.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of 5 years with effect from 8th December 2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

**23. M/s Enstructura Consultants Pvt.
Ltd**

SJBIT/ADM/755A/2020-21

Date: 31/03/2021

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 25th day of March, 2021 at Bengaluru

BY AND BETWEEN

Department of Civil Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Sri Adhichunchanagiri Shikshana Trust located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its Head of the Department of Civil Engineering, Dr. Prasad CSMV, (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s Enstructura Consultants Pvt. Ltd., a company incorporated under The Companies Act, 2013 of India, having its registered office at #2054, 2nd Main, BCCHS Layout, Raghuvanahalli, Off Kanakapura Road Bengaluru- 560 062, www.enstructura.com represented by its Technical Director, Mr. S.Ravi (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company is a private limited company registered under registrar of companies, Bangalore, established in the year 2017. The organization is established by a group of professionals to offer comprehensive, innovative, state of art consultancy services with expertise developed over three decades having the capabilities to provide solutions across, Structural design and Proof checking, Structural evaluation and Remedial Engineering, Project management consultancy, Architectural design and Green building Engineering, Environmental Engineering and Engineering training. The technical team is having hands-on experience to lead the project from conception through completion,

B. Department of Civil Engineering is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to complement its educational excellence to

meet the industry needs, has entered various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the civil engineering discipline.

C. The Parties are desirous to enter into this MOU to pronounce their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and expertise to provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, and the Parties agree to collaborate efforts in the areas of engineering and technology under this MOU as follows:

- i. Establishment of the State-of-the-Art Research and Development center in the name of **"SJBIT – ECPL Research & Development Centre (SERDC)"**, in the premises of SJBIT, Bangalore
- ii. The Department shall provide all the infrastructure facilities such as Laboratory space and Equipment, Office space, Library of National and International standards, consumables, stationery, emails, communication facilities, miscellaneous pre-approved expenditure, and manpower on an exclusive basis to SERDC without any financial liability to the Company.
- iii. The department shall coordinate all the activities related to the research projects of its students pursuing their Ph.D.
- iv. The Company will offer its expertise for optimum utilization of the existing lab equipment, for serving the Civil engineering industry in various domains, until an exclusive facility is setup without major financial liability to the department.
- v. The company shall carry out all Industry interactions, provide Technical Support to inhouse teams, identifying needs, Servicing of industrial clients, Lab and field tests, carrying out Structural designs, Proof checking of designs, provide Advisory Services to the industry and prepare Detailed Project Reports (DPR) as needed by the industry.
- vi. The parties have agreed to obtain, for SERDC, the NABL accreditation, Coordination with DST to get the projects, utilizing their mutual resources in respect of their areas of strength.

vii. More details of the operations of SERDC are provided in Annexure A which shall form the part of this MOU

1.2 If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the scope and area of work, duration, etc., before commencing any collaboration activities other than those mentioned above.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions, and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out standard operating procedure (SOP), as per **Annexure - A**, which is a part of this MOU, for the functioning of SERDC established under this MOU. The Parties agree that the management of SERDC shall be solely responsible for carrying out all the activities as the direction of the Advisory Board represented by the Department and the Company.

2. ADVANTAGES TO PARTIES

2.1 Advantages to SJBIT

2.1.1 This Research Centre helps by Enhancement of reputation and Image of the Institution. This will also enable the institution to obtain NABL Accreditation and to get DST sponsored project to SJBIT.

2.1.2 SJBIT Civil Engineering students will have access to a well-equipped in-house lab for their PG and Research programs.

2.1.3 With this cooperation the idle resources of the lab will become productive.

2.1.4 The students and faculty members of the institution will get an enhanced industry exposure with and intimate interaction with the industry.

2.1.5 Generate additional revenue to the department.

2.2 Advantages to ECPL

2.2.1 Access to a NABL accredited, lab enhances business potentials for ECPL.

2.2.2 The company will be able to offer professionally superior solutions to the clients with shorter gestation time.

2.2.3 Enhanced capability to offer wide range of testing services.

2.2.4 Access to the technical / Reference Library

3. DURATION AND TERMINATION

3.1 This MOU is for a period of five years with effect from 1st day of April 2021. It can be extended further by mutual consultation and agreement.

3.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education and service to the Industry, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

3.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

3.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

3.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter similar arrangements with any third party for similar purposes.

4. FINANCIAL ARRANGEMENTS

4.1 This MOU provides an opportunity for establishing a financially self-sustained entity viz., SERDC by generating revenue through its operations. The parties will support SERDC as per clause 1.1 of this MOU.

4.2. Under this MOU the Department to decide and fund all the expenses for carrying out material testing activities including purchase of new equipment / machineries, repair and maintenance, AMCs, equipment calibrations, staff salary, conveyance, consumables, transportation, courier, parcel, etc., as needed. The expenses incurred to get NABL accreditation for material testing equipment shall be funded by the department without any financial liability to the Company.

4.3. Under this MOU the Company shall decide on and fund all the expenses for carrying out all technical services to the Industry such as, Field Testing activities including purchase of new equipment / machineries, repair and maintenance, AMCs, equipment calibrations, staff salary, travelling expenses, external agency services, etc., as needed. The expenses incurred to get NABL accreditation for field testing equipment shall be funded by the Company without any financial liability to the Department.

4.4 The total revenue received by the operations of SERDC shall be shared between both the parties as follows:

4.4.1. 80% of the total revenue generated from the Material Testing Laboratory activities will be paid to the Department and the balance 20% of the total revenue will be paid to the Company.

4.4.2. 80% of the total revenue from the Industrial Services activities such as Consultancy and field-testing activities (Structural Design, Proof Checking, Field testing, Remedial Engineering, Structural investigation, Preparation of project DPR, Architectural services, if any, QA / QC assignments, etc. will be paid to the Company and the balance 20% of the total revenue received will be paid to the Department.

5. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

6. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

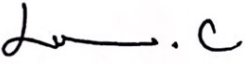

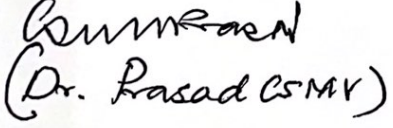

7. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply, or create in either Party any right, title, or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the SERDC would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

8. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of association with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

MEMORANDUM OF UNDERSTANDING (MOU)

This agreement will be made from 22.03.2018 to 21.03.2022 between **SJB Institute of Technology**, Kengeri, Bengaluru, and Karnataka. (Hereinafter referred to as the First Party) and Prayojana Construction Management Training Institute, Bangalore - 560070, (Hereinafter referred to as the Second Party).

Now this agreement witness as follows:

01. That the first party is SJB Institute of Technology; AICTE approved engineering college with a valid AICTE approval, to conduct the technical programs at the mentioned college site of www.sjbit.edu.in
02. That the second Party is Prayojana Construction Management Training Institute, Bangalore - 560070, provides employment-based Value added Certificate Courses for Civil Engineers Affiliated by the National Development Agency, (NDA) promoted by Govt. of India.
03. The first party will be providing the infrastructure and support to conduct seminar, workshop, and demos of new equipment's applicable to current industry requirement.
04. Both the parties assure giving their best for the bright future of the students.
05. Any alteration, addition or modification is there on this agreement should be in writing and signed by both the parties.
06. **DURATION**- The duration of this Agreement shall be for a period of 4 years from 22.03.2018 to 21.03.2022. If not renewed or amended in writing the same shall be considered as expired or terminated.
07. **TERMINATION** -This agreement shall take effect immediately on the execution of these presents.
08. Any notice request or other communication required or permitted to be given or made under this agreement to first party or second party shall be in writing. Such notice or request shall have been given or made when it shall have been delivered by hand, airmail with a copy by facsimile, to the party to which it is addressed at such party's address specified below or at such other address as such party shall have designed by notice to the party for giving such notice or making such request.
09. The parties hereto acting themselves or through representatives duly authorized, have caused this agreement to be signed in their respective names as of the day & year written above.
Authorized Signatories:

10. The second party will provide internship for M. Tech & UG students as a part of academic curriculum.
11. Second party will provide technical advice for UG and PG students to carry out the project work.
12. The second party will provide assistance in organizing the site visit to their ongoing projects.
13. The second party will support in conducting technical seminar workshops and conferences organized by first party.
14. First Party extend their lab facility for testing of materials and structural components of second party with nominal charges.

SJB Institute of Technology No.67, BGS Health & Education City, Uttarahalli Road, Kenger, Bangalore- 560 060	Prayojana Construction Management Training Institute.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 29th day of October, 2021, Friday at Bengaluru.

BY AND BETWEEN

Department of Civil Engineering, SJB Institute of Technology, Bengaluru-560060, Karnataka, an institution of higher education established under the aegis of Adichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its Dr. Manjunath H N, Associate Professor (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

Water Institute, UVCE, Bangalore an institution having its registered office at **Department of Civil Engineering, UVCE, Bangalore University, Bangalore - 56** www.waterinstitute.co.in represented by its Director, Dr. Inayathulla M (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

- A. The Company, an Institute established in the year 2010. The **UVCE FOUNDATION INDIA** and **U.S** in association with Bangalore University established the interdisciplinary center **WATER INSTITUTE** at Civil Engineering Department, as part of its celebrating 100 years of existence of UVCE with an aim to address water-related issues that have formidable scientific challenges and significant practical relevance. The center aims to pursue interdisciplinary research, short-term internships and projects, execute R & D projects with specific deliverables in the areas of water science and technology.

Department of Civil Engineering is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute interaction and has taken various initiatives to complement its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Civil Engineering discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

Areas of Collaboration includes interdisciplinary research in the broad areas of water, wastewater and solid waste science and technology. Development of trained Manpower through short-term internships and projects. Building a strong Scientific data base for solving Water, Wastewater, solid waste problem in Bengaluru through **Student Internships /Projects / Research program**. Execution of **R & D** projects with specific deliverables in the areas of water science and technology using **abundant availability of basic infrastructure facilities** for experimentation, design, fabrication and testing.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

DURATION AND TERMINATION

2.1 This MOU is for a period of 5 years with effect from 29/10/2021. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHERE OF, the undersigned, being duly authorized there to, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

SJB INSTITUTE OF TECHNOLOGY

No.67. BGS Health & Education City. Dr. Vishnuvardhan Road.
Kengeri, Bengaluru, Karnataka 560060

SJB Institute of Technology, Department of Mechanical Engineering , imparting Education in different fields of Engineering, and in particular both at the Undergraduate and Post Graduate levels since 2001 (hereinafter referred to as SJBIT) represented by its Principal of the second part.

Whereas **SJBIT**, Department of Mechanical Engineering is interested in Academic-Industry interaction with the purpose of Disseminating Engineering knowledge, to Industry personnel, in the form of offering all Engineering courses useful to them in their places of avocation.

Offering training programs of short-term duration or refresher courses of importance to the industry which will facilitate them to handle their day to day tasks in a much more efficient manner.

- To issue certificates of merit and scrolls of honour to all the personnel successfully completing the training programs
- To invite speakers of eminence from Industry to participate in Guest Lectures / Seminars / Workshops etc.

Whereas Bosch Rexroth India Private Limited has the Industry personnel, the potential and the type of activity matching with the interests of Department of Mechanical Engineering **SJBIT**

And whereas Department of Mechanical Engineering **SJBIT** has approached Bosch Rexroth India Private Limited to utilize its services in terms of dissemination of knowledge in the field of Industrial Automation in its various forms as stated before.

Whereas Bosch Rexroth India Private Limited is agreeable to the use of services offered by **SJBIT** in the field of Education/training all Engineering Departments and also utilize **SJBIT**'s spare capacity available for testing some of its products and is agreeable to train **SJBIT** Staff personnel in its premises and to participate in all the developmental activities of **SJBIT** from time to time.

Whereas Bosch Rexroth India Private Limited has the necessary expertise in Hydraulics and its assembly facilities to train **SJBIT** Personnel.

NOW THIS AGREEMENT WITNESSETH

A) DEFINITIONS:

"Disseminating Knowledge" means to disperse throughout or to spread widely knowledge which is a rare commodity.

"Places of avocation" means places of occupation or work on a day to day basis.

"Premises" means offices, both administrative and sales, workshops of Bosch Rexroth India Private Limited

"Personnel" of **SJBIT** and Bosch Rexroth India Private Limited includes persons authorized in writing by **SJBIT** and Bosch Rexroth India Private Limited respectively and persons accompanying such personnel.

"Spare capacity available for testing work" means capacity available for outside work over and above in house needs.

B) TERMS AND CONDITIONS:

Bosch Rexroth India Private Limited shall train **SJBIT** staff personnel against a request placed by **SJBIT** on Bosch Rexroth India Private Limited on a mutually agreed rate.

- **SJBIT** shall agree to train Bosch Rexroth India Private Limited personnel against a request placed by Bosch Rexroth India Private Limited on **SJBIT**
- **SJBIT** shall take up testing work of Bosch Rexroth India Private Limited jobs (if any) when spare capacity is available in its premises on a case by case basis.

- Charges for testing spare capacity jobs shall be on a mutually agreed rate and shall be in written orders.
- Bosch Rexroth India Private Limited shall render assistance to **SJBIT** Students in terms of Project fixing and its completion for the graduating senior students of the under graduate program in Engineering and also for Post Graduate students if possible, against a request made by **SJBIT** on a case by case basis.
- Bosch Rexroth India Private Limited shall try to render assistance to **SJBIT** Students in terms of providing internship opportunity to the UG / PG levels for students, Job training for students at the UG / PG levels and placement of students both at the UG and PG Levels.
- Costs (if any) incurred by students of **SJBIT** in terms of successful completion of their projects at Bosch Rexroth India Private Limited, shall be borne by them individually as far as possible or by **SJBIT** and this shall not be the responsibility of Bosch Rexroth India Private Limited under any circumstances. **SJBIT** can work out a separate arrangement with the students to this effect.
- This agreement shall take effect from the date of signing and shall be valid for a period of 3 years subject to renewal by mutual consent.
- Bosch Rexroth India Private Limited shall not be liable for any damages, consequential or otherwise while getting its personnel trained at **SJBIT** and the same shall be true of **SJBIT** personnel getting trained at Bosch Rexroth India Private Limited.
- Any disputes under this MOU shall be adjudicated solely under the jurisdiction of the competent courts of Ahmedabad. However, before resorting to settlement of disputes by way of courts, the parties agree to expend all reasonable effort to resolve the dispute through amicable means.

C) COVENANTS OF Bosch Rexroth India Private Limited

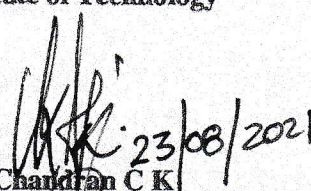

- Bosch Rexroth India Private Limited will train **SJBIT** staff personnel against a specific request placed by **SJBIT** on Bosch Rexroth India Private Limited on a mutually agreed rates
- The actual use of all facilities at Bosch Rexroth India Private Limited will be at the discretion and control of Bosch Rexroth India Private Limited.
- Bosch Rexroth India Private Limited will render assistance (of non-monetary benefits) for successful completion of projects of eighth semester Engineering students and Post Graduate students in engineering (if possible) in its premises.
- Bosch Rexroth India Private Limited will render all possible assistance in the developmental activities of **SJBIT**

- Bosch Rexroth India Private Limited will carry out testing of its product at **SJBIT** if sufficient spare capacity is available at **SJBIT** for its products and these shall be at mutually agreed rates.
- Bosch Rexroth India Private Limited will render all possible assistance to **SJBIT** in terms of sponsoring Seminars/Workshops/Guest Lectures on mutually agreed and mutually beneficial topics of importance in the fields of Automation on a mutually agreed rate.

D) COVENANTS OF SJB INSTITUTE OF TECHNOLOGY

- **SJBIT** shall disseminate knowledge in the fields of Mechanical Engineering by offering courses, give training and / or offer Refresher courses of Industrial importance to personnel from Bosch Rexroth India Private Limited.
- **SJBIT** shall carry out all testing work for any spare capacity available in their premises at a mutually agreed price between Bosch Rexroth India Private Limited and **SJBIT**
- **SJBIT** shall take all active interest in the overall development of personnel in Bosch Rexroth India Private Limited in terms of Training, Development, Consultation (Technical) so on and so forth.
- **SJBIT** shall provide the names of its staff personnel to be trained at Bosch Rexroth India Private Limited and Bosch Rexroth India Private Limited shall inform **SJBIT** about the same.

THE MEMORANDUM OF UNDERSTANDING

This memorandum of understanding is held and executed between industry and institution purely for the purpose of academic activities

Institute: Department of Mechanical Engineering, SJBIT, Kengeri, Bengaluru – 560 060.

Industry: PM Tools and Components Pvt. Lt. #47, BKM Complex, Chunchagatta Main Road , Bangalore-560062

This memorandum of understanding is mutually agreed and executed between **Mr. G R Manju** Managing Director **PM Tools and Components Pvt. Ltd** and **Dr. Puttaraju**, Principal, **SJBIT**, Kengeri, Bengaluru on this day **22/07/2017** with the intention of Industry – Instituting tie up purely for academic activities in the larger interest of the student community, without any kind of financial or legal bindings on both the parties.

Purpose /Objective:

- Industry Institution Interaction facility to students and staff
- Work together for the cause of society at large
- To promote research and Development Activities
- To Provide academic platform and support to industry /Institution needs for human resource development

Activities covered or restricted under this MOU

1. Sharing of technological updated in industries through technical talks / guest lectures
2. Presenting papers / participating in conferences of the Institution
3. Industry visits to students and faculty members
4. Project works for UG & PG Students
5. Consultancy services
6. Expertise sharing

Signature
11/07/2017

7. Vocational training programs / Internship training programs
8. Research activities towards; product development / problem solution / Innovation
9. Curriculum development activities
10. Community service programs

Terms of reference:

Both parties are free to share their infrastructural, intellectual resources under their disposal on their own interest for the good cause without binding of any sort.

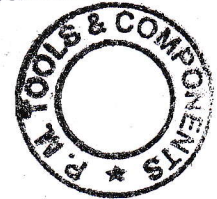

We have clearly understood the contents of this MOU and gladly agreed for this tie up.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the Tuesday, 21st December, 2021, Tuesday at Bengaluru

BY AND BETWEEN

Department of Mechanical Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its Head of the Department, **Dr. T. Madhusudhan** (hereinafter referred to as the "**Department**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

WINSUN GLOBAL TECH PRIVATE LIMITED, a company incorporated under the laws of India, having its registered office at WINSUN GLOBAL TECH PRIVATE LIMITED, #19, 2nd floor, Nagarbhavi Main Road, Chandra Layout, Bengaluru, Karnataka 560072, represented by its **Managing Director, Mr. Vinay B C.** (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. WINSUN GLOBAL TECH PRIVATE LIMITED provides complete design and analysis solutions from concept to production of your products. The initiative part of WINSUN's is to provide accurate aesthetic part of models. **WINSUN GLOBAL TECH PRIVATE LIMITED** is focused on CAD & CAE Solutions, a crucial discipline for developing that businesses use for designing and simulating in various domain like Automobile, Defense & Aerospace, Heavy Engineering, Medical Equipment's, Consumer durables, Alternate energy, High-Tech Electronics, Academics, Equipment Manufacturers, Jigs & Fixtures, Machinery, Process equipment's, Valves & etc.

B. Department of Mechanical Engineering, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the **Mechanical Engineering** discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology like **Internships/Placements**.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of **05** years with effect from 21st December, 2021 .It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

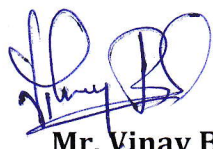

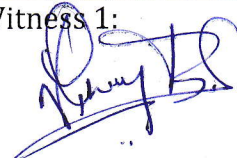

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the First day of April, 2021 at Bengaluru
 BY AND BETWEEN
 Department of Mechanical Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adhichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its Head of the Department, Dr. T Madhusudhan (hereinafter referred to as the "Department", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns)

AND

SPIRAL SCIENCE AND TECHNOLOGY INC, a company incorporated under the laws of United States of America, having its registered office at #12 Channel Street, Boston MA, 02210, <https://www.spiral.technology>, represented by its employee, Mr. Arun L G (herein after referred to as the "**Company**", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2018 and engaged in the business of Industrial automation using augmented reality and mixed reality. Spiral Technology develop powerful software and adapt sophisticated technical content for the Augmented Reality and Mixed Reality devices applied in manufacturing and maintenance.

B. **Department of Mechanical Engineering**, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Mechanical Engineering.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology. **Both parties have agreed to undertake the collaboration in the field of Augmented Reality (AR) and Mixed Reality (MR).**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

1.5 The objective of the collaboration:

- I. Spiral Technology shall establish center of excellence for Product development, research and incubation in the field of the state of art technology AR (Augmented Reality) and MR (Mixed Reality) platform.
- II. Spiral Technology shall provide training and exposure to the students in the industrial automation using AR and MR by involving in research and product development.
- III. Spiral Technology shall give the access to sample videos, manuals and expert guidance for educational purposes only. Spiral Technology will not share any confidential or proprietary data of its clients.
- IV. Spiral Technology also provides access to faculty members of SJBIT for know – how of the cutting edge technology in the field of AR and MR.
- V. Spiral Technology shall jointly develop the products for industrial purpose by involving the students and research scholars through project work, internship, research work right from proof of concept to deployment of the product.
- VI. Spiral technology shall arrange knowledge session with the students about application of AR and MR from the subject matter expert on a mutually agreed schedule.

1.5 Contribution for collaboration: To establish center of excellence, mutually agreed contribution is as below;

Contribution from SJBIT

1. Office Space
2. Infrastructure facilities such as Chair, tables and Access to conference room on need basis
3. Computers for research, access to Internet

Contribution from Spiral Technology

1. Technology and required knowledge in the field of AR/MR
2. Software for developing the product including Unity software
3. Online training for SJBIT faculty and students on 3D Unity software
4. Access to Subject Matter Expert
5. Microsoft Hololens-2 Equipment for development and testing
6. Any other necessary tools, software, gadgets, instruments as and when required

2. DURATION AND TERMINATION

2.1 This MOU will be effective from 1st April 2021 till cancellation on mutual concurrence.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. Name for the Collaboration or Joint Venture

It is agreed by the both parties to keep the following name towards collaboration and joint venture.

Spiral Technology – SJBIT

AGREEMENT FOR ESTABLISHMENT OF TOYOTA EXCELLENCE CENTER

This AGREEMENT FOR ESTABLISHMENT OF TOYOTA EXCELLENCE CENTER ("Agreement") is entered into on this Fifteenth day of July, Two Thousand and Nineteen (15.07.2019) ("Execution Date") and made effective from the Ninth day of May, Two Thousand and Nineteen (09.05.2019) ("Effective Date") retrospectively at Bidadi Industrial Area, Ramanagara district, Karnataka, by and between:

TOYOTA KIRLOSKAR MOTOR PRIVATE LIMITED, a Company incorporated under The Companies Act, 1956, engaged in the business of manufacture and sale of automobiles, having its registered office at plot No.1, Bidadi Industrial Area, Ramanagar District, Pin: 562109, Karnataka, India, hereinafter referred to as "TKM" which term shall mean and include its Affiliates, Officers, Agents, Permitted Successors and Assigns, of the One Part.

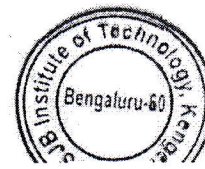

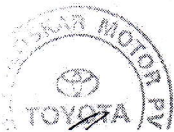

AND

SJB INSTITUTE OF TECHNOLOGY, an organization validly existing under the laws of India, having its registered address at #67, BGS Health & Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru, 560060, Karnataka., hereinafter referred to as "SJBIT" which term shall mean and include its Affiliates, Officers, Agents, Permitted Successors and Assigns, of the Other Part.

TKM and SJBIT shall collectively be referred to as *The Parties*

I. WHEREAS

1. TKM is a subsidiary of Toyota Motor Corporation of Japan (with Kirloskar Group as a minority owner), a leading manufacturer of automobiles in India. As part of its Corporate Social Responsibility (CSR), it conducts various programs in the manufacturing and servicing of automobiles for educational institutions and their students.
2. SJBIT Affiliated to Visvesvaraya Technical University, Belagavi and AICTE, New Delhi, approved Technical Institution providing various under-graduation, post-graduation and certificate courses to interested students in the field of science and technology.

3. TKM herein wishes to establish a Toyota Excellence Centre in SJBIT for better exposure and growth of the students of SJBIT in the field of automobile industry by sharing the latest technology to the faculty and students.

4. TKM and SJBIT wish to record the terms of their engagement in this Agreement as follows.

II. WHEREFORE THE PARTIES COVENANT AS FOLLOWS:

1. THE OBJECTIVE OF THE ESTABLISHMENT:

- i. TKM shall establish an Excellence Centre in SJBIT for the better exposure to interested students in SJBIT.
- ii. TKM shall further give exposure to the students regarding automobile industry by various programs/training schedule by them and also give access to video manuals.
- iii. TKM shall also provide access to the faculty members of SJBIT for know-how of the latest technology in the field of automobile.

2. GENERAL TERMS AND CONDITIONS

- i. As mentioned above TKM shall establish the Excellence Centre in SJBIT. However, the cost of the establishment shall be borne by SJBIT;
- ii. It is agreed between the parties that the transportation arrangements and costs involved in the structuring of the establishment shall also be arranged and funded by SJBIT;
- iii. TKM shall provide engine, transmission and chassis assembly at their end-life cycle for academic research and training at SJBIT as stipulated in ANNEXURE I herein;
- iv. TKM shall schedule and arrange for training programs for students to understand the automobile technology to the fullest;

- v. TKM shall also shed light in the latest automobile technology of safety, environment, driver and passenger assistance system;
- vi. SJBIT shall nominate the candidates/students of SJBIT and further co-ordinate with the PDD Department at TKM for training and other programs;
- vii. TKM shall share video manuals pertaining to the latest technology in the automobile industry to the faculties and students of SJBIT;
- viii. All training content and training material provided by TKM shall be structured by TKM. TKM shall not be under any obligation to meet any requirements set forth by SJBIT with respect to the training content and material.
- ix. It is the responsibility of SJBIT to provide with the list of candidates and other details to TKM at-least 15 days in advance of the scheduled training.

3. VALIDITY AND TERMINATION

- i. This Agreement shall be effective as of the Effective Date aforementioned and shall be valid up until such time as this Agreement is terminated in accordance with Claus 3 (ii), (iii) and (iv).
- ii. This Agreement may be terminated by the mutual agreement, in writing, if both the Parties, on terms decided mutually by both the Parties; at any time before the commencement of the Project/work;
- iii. This Agreement herein may be terminated by either party in the event of a breach of any of the terms set out herein, by giving 30 days' notice;
- iv. If either of the parties wishes to stop operations of the establishment, the party wishing to stop the operations shall issue a notice 30 days' in advance in writing with the reasons for the same.

4. NOTICE

All notices or other communication under or in connection with this Agreement be given in writing by registered AD or Speed Post or by telex or by facsimile at the following address (unless otherwise communicated):

If to TKM at:

Plot No.I, Bidadi Industrial Area,
P.O.Bidadi, PIN :562 109, Ramanagar District
State of Karnataka,

Attention: Mr. Prashanth S
Telephone No.: 080-66292261
Fax No.: 080-27287077/78/79

If to SJBIT at:

PRINCIPAL,
SJBIT, #67, BGS Health & Education City,
Dr. Vishnuvardhan Road, Kengeri,
Bengaluru, 560060, Karnataka.
Telephone: 080-28612446 /45
Fax no.: 080-28612651

5. INDEMNITY

SJBIT shall indemnify and hold TKM harmless from and against any claim including but not limited to loss, damage, claim, costs or expenses, raised by any Third Party arising out of or in connection with this Agreement.

6. DISPUTE RESOLUTION

- i. If any dispute, controversy or claim between the Parties arises out of or in connection with this Agreement, including the breach, termination or invalidity thereof, the Parties shall use all reasonable endeavours to negotiate, with a view to resolving the Dispute amicably. If a Party gives the other Party notice that a Dispute has arisen and the Parties are unable to resolve the Dispute amicably within 15 (fifteen) days of service of the Dispute Notice (or such longer period as the Parties may mutually agree), then the Dispute shall be referred to arbitration in accordance with law.

[Handwritten signature]

- ii. Any Dispute shall be finally settled by arbitration in terms of the Arbitration and Conciliation Act, 1996 of India by a sole arbitrator, who shall be appointed with the mutual consent of both the Parties. In case the Parties are unable to agree as to the appointment of the sole arbitrator, the arbitrator shall be appointed in accordance with the procedure set out in the Arbitration Act. The venue of the arbitration shall be Bangalore. The language of the arbitration shall be English.

7. MODIFICATION OF AGREEMENT

Any amendment or modification of this Agreement or additional obligations assumed by any Party in connection with this Agreement will only be binding if evidenced in writing and signed by each Party or an authorized representative of each Party.

8. TITLES/HEADINGS

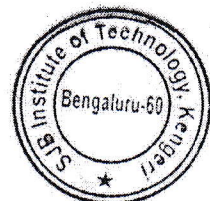

Headings are inserted for the convenience of the Parties only and are not to be considered when interpreting this Agreement.

9. GOVERNING LAW

This Agreement shall be governed by, and construed in accordance with the laws of India. Subject to the provisions of clause 6 (*Dispute Resolution*) above. The courts at Bangalore shall have exclusive jurisdiction in relation to all matters arising out of this Agreement.

10. SEVERABILITY

In the event that any of the provisions of this Agreement are held to be invalid or unenforceable in whole or in part, all other provisions will nevertheless continue to be valid and enforceable with the invalid or unenforceable parts severed from the remainder of this Agreement.

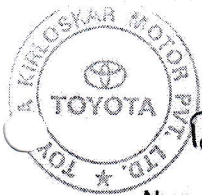

11. FORCE MAJEURE

Notwithstanding anything herein contained, parties shall not be responsible for any breach or non-performance or delay in performance of any of the terms and conditions of this Agreement if such breach or non-performance or delay in performance is occasioned by causes amounting to force majeure including but not limited to acts of God, strike, lock-out, fire, breakdown of machinery, war, destruction of plant, act or regulation of Government, natural or other calamity or any other cause beyond the reasonable control of the Parties resulting in the closure of business operations of Parties. In such an eventuality parties shall be at liberty to terminate this Agreement by giving 30 days written notice of the same to the other party.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement in duplicate through their authorized representatives, and have one copy each

MEMORANDUM OF UNDERSTANDING (MOU)

This is the Memorandum of Understanding ("the MoU") signed on 18.12.2021 Saturday between **Department of Electrical and Electronics Engineering, SJB Institute of Technology** and **VV Technologies, Tumkur** is to extend the term of MoU by another 04 years which is ending on 20.12.2025.

BY AND BETWEEN

Department of Electrical and Electronics Engineering, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established in the year 2001 under the aegis of Adhichunchanagiri Muth, located at BGS Health and Education City, Dr.Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in,

Electrical & Electronics Engineering department is established in the year 2004 and one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

AND

VV TECHNOLOGIES a company registered and having its branch office at III floor, C3 central, between 14th and 15th cross, SIT Main Road, Tumkur -572103 and represented by, Mr.Vishwananth Thamanna CEO.

VV TECHNOLOGIES Established in the year 2014 by a group of energetic and experienced professionals, VV Technologies is headquartered in Tumkur, India. The company is pioneered with fundamental thoughts of software and hardware engineering solutions for our clients ranging from students or interns to the big corporate. The company is passionate with the business goal -

- Engineering products, accelerators and services with excellence and quality to help our customers achieve their business goals in simplest and quickest possible way.
- To facilitate training and infrastructure to young brains to help them accomplish their academic project needs as well as career needs.

This MoU focus on the overall development of the student fraternity of SJBIT through Skill developments, Training Programs, Seminar and Guest Lectures, Internships and Placement assistance. This will also benefit the students by having a deeper understanding of the concepts by providing learning through hands-on experience. This will boost student's confidence on the subject and will help him/her to face interview without any hassle.

By signing this MOU **Department of Electrical and Electronics Engineering, SJB Institute of Technology, Bengaluru** and **VV Technologies, Tumkur** agree to work jointly in the following areas:

1. Training the faculty and students in the field of Embedded and VLSI Systems.
2. Organizing industrial visits for the students
3. Provide Internship for the students
4. Assist students in Placements.

Above activities are carried out with mutual acceptance and within the rules and regulations of the participating institutes.

PRICES AND PAYMENTS

By signing this MOU, **SJBIT** has no obligation to make any payments to **VV Technologies, Tumkur** or vice versa.

However, the Training and Workshop program are not free of charge. **VV Technologies, Tumkur** and **Department of Electrical and Electronics Engineering, SJB Institute of Technology** will mutually decide venue, policy, price and other aspects before the start of any program.

TERM OF AGREEMENT AND TERMINATION

This MOU shall come into effect from the date of last signature, and shall remain in force for a period of FOUR years. The same can be renewed on mutual agreement by both the parties, if required.

Each party shall have the right to terminate this MOU upon 30 days prior written notice if the other party is in breach of any material obligation under this MOU.

MISCELLANEOUS

Any notice given by one party to the other shall be deemed properly given if specifically acknowledged by the receiving party in writing or when delivered to the recipient by hand, registered mail during normal business hours to the following addresses:

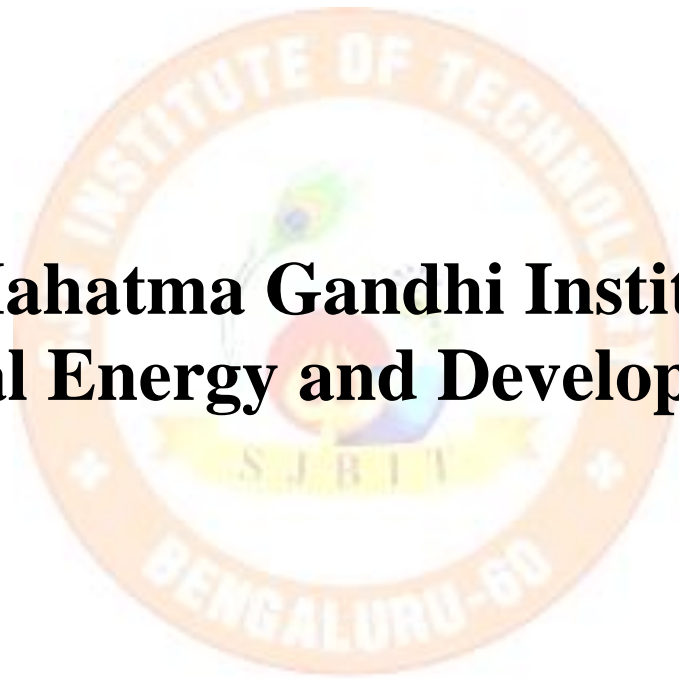

- A. If to, **SJB Institute of Technology** then to
Dr. Chandrashekar M J,
Associate Professor, Dept. of EEE,
SJB Institute of Technology, Bengaluru-560060

- B. If to, **VV Technologies** then to
Mr. Vishwananth Thamanna, CEO,
VV Technologies,
III floor, C3 central between 14th and 15th cross, SIT Main Road
Tumkur -572103

IN WITNESS WHERE OF, each of **Department of Electrical and Electronics Engineering, SJB Institute of Technology** and **VV Technologies, Tumkur** has caused this MOU to be signed and delivered by its duly authorized representative.

36. Mahatma Gandhi Institute of Rural Energy and Development

MEMORANDUM OF UNDERSTANDING

This Co-operation Agreement (this 'Agreement') is made as of the **15-10-2016** day between **Department of Electrical & Electronics Engineering, SJB Institute of Technology** (hereinafter called "**EEE-SJBIT**") located at BGS Health & Education city, Dr. Vishnuvardhana road, Kengeri, Bengaluru – 560060 and **Mahatma Gandhi Institute of Rural Energy and Development** (herein after called "**MGIRED**"), an autonomous institution of Rural Development & Panchayat Raj (RDPR) Department, Govt. of Karnataka, the Apex Training, Research & Development Institution in the field of Renewable Energy and allied subjects, having its registered office at Srirampura Cross, Jakkuru, Bengaluru, Karnataka-560 064

The parties entered into this agreement with their mutual intentions wish to cooperate with each other for mutual benefits in the field of Research and Technology.

1. Introduction of Organizations signing MOU

a) Mahatma Gandhi Institute of Rural Energy and Development (MGIRED):

Mahatma Gandhi Institute of Rural Energy and Development, was established in the year 2000 with assistance of Ministry of New and Renewable Energy (MNRE), Government of India and the Rural Development & Panchayat Raj Dept., Government of Karnataka. The main objective was to have a unique Institution to carry out Capacity Building and Awareness Programme in the areas of Rural Energy and Sustainable Rural Development which will cater to the needs of Karnataka and neighboring southern states.

b) SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust (R). SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka (Amongst VTU affiliated private engineering colleges); Ranked No.5 in south India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey may 2015. To its credit, the institution has bagged several Ranks from the University.

The institution offers 4 years full time under graduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established at the institute in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services

in several quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

Both the parties wish to cooperate with each other for mutual benefit.

2. Objective

The goal of this collaboration is to facilitate advanced training and Research & Development in the field of Renewable Energy and to provide higher learning opportunities to the students, exchange of resources and knowledge sharing between institutions.

3. Scope

- (i) Creating a Research initiative in Renewable Energy and branding the MGIRED objective as one of the world's leading Institute in the field of Renewable Energy through Research & Development and Policy Planning.
- (ii) Internship to talented students which is an opportunity for students to gain experience on working in an engineering environment to build competencies along with their academic requirements. A platform to learn and prove their potential.

- (iii) Opportunity to collaborate in the field of solar and other renewable energy and applied research for joint research projects, proposals and patents.
- (iv) Opportunity for fundamental and applied research projects.
- (v) Opportunity for MGIRED to work with the EEE-SJBIT for Tailor-made Courses/training programs for their students and employees. Modalities and fees etc. to be worked out mutually.
- (vi) MGIRED will be permitted to conduct technical sessions and programs in chosen and agreed topics of interest. SJB Institute of Technology also can depute the Faculty members/students to attend seminars on need basis.
- (vii) Frequent visits of representatives of 'EEE-SJBIT' and 'MGIRED' to exchange ideas and explore the possibilities in engineering and technology as and when required.
- (viii) Opportunity for MGIRED branding and display collaterals like posters, product cut-outs during organizing of events.
- (ix) Opportunity for the MGIRED employees to take up higher studies such as Post Graduate and doctoral programs as per the institution and affiliating University norms.

4. Obligations & Duties of SJB Institute of Technology & MGIRED:

4.1 Obligations & Duties of SJB Institute of Technology:

- (i) To collaborate in the field of Renewable energy and applied research for joint research projects, proposals and patents.
- (ii) To enhance industry interaction through a curriculum defined (as per

affiliating university) and developed in association with MGIRED.

- (iii) To give training at SJB Institute of Technology to Students and Faculty in the technology areas proposed by MGIRED.
- (iv) Utilizing the Faculty and infrastructure of SJB Institute of Technology by MGIRED for experimentation, sponsored research & consulting.
- (v) To provide the necessary facilities and equipment such as desks, chairs, whiteboard, reading and writing material for the training and education to SJBIT Students and Faculty free of cost. In case of outside participants nominal charges will be applicable.
- (vi) To provide Opportunity for the MGIRED employees to take up higher studies such as Post Graduate and doctoral programs as per the institution and affiliating University norms.

4.2 Obligations & Duties of MGIRED:

- (i) During the term of this MOU, MGIRED agrees to conduct Faculty Development Programs (FDP) and Student Development Programs (SDP), at a nominal fee and whenever sponsored funds are available for FDP & SDP, EEE-SJBIT may be given preference. EEE-SJBIT shall work with MGIRED in advance, and select and develop the course materials/curriculum for the Faculty Development Program and Student Development Program.
- (ii) MGIRED agrees to take students of department of Electrical & Electronics Engineering for internship at MGIRED.
- (iii) MGIRED agrees to provide facilities available to the students, research scholars and faculty for carrying out project works and doctoral programs as per MGIRED norms.

- (iv) MGIRED agrees to collaborate with EEE-SJBIT to seek financial support from recognized agencies for research in the field of Renewable Energy through Joint Research proposals.

5. Evaluation of Co-operation

Both MGIRED and EEE-SJBIT shall suitably acknowledge and give due credit to the work executed by each other and both shall have the right to publish Papers or Articles. The parties will conduct joint periodic reviews to monitor and optimize their co-operation under this Agreement.

6. Confidentiality Obligations:

Each party shall keep confidential and not disclose to third parties or use for any purpose not contemplated under this Agreement all proprietary information received from the other party, directly or indirectly, in connection with this Agreement. This obligation shall survive the termination of this Agreement.

7. Publications:

The publications coming out of any research collaboration in the scope of this MOU should suitably acknowledge both the institutions.

8. TERM & TERMINATION

8.1. Term:

The MOU shall be effective from the Effective Date and remain valid for a period of five years. The MOU may be extended mutually in

writing by both parties on the same terms and conditions as contained herein.

8.2. Termination:

Either Party may terminate this MOU with a 30 day prior written notice of termination to the other Party.

Either Party may terminate this MOU in the event of breach of the terms of this MOU, or due to failure to fulfill the obligations and duties as set out in the MOU, by the other Party by calling upon the defaulting party to rectify such breach within fifteen days from the date of the notice, failing which the breach shall be deemed to be a material breach, and will entitle such other party to terminate this MOU.

9. LIABILITY:

9.1. Neither party shall be liable for any indirect, punitive, special, incidental or consequential damages arising out of or in connection with this MOU, whether for breach of this MOU or in torts, including loss of business, data, revenue, profits, or for any third party claims against the other.

9.2. Any physical damage or loss arising out of this collaborative work or damage to property of MGIRED or SJB Institute of Technology from students, faculty or any third party. The actual cost of the damaged or lost property shall be payable by the concerned person who causes damage.

10. GENERAL PROVISIONS

10.1. Relationship between Parties:

This MOU shall not be construed to be an agency or a partnership or joint venture or an association of persons or an employment relationship between the Parties. Neither Party shall be entitled to bind the other party with any third party by its actions, unless it has specifically obtained the prior written consent of such other party to do so. Each Party is an independent contractor, and nothing under this MOU shall be construed to create an employment relationship, whether for tax or for any other purpose, nor any partnership or joint venture or association of persons between the parties. No provision of this MOU grants either party any express or implied right of authority to assume or create any obligations or responsibility on behalf of or in the name of the other party, or bind the other party in any manner or thing whatsoever. Neither party nor its personnel shall be considered employees of the other.

10.2. Assignment:

Neither party shall assign or transfer this MOU or any benefits or rights or obligations accruing it under this MOU, without the prior written consent of the other party. Notwithstanding the aforesaid, it is herein acknowledged between the Parties that both MGIRED and SJB Institute of Technology shall be allowed, during the term of this MOU and for performance of its duties hereunder, to utilize the assistance of its Affiliates without any objections from each other.

10.3. Right to Audit:

MGIRED shall be entitled to audit the training attendance record maintained by SJB Institute of Technology. This audit shall be conducted by MGIRED during reasonable hours.

10.4. Entire Agreement:

This MOU supersedes all prior oral or written communication, discussions, negotiations and representations communicated between the parties hereto in respect of the subject matter of this MOU.

10.5. Amendments/ Modifications:

Any modification to this MOU shall only be made by way of a written instrument duly executed by the authorized representatives of the Parties hereto.

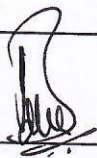

10.6. Notices:

Any notice under this MOU will be in writing and delivered by hand or by registered mail, return receipt requested, to the other party at the registered office and to the nominated contact person of the other party. If any notice is sent by mail, notice will be effective on the date of receipt.

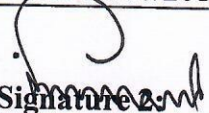

10.7. This MOU shall be executed in two counterparts, each of which shall be deemed original but all of this together shall constitute one and the same instrument.

10.8. Nominated Contact Person:

The Parties shall maintain at all times, a one-point contact for the other Party. Any change in the contacts will be promptly notified to the other Party. Any information or notice given to the nominated contact person of a Party shall be considered to have been given to such Party and to be within its knowledge.

GUSTOVALLEY TECHNOVATIONS LLP

This is the Memorandum of Understanding ("the MoU") signed between **Gustovalley Technovations LLP** and **SJB Institute of Technology** and is valid from **22/03/2021**.

Gustolearn is the university program vertical of **Gustovalley Technovations LLP** has got variety of programs across various disciplines ranging from basic embedded system to the most advanced Cloud computing and Computer vision technology. Our strength lies with our team and the trainers with Industrial background and their experience working on the innovative solutions to meet the industry needs. Gustolearn vision is to develop a healthy research and development community among the Industry experts, Educational Institutions and students which can act as a learning platform and an knowledge nurturing centre for their innovative development projects.

Training services offered to Universities under **Gustolearn Program**

- Internships
- Hands-on Workshops
- Webinars
- Projects

Gustovalley Technovations is originally an automation-based company working on automation systems, software and Augmented Reality and other image processing projects. The need for us to connect with the Industry, Educational institute and Students has led to the inception of University program with the birth of new vertical called "Gustolearn". Some of the topics which we cover in university program include.

A. Raj

- Embedded System
- Internet of Things (IoT)
- Robotics
- Data Science and Artificial Intelligence
- Deep learning in Hardware
- Computer vision and Image Processing
- Web Development
- Python programming
- Android Application
- Flutter (Dart Programming)
- 3d Design using Blender.
- Augmented Reality
- Cloud computing
- PLC programming
- Computer Aided Design and lot more

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust ®. SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka (Amongst VTU affiliated private engineering colleges); Ranked No.5 in South India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey may 2015. To its credit, the institution has bagged several Ranks from the University.

A. M. J.

The institution offers 4 years full time undergraduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

- Both the parties wish to cooperate with each other for mutual benefit.

Purpose:

This MoU focus on the overall development of the student fraternity of SJBIT through Internship Program, Skill developments, Placement assistance. This will also benefit the students by having a deeper understanding of the concepts by providing learning through hands-on experience. This will boost student's confidence on the subject and will help him to face interview without any hassle.

- To provide Internship and training on Industry 4.0 to the undergraduate students of SJB Institute of Technology to bring out professional excellence.
- Since we live in the age of Information technology and there is burning need for the Industry to collaborate with all the micro systems for the effective functioning of organizations. All the industries are moving towards adopting Industry 4.0 technologies. This opens up the wider scope of job opportunities in the near future.

A. M. J.

- The Internship program on Industry 4.0 is designed to introduce various technologies in Industry 4.0 and they will learn each and every technology revolving around a particular application. This will not only help them to have a exposure of Industrial needs but also will help them to choose their technology of interest and pursue their knowledge and career in that area.
- We will issue the Internship certificates to the students who undertake the training in consultation with SJB Institute of Technology. Our certificate comes with a reference number for validation by Companies and other organizations.
- We provide a support to skill development programs and technical training to the students and staffs of SJBIT to keep them in par with the industry standards.
- We also extend our support to provide a placement assistance to the outperforming students during this internships and training programs.
- We would also support the college to strategize the actions to bridge the industry academia gap.
- Publications: SJB Institute of Technology is free to publish technical articles in as a by-product of training. However, Gustovalley Technovations LLP may indicate any confidential information not to be disclosed, approve and request any due credit of the article before publishing.
- Prior permission and mutual consent will be obtained for public announcements of any kind pertaining to MoU

By signing this MoU, Gustovalley Technovations LLP can undertake the training and other activities considering the liabilities as per academic calendar recommended by the affiliated universities upon mutual consent and discussions.

A. May

Training and internships are rendered to the students at the prices fixed after discussion between both the parties time to time.

MoU duration:

The MoU validity starts from **22/03/2021** and will be reviewed and revalidated mutually and timely.

Restrictions:

This MoU is largely focused with activities related to SJB Institute of Technology. However not restricted to other peripheral supporting disciplines when required.

POWER EQUIPMENT SYSTEM PRIVATE LIMITED

Power Equipment Systems (PES) established in the year 1989. PES is one of the most reliable & trusted sources in the field of Electrical Power, Control, Distribution and Automation systems. With its full commitment to quality PES Panels have the highest possible standards in all aspects of its functioning.

PES has been supplying custom-built Panel boards to variety clients in Defence, Public Sector Units, Steel, Cement, Sugar and Food processing, Textile, IT, Educational Institution sectors. With its uncompromising policy to quality, commitment to customer total satisfaction and an aim to create the best in the industry, PES distinguished itself from other manufacturers in the industry. The company has implemented Quality Management Systems procedures and been awarded ISO 9001-2008 Certification.

An elaborate Quality Control system ensures that our focus is on manufacturing and assembling quality products which has resulted in working for valued clients from various industries. PES Panel Boards are type-tested at CPRI, for Temperature raise test, 50kA Short Circuit test, High Voltage test, etc., up to 3200A as per IS-8623.

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

03/07/2017

VJT Private Limited

SJBIT/ADM/147(A)/2017-18

Memorandum of Understanding

This memorandum of understanding ("MOU") for the tenure of 3rd July 2017 to 3rd July 2018 ("One Year") by and between **Department of Electrical and Electronics Engineering, SJB Institute of Technology** a premier institute, VTU affiliated college having its principal office at No.67, BGS Health & Education City, Uttarahalli Main Road, Kengeri, Bengaluru, Karnataka 560060 ("SJBIT") and **Viswajothi Technologies private limited** a company incorporated in Bengaluru, having its principal office at #64, 2nd floor, oil mill road, Lingarajapuram, Bengaluru-560084 ("VJT PVT LTD.").

The SJBIT and VJT shall individually be referred to as a "party" and jointly as the "parties".

The SJB Institute of Technology, a Premier Institute and VJTPvt Ltd. desire to collaborate together for **Establishing a Center of Excellence ("COE") in Research Assistance, Seminars and training at SJBIT's Bengaluru campus** as per the scope specified in the sections to follow.

The parties hereby agree as follows

1. Scope of the MOU

VJT and SJBIT would work together setting up a Center of Excellence in Research Assistance, Seminars and training at SJBIT's with department of EEE Bengaluru campus in Bengaluru.

Some of the key activities of this COE would be as below

- 1.1 SJBIT and VJT realize the importance of faculty being abreast of the technology directions and advances. It is proposed that VJT offer training to faculties of EEE Department at SJBIT campus.
- 1.2 Power Electronics, Industrial Drives and Grid Synchronization are the core area of development. Students must be made aware of the concepts and advances in this field on continual basis. VJT would help SJBIT design curriculum that would provide students an opportunity to build skills that would be immediately useful in the industry.

Viswa Jothi Technologies Private Limited

64, 2nd Floor, Near Anjaneya Temple, Arvind Nagar, Oil Mill Road, Bangalore - 560 084, Ph 080 - 4206 3276

www.vit-ind.in

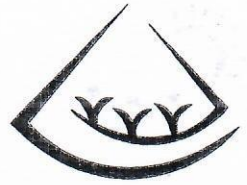

VJT Private Limited

- 1.3 VJT would help SJBIT, department of EEE, set up a state-of-art laboratory where students and faculties would be able to learn advance combination technologies, set up experiments for hands-on training and work on the enhancement of technologies.
- 1.4 This COE would play a key role in development of students and their career enhancement. VJT would offer projects to students to do their major and minor projects at VJT' facilities in Bengaluru.
- 1.5 VJT would also participate in job placement activity at SJBIT in order to provide select students a career option in Power Electronics and Industrial Drives.
- 1.6 This COE will have a charter to help SJBIT set up a state-of-art information grid amongst its constituent and affiliate institutes. However, this activity would require SJBIT to have access to substantial funding. The COE would help architect, design and implement such a network.

2. Execution phases:

In order to have measureable progress, the entire set of activities above has been divided in multiple phases. The phases and their activities are:

- 2.1 Phase 1- Germination phase (Activities 1.1 and 1.2).
VJT shall provide training to a selected set of faculties on Power Electronics, Industrial Drives and Grid Synchronization Concepts. Once faculty is experienced in the domain, they can help with the execution of subsequent phases.
- 2.2 Phase 2 - Nurturing Phase (Activities 1.3 and 1.4).
In this phase, students are taught the concepts and given an opportunity to experience what they have been taught to enhance their learning.
- 2.3 Phase 3- Reaping Benefits (Activities 1.5 and 1.6).
The institution benefits via state-of-art techniques in Power Electronics and Industrial Drives to meet its Technical needs. With the Power Electronicsrevolution sweeping the country, the students come out with skill set that are suitable for the absorption in the industry.

VJT Private Limited

3. Roles and responsibilities

The activities defined above require co-operation between SJBIT and VJT as described herein:

Activity 1.1:

VJT responsibility:

- a. Define training schedule.
- b. Prepare training material.
- c. Designation of training personnel.

SJBIT responsibility:

- a. Provide faculty names.
- b. Arrange logistics for conducting the training at SJBIT campus.

Activity 1.2:

VJT responsibility:

- a. Provide list of topics and relevant literature.
- b. Critical review of the curriculum and course content.

SJBIT responsibility:

The topics and prepare class material.

Activity 1.3:

VJT responsibility:

- a. Provide a lab design including test equipment.
- b. Provide requisite equipment list.
- c. Oversee lab setup.

VJT Private Limited

SJBIT responsibility:

- a. Provide lab space and facilities.
- b. Procure lab infrastructure including third party equipments.

Activity 1.4:

VJT responsibility:

- a. Visit campus at appropriate times to select students for major/minor projects.
- b. Provide them projects and mentors at VJT facilities.

SJBIT responsibility:

- a. Intimate VJT on schedules for projects.
- b. Facilitate test/interview of students.

Activity 1.5:

VJT responsibility:

- a. Visit SJBIT campus for recruitment.

SJBIT responsibility:

- a. Intimate VJT on schedules for placement.
- b. Provide preferential slot for VJT for on-campus recruitment.

Activity 1.6:

VJT responsibility:

- a. Provide details about thrust area projects.
- b. Advice on the implementation details.

VJT Private Limited

SJBIT responsibility:

- a. Identify facilities to be connected along with service to be provided through the thrust area.
- b. Identify provider of the facilities.
- c. Carry out implementation phase with help from various service providers and constant advice from VJT.

4. Confidentiality

4.1. Confidential information:

As used in this MOU, the term "Confidential information" means any and all Confidential or proprietary information emanating from a party's business, in any form, including but not limited to information relating to the disclosing party's past, present or future research development or business activities, products, computer programmers, services, trade secrets, marketing strategies and plans, documentation, financial information, customers and supplier details, pricing and other materials. Confidential information may also include oral information disclosed by one party to the other pursuant to this MOU, provided that such information is designated as confidential at the time of disclosure and is reduced to writing by the disclosing party within a reasonable time (not to exceed thirty (30) days) after its first oral disclosure, and such writing is marked in a manner to indicate its confidential nature and delivered to the receiving party.

4.2. Treatment of confidential information:

Each party will treat as confidential, all "Confidential information" of the other party and shall not disclose such confidential information to any third party without prior written consent of the other party except as may be necessary for the purposes of the MOU. Without limiting the foregoing, each of the parties will use at least some degree of care with respect to the confidential information that such party uses to prevent the disclosure of its own confidential information of like importance. Each party will promptly notify the other party of any actual or suspected misuse or unauthorized disclosure of the other party's confidential information.

VJT Private Limited

4.3. Exceptions:

Notwithstanding the above, neither party will have liability to the other with regard to any confidential information of the other with the receiving party can demonstrate:

- a) Was in the public domain at the time it was disclosed or has become in the public domain through no fault of the receiving party;
- b) Was known to the receiving party through no breach of any other Confidentiality MOU at the time of disclosure, as evidenced by the receiving party's files in existence at the time of disclosure;
- c) Was independently developed by the receiving party as evidenced by the receiving party's files in existence at the time of disclosure;
- d) Is disclosed by the disclosing party to an third party Confidentiality obligations similar to those contained in this MOU; or
- e) Is disclosed pursuant to the order or requirement of a court, administrative agency, or other governmental body, provided, however, that the receiving party will provide prompt notice thereof to the disclosing party prior to any disclosure to enable the disclosing party to seek a protective order or otherwise prevent or restrict such disclosure.

4.4. Confidentiality of MOU. Each party agrees that the specification terms and conditions of this MOU will be treated as Confidential information and that no disclosure thereof will be made in any form without the prior written consent of the other party, except (1) as required by applicable disclosure laws; (2) to accountants, banks, financing sources, lawyers and related parties subject to a duty not to disclose to others; (3) in connection with the enforcement of this MOU.

VJT Private Limited

5. Ownership

Except as provided herein, this MOU will not be construed to grant any license under any trade secret, patent, patent application, industrial design, trademark, copyright, mask work, Confidential process, formula, plan, computer program, data or other valuable Confidential information or know-how to either party. Each party will own and retain all of its right, title, and interest in and relating to its intellectual property rights in its products and services and Confidential information, both currently used and that which may be developed and used in the future.

6. Term and Termination

6.1. Term. The term of this MOU will be of one year from the Effective Date, provide that the MOU shall automatically terminate in the event of any of the following events occurring:-

- i. Execution of the Definitive Agreement between parties;
- ii. Mutual agreement by the parties to terminate this MOU;

6.2. Termination for cause. Either party may terminate this MOU following thirty (30) days written notice to the other of a material breach of this MOU if such breach is not cured within such period. The parties acknowledge that each has an independent reputation with its respective clients which they may elect to protect irrespective of any breach by the other. Each party agrees to provide the other with any and all data, assistance and information reasonably required to cure such breach.

6.3. Consequences of termination. In the event of termination or expiration of this MOU, each party will immediately (1) make any outstanding payments to the other; and (2) return any products software or hardware, if any, marketing materials, and Confidential information provided by the other party.

VJT Private Limited

6.4. Survival. In the event of termination or expiration of this MOU, then the provisions of this MOU that are intended by their nature to survive such termination or expiration shall survive, including but not surviving sections-5, 6.4, 6.5 and 8.

6.5. Termination Remedies Not Exclusive. The termination rights and obligations of the parties set forth above in this section are not exclusive, but are in addition to any other rights and remedies available to the parties, in law or in equity, for breach of this MOU.

7. Force majeure

In the event that either party is unable to perform any of its obligations under this MOU as a result of natural disasters, strikes, lock outs, regulations of governmental bodies, or any other delay or failure which arises from causes beyond a party's reasonable control (hereafter referred to as a "force majeure Event"), the party whose performance has been so affected shall not be liable for such nonperformance but shall promptly give notice to other party and shall do everything reasonably possible to resume performance. Upon receipt of such notice. This MOU shall be immediately suspended. If the period of nonperformance exceeds fifteen (15) days from the receipt of notice of the force majeure Event, the party whose ability to perform has not been so affected may by giving written notice terminate this MOU.

8. General provisions:

8.1. Governing law: This MOU will be governed by, and interpreted under, the laws of India and jurisdiction limited to courts at Bengaluru, India.

8.2. Dispute resolutions: should any dispute arise between the parties, the parties will attempt to resolve the dispute in good faith by senior level negotiations. If such negotiations do not result in a resolution of the dispute, parties shall refer such dispute to arbitration. The arbitration shall be conducted in accordance with the Indian arbitrator and conciliation act, 1996. Each party shall appoint one arbitrator. The Arbitrators shall thereupon appoint a third arbitrator. The arbitration shall be conducted in English and the venue of the arbitration shall be at Bengaluru.

VJT Private Limited

The decision of the arbitrator shall be final and binding upon the parties, provided that each party shall at all times be entitled to obtain equitable injunctive or similar relief from any court having jurisdiction in order to protect itself from any irreparable harm or losses, including but not limited to losses arising from breaches of intellectual property rights and confidentially.

8.3. Compliance with laws: each party will comply with all applicable laws, rules and regulations in its performance of this MOU

8.4. Assignment: This MOU will bind and inure to the benefit of the successors and permitted assigns of the parties, but neither party will have the right to assign or otherwise transfer its rights or obligations under this MOU without receiving the express prior written consent of the other party, such content not be unreasonably withheld.

8.5. Modification and waiver: modification to this MOU, nor any waiver of any rights, will be effective unless agreed to in writing by the party to be charged the waiver of any breach or default will not constitute a waiver of any other right hereunder or any subsequent breach or default.

8.6. Notices: All notices, consents and other communications hereunder to be given in writing as expressly provided herein, will be transmitted to the addresses as either party may substitute by written notice to other in such manner. Any such notice will be deemed served when delivered.

8.7. Severability: If any provision of this MOU is determined to be invalid or unenforceable it will be deemed to be modified to the minimum extent necessary to be valid and enforceable. If it cannot be so modified It will be deleted and the deletion will not affect the validity or enforceability of any other provision.

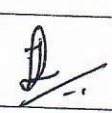

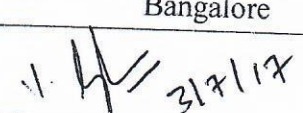

8.8. Relationship of parties. The parties are independent contracts under no circumstances will be employees of the other party this MOU does not grant authority to either party to act for the other in an agency or other capacity and the behalf of the other party.

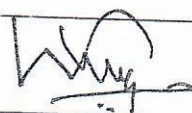

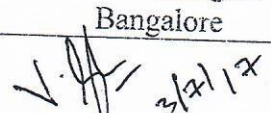

8.9. Publicity. VJT and SJB Institute of Technology will not make any public statement, but not limited to, press releases or public announcement reference relationship established under this MOU without prior consultation and written approval by the other except as required by law.

8.10. Entire MOU: This MOU, sets forth the entire MOU and understanding between their parties with respect to the subject matter hereof, and supersedes all prior and written MOUs. Understanding, representations, conditions and all communications relating thereto.

8.11. Counterparts: This MOU may be executed in multiple counterparts which will be deemed an original but all of which together will constitute the instrument. The parties acknowledge that the undersigned are duly authorized to execute the MOU effective as of the effective date.

MEMORANDUM OF UNDERSTANDING

This memorandum of Understanding (here in after referred to as the "MoU") is entered to on this the 31st day of August 2021.

BY AND BETWEEN

Department of Electrical and Electronics Engineering, SJB Institute of Technology, Bengaluru 560060, Karnataka, an institution of higher education established under the aegis of Adichunchanagiri Math, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560060, www.sjbit.edu.in, represented by its Mrs. Rekha P S, Assistant Professor and Dr. Mamatha M Gowda, Professor (here in after referred to as the "Department", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s GenEd Technologies,, a company incorporated under the laws of India, having its registered office at Plot 26, First floor 3rd Cross, Mangammanapalya Main Road Bommanahalli Bengaluru Karnataka 560068, , www.genedgrp.com represented by its Proprietor / Director Mr. K Uday Bhargav (herein after referred to as the "Industry", which expression, unless repugnant to the context and meaning there in, shall mean and include its successors, representatives, nominees and assigns).

The term "Industry" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. GenEd focuses on Education for Engineering students and teaching various technical concepts along with courses to the students of Electrical and Electronics Engineering (EEE) and Electronics and Communication Engineering (ECE). The GenEd conducts various workshops related to the field of Robotics, Automation, Embedded systems, and Electronics.

GenEd Technologies is a group of Engineers who offer to coach on courses like MATLAB, Simulink, Auto CAD, Or-CAD, PCB Designing, Automation, etc. to students of EEE and ECE which support and foster interest in aspects related to Electricals, Electronics, and Embedded systems. GenEd Technologies cater to the interests of beginners in Electrical and Electronics Engineering. They work to provide a forum for learning about everything from hardware to electrical to electronics to programming. Also conducts workshops based on the Robotics, Automation, Embedded systems, and Electronics for the students from second-year engineering of the EEE and ECE branches. Students will gain knowledge of the practical components and their applications in the real world.

B. Department of Electrical and Electronics Engineering is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to complement its educational excellence to meet the industry needs. It has entered various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Electrical and Electronics discipline.

C. The Parties are desirous to enter this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of Engineering and Technology. Collaborative task includes **Internship Training to students, Project Support and Placement Assistance, Workshops, Tech Talks, Technical Webinar, Faculty Development Programs, Training on latest Tools & Techniques for students, Faculty and Technical Staff.**

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as maybe required from time to time to give effect to the intention of the Parties contemplated here in. Not with standing anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal-principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries, under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is for a period of 3 years with effect from **31/08/2021**. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that thought this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

Any payment offered to the students by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or here in after disclosed by a Party (the Disclosing Party) to the other Party (the Receiving Party) of this MOU involving technical, business, marketing, policy, knowhow, planning, project man agreement and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be confidential before the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come in to force on such date as may be determined by the Parties.

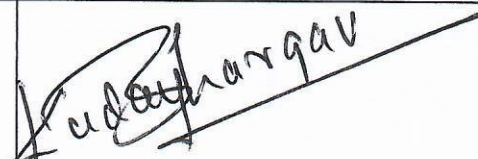

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, implore create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of its shall be shared proportionately by the parties in consonance with the efforts/inputs given by them.

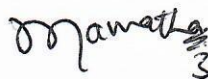

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company are governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHERE OF, the undersigned, being duly authorized there to, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

Memorandum of Understanding (MOU)

Department of Electrical and Electronics Engineering

&

Alpine Coach Tree - HVAC Training Institute in Bangalore

This is the Memorandum of Understanding ("the MoU") signed between **SJB Institute of Technology** and **Alpine Coach Tree - HVAC Training Institute** is valid from 13/09/2021.

Who we are?

We Alpine Coach Tree have considerable expertise in equipping both fresh and practicing engineers with the skills required to succeed in the industry. Ever since our inception in 2014, we have been committed to providing quality training to aspiring engineers. In this short span of two years, our training methods as well as placements have seen considerable growth and improvement and are on par with the best in the industry.

Skills for progress

Being among the best HVAC training and MEP training institutes in India, we offer a variety of courses across streams such as Revit, Electrical (training and design courses) and a wide variety of MEP and HVAC courses suited to individual career needs. The depth of our teaching equips students to understand industry requirements and makes them self-motivated enough to stay abreast of new developments in the industry which they may come across during the course of their work. Our extensive course modules and teaching methods help students get access to the best classroom training. We therefore build a path to progress, helping them gain the skills necessary to enrich their professional career. Many students who have studied at our centres in

Bangalore, Chennai and Hyderabad have shared testimonials about their positive experiences with us.

Sustainability practices

Ecological sustainability is a key area of focus in our teaching modules, which makes us one of the best MEP training and HVAC training institutes in India. Our focus is on raising awareness among students on the importance and relevance of environmental conservation and sustainability in today's world, even in their professional work arena. Sustainability is an upcoming arena in the HVAC industry and given the emphasis companies place on Corporate Social Responsibility, their focus is to conduct business as sustainably as possible with minimal ecological damage. This makes green-focused HVAC professionals attractive in the job market. In fact, Asia has been heralded as a fertile market for Green HVAC. Our Green HVAC course is a key differentiator in terms of our offerings.

Placement Assistance-From classroom to MEP industry

As one of the best HVAC training and MEP training institutes in India, we train our students for experiences that lie beyond the classroom arena. We hone our students to face job interviews and challenges they may face in the real world. We groom students by giving them tips, conducting mock interviews and instilling confidence in them by getting them to highlight their strengths during interviews. Our placement cell is constantly in touch with industry sources and aids students in getting jobs that are best suited to their aptitude. We coordinate interviews for our graduates with leading companies in the industry and our strong industry connections enable students to get the best out of their training with us.

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust ®. SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka

(Amongst VTU affiliated private engineering colleges); Ranked No.5 in South India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey may 2015. To its credit, the institution has bagged several Ranks from the University.

The institution offers 4 years full time undergraduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

- Both the parties wish to cooperate with each other for mutual benefit.

Purpose:

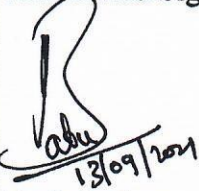

This MoU focus on the overall development of the student fraternity of SJBIT through Skill developments, Training Programs, Seminars, Placement assistance. This will also benefit the students by having a deeper understanding of the concepts by providing learning through hands-on experience. This will boost student's confidence on the subject and will help him/her to face interview without any hassle.

By signing this MoU, Alpine Coach Tree can undertake the training, Placements and other activities considering the liabilities as per academic calendar recommended by the affiliated universities upon mutual consent and discussions.

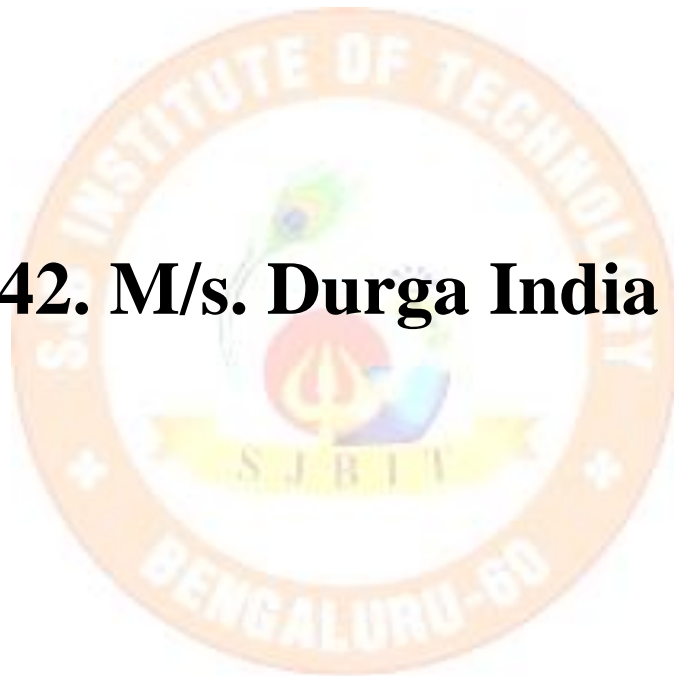

Training and placements are rendered to the students at the prices fixed after discussion between both the parties time to time.

Restrictions:

This MoU is largely focused with activities related to SJB Institute of Technology. However not restricted to other peripheral supporting disciplines when required.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding (the 'Agreement') was made and entered into on this 14th of September 2021 by and between:

I'm Every Woman, a Trust registered under Trust Act having its Principal office registered office at No 405 B Block, Amarjyothi Apartments, Kanakapura Road, Jayanagar IV Block, Bangalore 560082 (hereinafter referred to as "DURGA INDIA")

AND

Department of Electrical and Electronics Engineering, SJB Institute of Technology (hereinafter referred to as "SJBIT"), having its registered office at No.67, BGS Health & Education City, Dr. Vishnuvardhan Rd, Kengeri, Bengaluru, Karnataka 560060 (Durga India and SJBIT shall thereafter collectively be referred to as the "parties" and individually as 'party/each party/either party wherever context permits).

RECITALS:

A. The Parties have agreed to enter into this Agreement on non-exclusive basis with a purpose of entering into a strategic association wherein the parties may identify, acquire and execute joint projects/programs/interventions of mutual interest to enable youth to understand, ideate and innovate on the topic of women safety, gender equality and equity (the 'identified projects') and thereby protect, support and empower survivors of such exploitation and abuse, especially women and children.

NOW THEREFORE IN CONSIDERATION OF THE MUTUAL COVENANTS AND PROMISES MADE HEREINAFTER THE PARTIES HERETO AGREE AS FOLLOWS:

1: OBJECTIVE OF STRATEGIC ALLIANCE

The aim and objective of this strategic association between the parties is to look for identified projects pertaining to common objectives and thereafter acquire and execute such identified projects by pooling their resources and expertise.

2: TERRITORY

The rights and obligations contained herein shall relate to the territorial limits of the Republic of India. Thus, the parties shall be free to acquire and execute joint identified projects anywhere in India without restrictions of geographical limits of state/s.

3: ROLES AND RESPONSIBILITIES

The parties agree to perform under this agreement and discharge their responsibilities as per 'Roles and Responsibilities of Parties' given below:

Durga's Responsibilities:

- 1) Orientation with the students about Durga
- 2) Facilitate the Durga Safety workshop
- 3) Baseline assessment of the students
- 4) Durga India will be responsible for identifying 10 durga champions who will act as anchors for the project
- 5) Set-up of the Voice Labs within the campus
- 6) Durga India will be conducting fortnightly capacity building sessions for the Voice Lab members
- 7) DARE (Durgas are Real heroes Everywhere) training/Orientation
- 8) DARE validation
- 9) Set-up an active Voice Out page
- 10) Weekly interaction with Voice Lab members
- 11) Organising bi-monthly Durga Listens which will be anchored by the Voice Lab members
- 12) Durga India will be training SPOC of SJBIT in documentation for accountability purposes.
- 13) Durga India will be evaluating the needle shift thinking in the students during and after the project is implemented.

SJB Institute of Technology's Responsibilities:

By signing this MoU, Durga India can integrate the Projects and other activities considering the liabilities as per academic calendar recommended by the affiliated universities upon mutual consent and discussions.

List of projects identified:

- 1) **Durga Workshop** - Conduct the Durga Safety Workshop and identify students and train them to become facilitators to conduct workshops for other students in SJBIT
- 2) **Voice Out** - Creating awareness on cyberbullying and cyber harassment. This project would be focused on understanding appropriate and inappropriate behavior in virtual spaces
- 3) **Voice Lab** - This project will be responsible for creating a physical space within the campus that would act as an anchor in the college campus. The Durga Champions would be the core team that would head the Voice Lab
- 4) **DARE** - Durga's are Real heroes Everywhere is a program that would aim at creating Active Bystanders. This initiative will focus on 21 day engagement with the street vendors and shopkeepers and help them integrate technology in their business.
- 5) **Durga Listens** - Durga Listens, a safe and non-judgemental space that encourages voices from the margins would be organised at the SJBIT campus twice a month.

At the end of each project, the students will be more cognizant of the issue and will be equipped to take care of their own safety. Students will also be expected to write a detailed report which will be submitted to the college and Durga India. This document will be evaluated by Durga India.

There will be a mutually agreed schedule and timeline for the execution of the above-mentioned projects. Time to time, the parties may jointly agree to add more projects for execution within the said timeline of this agreement. The parties undertake to work diligently and co-operate with each other in order to attain true objectives of their strategic association envisaged herein. Once the parties mutually decide to work together in respect of any identified project, then project specific roles and responsibilities will be discussed for efficient execution and to avoid any gap or misunderstandings. This being a non-exclusive arrangement, the parties shall be free to enter into similar agreement with other interested parties in the territory. However, relationships between the parties shall be exclusive in respect of any and all identified projects.

4: COPYRIGHT, PATENTS AND OTHER PROPRIETARY RIGHTS

4.1 All copyrights, patents and other intellectual property rights over existing materials (proprietary materials already in existence prior to execution of this agreement) and other materials of SJBIT or Durga India shall not be developed in connection with this agreement with joint effort and contribution of parties shall remain the exclusive property of SJBIT and Durga India and neither party shall challenge such ownership in any manner whatsoever.

4.2 All copyrights, patents and other intellectual property in the manuscripts, records, reports and other materials, except for the existing materials publicly or privately owned, developed or prepared in the course of this agreement with joint effort and contribution, shall remain joint property of the parties. Each party shall have the right to use joint intellectual property for their

own use, however commercial exploitation/or further grant-based use of joint intellectual property shall be permissible only with mutual consent of the parties.

5: TERM OF THE AGREEMENT

This agreement will remain valid for a period of three year commencing from 14th of September 2021, unless terminated earlier pursuant to the provision contained under clause 6 herein. The parties with their mutual consent can extend the validity of this agreement for such a period and upon such terms as may be mutually agreed from time to time.

6: TERMINATION AND EFFECT

- 6.1 This agreement can be terminated before expiry of tenure in the following manner:
- A. Forthwith by mutual consent in writing or in case either party commits breach which by nature cannot be cured, within five (5) working days
 - B. By either party upon giving a one-month (30 calendar days) notice in writing to the other party without assigning any reason.
- 6.2 Post termination or expiry, either Party shall not directly or indirectly identify itself in any manner as a party involved in Business with the other Party. In particular but without prejudice to the foregoing generality, neither Party shall use any of other Party's Trade Marks, Trade Names, Signs, Symbols, Designs, Devices, Insignia, copyrighted material or other distinctive materials, or any deceptively and confusingly similar Trademarks, Trade Names, Signs, Symbols, Devices, Insignia or other distinctive materials.
- 6.3 Notwithstanding termination for any reason whatsoever or expiry of the agreement, the parties will continue to discharge their respective responsibilities to serve all ongoing execution of identified projects pursuant to this agreement till completion. However, no fresh identified project shall be undertaken by the parties after serving termination notice by either party.

7: CONFIDENTIALITY

- 7.1 All information, documents, data, records, software, files etc. (whether technical, financial or commercial including customer information) in any form, media, whether electronic, digital or optic, communicated/supplied by either party to the other party or acquired during the course of association (hereinafter referred to as "Confidential Information"), shall be deemed to be confidential or proprietary in nature. The Confidential Information shall be held in utmost secrecy, strictest confidence and trust by the receiving party.
- 7.2 Both parties agree not to directly or indirectly use or permit the use, divulge or disclose such Confidential Information to any third party for any purpose other than for carrying out the obligations under this agreement or statutorily required to be disclosed.

8: INDEMNITY

- 8.1 Each Party ("Defaulting Party") shall indemnify, defend and hold harmless (i) the other party (ii) each of other party's Affiliates, assigns and successors in interest, as the case may be; and (iii) each of the respective directors and officers of other party from and against any and all

losses which may be incurred or suffered by any such party and which may arise out of or result from:

- A. breach of any obligations or covenants of defaulting Party as contained in this Agreement;
- B. acts /omissions in breach of the terms and conditions of this Agreement;
- C. Breach of any laws or regulations applicable to the defaulting Party;
- D. any third-party claims made for loss or damage of whatever description caused to such or any other third party as a result of the activities of the defaulting party; and
- E. any and all actions, suits, proceedings, claims, judgments, costs, expenses, incurred in enforcing this indemnity.

9: MISCELLANEOUS / GENERAL CONDITIONS

9.1: Interpretation The recitals are incorporated in and made a part of this Agreement. Titles of Articles, Sections, Clauses and paragraphs are used for convenience only and are not a part of the Text. All terms used in any one gender shall be construed to include any other gender as the context may require. The singular shall be deemed to include the plural and the plural shall be deemed to refer to the singular as the context may require.

9.2: Entire Agreement This Agreement constitutes the entire Agreement between the parties and shall prevail over any other Agreement relating to the subject matter hereof. Both Parties declare that they rely upon no representations, conditions, or warranties on the part of the other Party except as herein contained.

9.3: Compliance with Laws Each Party shall be liable for compliance with all applicable statute, legislation, rules, regulations etc in the territory, while working in terms of this Agreement and shall ensure that no non-compliance is committed. Neither Party shall be held liable for the breach of laws and non-compliances by the other Party.

9.4: Waiver The failure of either Party to exercise any right, power or option given to it hereunder, or to insist upon strict compliance with the terms hereof by the other Party shall not constitute a waiver of the terms and conditions of this Agreement with respect to any other or subsequent breach thereof, nor a waiver by the other Party of its rights at any time thereafter to require strict compliance with all the terms thereof. The rights or remedies hereunder are cumulative to any other rights or remedies which may be granted by law.

9.5: Severability In the event that any provision of this Agreement, or any portion thereof, shall be held invalid, illegal or unenforceable under Applicable Law, such defect shall not vitiate the other provisions of the Agreement and the remainder of the Agreement shall continue to be legal, valid, effectual and binding on both the Parties hereto.

9.6: Notices Any notice to be given hereunder shall be in writing and shall be deemed to have been duly served if sent by prepaid recorded delivery post addressed to the party to be served at its above written address or by email to the registered email address/ID.

9.7: No Agency That either Party shall not be nor shall be deemed to be an agent, legal representative, subsidiary, joint venture or employee of the other Party as a result of this Agreement. Both Parties shall make every effort to ensure that no impression is created to anyone of the existence of any such relationship with the other Party with the public at large.

9.8: Non-Solicitation SJBIT shall not employ any staff of the Durga India engaged and involved in the performance of this agreement during the period of this agreement and for a further period of 6 months from expiry or termination thereof. Similarly, Durga India shall also not employ any staff/employee of SJBIT during the continuance of this Agreement and for a further period of one year from the expiry or termination of this Agreement for any reason whatsoever.

10: FORCE MAJEURE

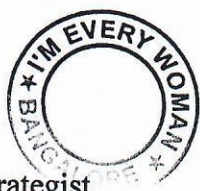

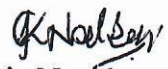

If the performance of this agreement or of any obligation of either party is prevented, restricted or interfered with by reason of fire, explosion, strike, casualty or accident, epidemic, cyclone, earthquake, flood or war, revolution, or requirement of any government or any subdivision, authority or representative of any such government, or any other act whatsoever, whether similar or dissimilar to those enumerated, beyond the reasonable control of any or both of the parties hereto; the party so affected, upon giving prompt notice to the other party shall be excused from such performance to the extent of such prevention, restriction or interference for the period it persists, provided that the party so affected shall use its best efforts to avoid or remove such causes of non-performance, if possible, and shall continue performance hereunder with the utmost dispatch whenever such causes are removed.

11: ARBITRATION, JURISDICTION AND GOVERNING LAWS

All claims disputes and differences of whatsoever nature arising out of this Agreement, raised by the either party under this Agreement whether during its term or after expiry thereof or prior termination shall be referred for arbitration by a sole Arbitrator appointed with mutual consent of the parties. The venue/place/seat of the Arbitration shall only be Bengaluru. Arbitration proceedings shall be conducted in English language as per the provisions of the Indian Arbitration and Conciliation Act, 1996 including any statutory modification or reenactment.

The parties agree that only the Courts in the Republic of India situated at Bengaluru shall have jurisdiction to entertain any proceedings related to this Agreement whether during pendency, or after termination. No other Court shall have jurisdiction. This Agreement shall be governed and construed in accordance with the Laws of India.

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust @. SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka (Amongst VTU affiliated private engineering colleges); Ranked No.5 in South India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey May 2015. To its credit, the institution has bagged several Ranks from the University.

The institution offers 4 years full time undergraduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

- Both the parties wish to cooperate with each other for mutual benefit.

Purpose:

This MoU focus on the overall development of the student fraternity of SJBIT through Internship Program, Skill development trainings and Faculty Development Programs. This will also benefit the students by having a deeper understanding of the concepts by providing learning through hands-on experience. This will boost student's confidence on the subject and will help him to face interview without any hassle.

- The goal of this collaboration between the two parties is to facilitate advanced Technical training, Research & Development in the field of Electrical and Electronics Engineering and to provide higher learning opportunities to the staffs and students. Practical exposure in the electrical field will be offered to the staffs and students. Exchange of resources and knowledge sharing between institutions for betterment of the student's knowledge.
- To make the students employable and Industry ready, develop the Research ability, bridge the gap between the Industry and Academia, and to cater the society needs.
 - i. Providing internship and Project assistance to the enthusiastic students to traverse their technical knowledge in the relevant field which helps to build their academics and career.
 - ii. Technical training to interested students is provided so that they are exposed to different industrial advancements and build competencies along with their academic requirements. A platform to learn and prove their potential is provided.
 - iii. Opportunity for EEE-SJBIT along with Markhow Consulting to workout Tailor-made Courses/training programs for their students and employees. Modalities and fees etc. to be worked out mutually.
 - iv. Markhow Consulting will be permitted to conduct technical webinar and programs in chosen and agreed topics of interest. EEE-SJBIT also can depute the faculty members and students to attend seminars on need basis.
 - v. Opportunity for Markhow Consulting and SJBIT to display collaterals like posters, product cut-outs during organizing of events with mutual consensus obtained from the other party.

- **OBLIGATIONS & DUTIES OF SJB INSTITUTE OF TECHNOLOGY & MARKHOW CONSULTING:**

1. **Obligations & Duties of SJB Institute of Technology:**

- i. To enhance industry interaction through a curriculum defined (as per affiliating university) and improvise the curriculum to match industry academia gap in consultation with Markhow Consulting.
- ii. SJB Institute of technology provide the necessary facilities to Markhow Consulting to deliver Technical training, Instructor Led Virtual Classrooms for the students and faculties of SJB Institute of Technology in the relevant technological areas.
- iii. To provide the necessary facilities and equipment such as computer systems, internet connectivity etc., for the training and education to SJBIT Students and Faculty through Markhow Consulting. In case of outside participants charges will be applicable, which can be determined by SJBIT.

2. **Obligations & Duties of Markhow Consulting:**

- i. During the term of this MOU, Markhow Consulting agrees to conduct Live Virtual Instructor Led Training Programs at a standardized fee for every enrollments, which is mutually agreed, through the Markhow Consulting portal.
- ii. Apart from this, SJBIT shall work with Markhow Consulting in advance, and select and develop the course materials/curriculum for the Faculty Development Program and Student Development Program.
- iii. Markhow Consulting agrees to provide facilities available to the students, research scholars and faculty for learning through the portal of Markhow Consulting for different courses in the respective domains.
- iv. Markhow Consulting have agreed to provide internships and projects to the inquisitive students and to fortify them and boost their skill sets and confidence, depending on the availability of such opportunities and at a cost mutually agreed upon.

By signing this MoU, Markhow Consulting can undertake the Training, Placement Support and other activities considering the liabilities as per academic calendar recommended by the affiliated universities upon mutual consent and discussions.

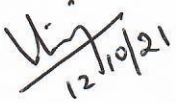

Training and internships are rendered to the students at the prices fixed after discussion between both the parties time to time.

MoU duration:

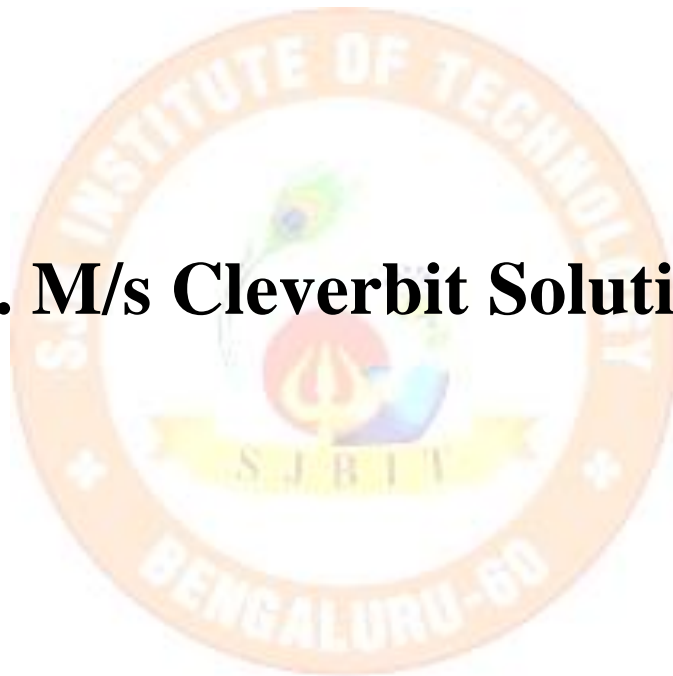

The MoU validity starts from 12/10/2021 and will be reviewed and revalidated mutually on timely basis. All liabilities if any are assumed terminated as on this date.

Restrictions:

This MoU is largely focused with activities related to SJB Institute of Technology. However not restricted to other peripheral supporting disciplines when required.

MEMORANDUM OF UNDERSTANDING (MOU)

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this the 6th day of January'2022 at Bengaluru

BY AND BETWEEN

Department of Electrical and Electronics, SJB Institute of Technology, Bengaluru-560 060, Karnataka, an institution of higher education established under the aegis of Adichunchanagiri Muth, located at BGS Health and Education City, Dr. Vishnuvardhan Road, Kengeri, Bengaluru-560 060, www.sjbit.edu.in, represented by its coordinators **Mrs. Prarthana J V** and **Mr. Vijay Kumar K** (hereinafter referred to as the "Department", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns);

AND

M/s Cleverbit Solutions, a company incorporated under the laws of India, having its registered office at #1788/23, 2nd floor, 5th main, 2nd stage, Vijaynagar, Bengaluru- 560104, www.cleverbit.in (website URL), represented by its Coordinator **Mrs. Malini Sharma** (herein after referred to as the "Company", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "Department" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, an Industry, established in the year 2017 and engaged in the business of with a vision to groom the next generations of engineers to be readily employable by the industry. With the demand for the skilled engineers on all time high, and also due to the dearth of quality engineers Cleverbit envisioned to act as a connecting link between the engineering graduates and the every changing technological industries.

A group of technocrats, with the wide range of experience, and having associated with various industries, have put their hands together to impart their knowledge to future generation of engineers. Cleverbit provides the young talents with an opportunity to understand the technologies, gain the knowledge and experience to offer realistic, intelligent and efficient solutions to pressing technological problems through its skill development programs. Such trained engineers are made available to meet the resource requirements of industries to minimize their hiring efforts and costs.

B. Department of Electrical and Electronics, SJBIT is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the electrical and electronics discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of engineering and technology.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1 This MOU is with effect from 06/01/2022. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHERE OF, the undersigned, being duly authorized there to, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

Private Limited**

MEMORANDUM OF UNDERSTANDING

This Agreement of understanding is made on the day of 05/12/2016 between the **Department of Electrical & Electronics Engineering, SJB Institute of Technology** (hereinafter called "EEE-SJBIT") **ELECKPRO ELECTRICAL ENGINEERS PVT. LTD.** a private company working as a consulting partners with various reputed industries. The company is having a registered office at No. 5, B.K.M complex, Byadarahalli, Magadi Road, Bengaluru-560091.

The parties entered into this agreement with their mutual intentions to cooperate with each other for mutual benefits in the field of Research and Technology.

1. INTRODUCTION OF ORGANIZATIONS SIGNING MOU

Elekpro Electrical Engineers (P) Ltd

Elekpro Electrical Engineers (P) Ltd as an **ABB Authorized Sales and Service Franchise** for Medium Voltage and Process Automation products is a one-stop offering comprehensive solutions in the field of Electrical Engineering. **ABB (ASEA Brown Boveri)** is a Swedish-Swiss multinational corporation headquartered in Zürich, Switzerland, operating mainly in robotics and automation technology areas. It ranked as the 286th largest company by revenue for 2016 in the Fortune Global 500 list. ABB is the world's largest builder of electricity grids and is active in many sectors, its core businesses being in power and automation technologies. With a long history of growth through mergers and acquisitions, it entered a phase of structure unification since 2014. The company has one corporate division and four production divisions since reorganization in January 2017. ABB is one of the few large companies that have successfully implemented the matrix structure in their organization. ABB is traded on the SIX Swiss Exchange in Zürich, Nasdaq Stockholm and the New York Stock Exchange in the United States. Elekpro Electrical Engineers (P) Ltd in association with ABB has honed their functioning into special art and emerged as a professional company, trusted by one and all with commitment to quality and assurance.

The Multifaceted activities of Elekpro Electrical Engineers (P) Ltd can be grouped

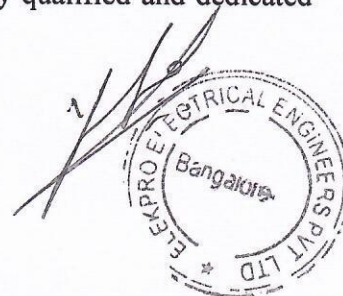

mainly into two divisions Product Sales Division, handling various Electrical Products of ABB, other makes as well, Service Division carries out Testing and Commissioning of various electrical products and associated equipments and we undertake Turnkey Electrical Retrofit solutions and has become increasingly popular, because of competent & competitive approach to the whole work concept and there by offering Turnkey solutions most suitable to the clientele.

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust. SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka (Amongst VTU affiliated private engineering colleges); Ranked No.5 in South India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey may 2015. To its credit, the institution has bagged several Ranks from the University.

The institution offers 4 years full time under graduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated

faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

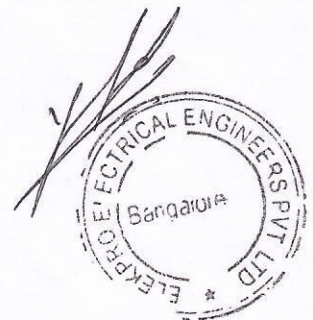

Both the parties wish to cooperate with each other for mutual benefit.

2. OBJECTIVE

The goal of this collaboration between the two parties is to facilitate advanced **Technical training, Research & Development** in the field of Electrical and Electronics Engineering and to provide higher learning opportunities to the staffs and students. Practical exposure in the electrical field will be offered to the staffs and students. Exchange of resources and knowledge sharing between institutions for betterment of the student's knowledge.

3. SCOPE

- (i) Creating a Research initiative in the field of constructions of electrical equipments and servicing of the equipment using latest approaches and world class exploration environment will be provided.
- (ii) Providing internship and Project assistance to the enthusiastic students to traverse their technical knowledge in the relevant field which helps to build their academics and career. This process also proffer the industrial exposure.
- (iii) Technical training to interested students is provided so that they are exposed to different industrial advancements and build competencies along with their academic requirements. A platform to learn and prove their potential is provided. Placement assistance is catered to such students once they acquire prerequisite eligibility.
- (iv) Opportunity for EEE-SJBIT to render the support in consultancy to the Elekpro Electrical Engineers (P) Ltd associated to ABB based on company requirement.
- (v) Opportunity for EEE-SJBIT along with Elekpro Electrical Engineers (P) Ltd to workout Tailor-made Courses/training programs for their students and employees. Modalities and fees etc. to be worked out mutually.

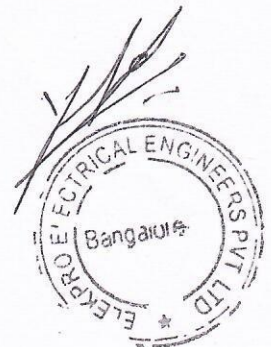

- (vi) Elekpro Electrical Engineers (P) Ltd will be permitted to conduct technical seminar and programs in chosen and agreed topics of interest. EEE-SJBIT also can depute the Faculty members and students to attend seminars on need basis.
- (vii) Frequent visits of representatives of 'EEE-SJBIT' and 'Elekpro Electrical Engineers (P) Ltd' to exchange ideas and explore the possibilities in engineering and technology as and when required.
- (viii) Opportunity for Elekpro Electrical Engineers (P) Ltd and ABB branding and display collaterals like posters, product cut-outs during organizing of events.

4. OBLIGATIONS & DUTIES OF SJB INSTITUTE OF TECHNOLOGY & ELEKPRO ELECTRICAL ENGINEERS (P) LTD:

4.1 Obligations & Duties of Electrical and Electronics Department, SJB Institute of Technology:

To collaborate and provide cooperation in the field of electrical equipments and servicing of the equipments for association with respect to research projects, proposals and patents.

- a. To enhance industry interaction through a curriculum defined (as per affiliating university) and improvise the curriculum to match industry academia gap in consultation with Elekpro Electrical Engineers (P) Ltd.
- b. Electrical and Electronics department, SJB Institute of technology provide the necessary facilities to Elekpro Electrical Engineers (P) Ltd and ABB to deliver Technical training, Internship to the students of SJB Institute of Technology and Research opportunities to the faculty in the relevant technological areas.
- c. To provide the necessary facilities and equipment such as desks, chairs, whiteboard, reading and writing material for the training and education to SJBIT Students and Faculty free of cost. In case of outside participants nominal charges will be applicable.

- d. To provide Opportunity for the Elekpro Electrical Engineers (P) Ltd employees to take up higher studies such as Post Graduate and Doctoral programs as per the institution and affiliating University norms.

4.2 Obligations & Duties of Elekpro Electrical Engineers (P) Ltd:

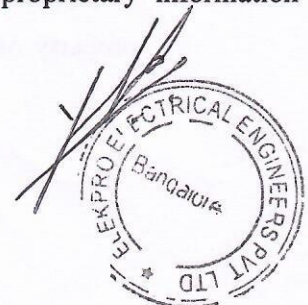

- a. During the term of this MOU, Elekpro Electrical Engineers (P) Ltd agrees to conduct Faculty Development Programs (FDP) and Student Development Programs (SDP), at a nominal fee and whenever sponsored funds are available for FDP & SDP, SJBIT may be given preference. SJBIT shall work with Elekpro Electrical Engineers (P) Ltd in advance, and select and develop the course materials/curriculum for the Faculty Development Program and Student Development Program.
- b. Elekpro Electrical Engineers (P) Ltd agrees to provide facilities available to the students, research scholars and faculty for carrying out project works.
- c. Elekpro Electrical Engineers (P) Ltd agrees to collaborate with EEE-SJBIT to seek financial support from recognized agencies for research in the field of Renewable Energy through Joint Research proposals.
- d. Elekpro Electrical Engineers (P) Ltd have agreed to provide internships to the inquisitive students and to fortify them and boost their skill sets and confidence.

5. EVALUATION OF CO-OPERATION:

Both Elekpro Electrical Engineers (P) Ltd and SJB Institute of Technology shall suitably acknowledge and give due credit to the work executed by each other and both shall have the right to publish Papers or Articles. The parties will conduct joint periodic reviews to monitor and optimize their co-operation under this Agreement.

6. CONFIDENTIALITY OBLIGATIONS:

Each party shall keep confidential and not disclose to third parties or use for any purpose not contemplated under this Agreement all proprietary information

received from the other party, directly or indirectly, in connection with this Agreement. This obligation shall survive the termination of this Agreement.

7. PUBLICATIONS:

The publications coming out of any research collaboration in the scope of this MOU should suitably acknowledge both the institutions.

8. TERM& TERMINATION:

8.1. Term:

The MOU shall be effective from the Effective Date and remain valid for a period of five years. The MOU may be extended mutually in writing by both parties on the same terms and conditions as contained herein.

8.2. Termination:

Either Party may terminate this MOU with a 30 day prior written notice of termination to the other Party.

Either Party may terminate this MOU in the event of breach of the terms of this MOU, or due to failure to fulfill the obligations and duties as set out in the MOU, by the other Party by calling upon the defaulting party to rectify such breach within fifteen days from the date of the notice, failing which the breach shall be deemed to be a material breach, and will entitle such other party to terminate this MOU.

9. LIABILITY:

9.1. Neither party shall be liable for any indirect, punitive, special, incidental or consequential damages arising out of or in connection with this MOU, whether for breach of this MOU or in torts, including loss of business, data, revenue, profits, or for any third party claims against the other.

9.2. Any physical damage or loss arising out of this collaborative work or damage to property of Elekpro Electrical Engineers (P) Ltd or SJB Institute of Technology

from students, faculty or any third party, the actual cost of the damaged or lost property shall be payable by the concerned person who causes damage.

10. GENERAL PROVISIONS

10.1. Relationship between Parties:

This MOU shall not be construed to be an agency or a partnership or joint venture or an association of persons or an employment relationship between the Parties. Neither Party shall be entitled to bind the other party with any third party by its actions, unless it has specifically obtained the prior written consent of such other party to do so. Each Party is an independent contractor, and nothing under this MOU shall be construed to create an employment relationship, whether for tax or for any other purpose, nor any partnership or joint venture or association of persons between the parties. No provision of this MOU grants either party any express or implied right of authority to assume or create any obligations or responsibility on behalf of or in the name of the other party, or bind the other party in any manner or thing whatsoever. Neither party nor its personnel shall be considered employees of the other.

10.2. Assignment:

Neither party shall assign or transfer this MOU or any benefits or rights or obligations occurring it under this MOU, without the prior written consent of the other party. Notwithstanding the aforesaid, it is herein acknowledged between the Parties that both Elekpro and SJB Institute of Technology shall be allowed, during the term of this MOU and for performance of its duties hereunder, to utilize the assistance of its Affiliates without any objections from each other.

10.3. Right to Audit:

Elekpro Electrical Engineers (P) Ltd and SJB Institute of technology shall be entitled to audit the training attendance record maintained at both the places. This audit shall be conducted by Elekpro Electrical Engineers (P) Ltd during reasonable hours.

10.4. Entire Agreement:

This MOU supersedes all prior oral or written communication, discussions, negotiations and representations communicated between the parties hereto in respect of the subject matter of this MOU.

10.5. Amendments/ Modifications:

Any modification to this MOU shall only be made by way of a written instrument duly executed by the authorized representatives of the Parties here to.

10.6. Notices:

Any notice under this MOU will be in writing and delivered by hand or by registered mail, return receipt requested, to the other party at the registered office and to the nominated contact person of the other party. If any notice is sent by mail, notice will be effective on the date of receipt.

10.7. Nominated Contact Person:

The Parties shall maintain at all times, a one-point contact for the other Party. Any change in the contacts will be promptly notified to the other Party. Any information or notice given to the nominated contact person of a Party shall be considered to have been given to such Party and to be within its knowledge.

&

VIJI POWER TRANSFORMERS PVT Limited

VIJI POWER TRANSFORMERS

This is the Memorandum of Understanding ("the MoU") signed between **VIJI POWER TRANSFORMERS PVT Ltd** and **SJB Institute of Technology** and is valid from 05/04/2021

Who we are?

Viji Power Transformers pvt ltd, established in 2008 with the objective to meet the demands of electrical industry Power sector, Viji Group, reputed Company having an experience of 30 plus years in Transformer Fabrication and more than 10 plus Years in Transformer Manufacturing.

VPTPL drives its manufacturing line experience, Planning and Service oriented details from parent company Viji Tech Industries and Viji Power Transformers, currently VPTPL supplies various rated transformers to different electricity boards and for major manufacturing companies.

The 40000 Sq ft VPTPL manufacturing unit has a good Infrastructure and Skilled man power to build transformers upto 25MVA/132KV class with our highly equipped fabrication setup which caters to all the major private sectors. The current Revolution that's picking momentum has propelled VPTPL to manufacture all the distribution Transformers, Power Transformers, Dry type transformers, Furnace Transformers, Solar transformers and all type of special transformers.

VPTPL is certified to ISO 9001:2015 Quality Management System, ISO 14001:2015 Environmental Management System and ISO 45001:2018 Occupational Health and Safety

Management System, aimed at achieving customer satisfaction, continuous improvement and the prevention of non-conformity.

VIJI Group Manufactures

- Power transformer upto 25MVA,132KV class.
- Distribution transformer from 25KVA -2.5MVA,33KV class.
- Dry type transformers up to 2000KVA,11KV class.
- Furnace transformer upto 1000KVA,33KV class.
- Converter transformer upto 10MVA,33KV class.
- Turn-key projects.
- LBS, LBS with metering cubical and switch gears.
- All types of fabricated transformer tanks upto 100 MVA.
- All sign board equipment.
- Solar power products.
- Dry type enclosures and panel box.
- OLTC Box and Compact Substations(CSS).

SJB Institute of Technology and Department of Electrical & Electronics Engineering:

SJB Institute of Technology is established in the year 2001 with the blessings of His Divine Soul Jagadguru Sri Sri Sri Padmabhushana Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Shikshana Trust ®. SJBIT is one among the 450 educational institutions being managed by the Trust. Spreading across sprawling 50 acres of land, the SJBIT is located amidst natural serene atmosphere, 14 km from Bengaluru city, near Kengeri. SJBIT is affiliated to Visvesvaraya Technological University, Belagavi and approved by AICTE, New Delhi. SJBIT is committed to personal, social & intellectual growth emphasizing a comprehensive educational Programme leading to high academic standards. SJBIT has been Ranked No. 1 in Karnataka (Amongst VTU affiliated private engineering colleges); Ranked No.5 in South India (Among the private engineering colleges); Ranked No.14 in India (Among the private engineering colleges) as per all India DATA QUEST – Cyber media Research survey may 2015. To its credit, the institution has bagged several Ranks from the University.

The institution offers 4 years full time undergraduate degree courses, 2 years full time PG courses and Research Centre for Doctorate Degree courses in CSE, ECE, ISE, MECH, CIVIL, Mathematics, and Physics Dept.

Department of Electrical & Electronics Engineering was established in the year 2004 with an intake of 60 students. Electrical & Electronics Engineering department is one of the prestigious and core departments of our institute. The department has successfully conducted several Corporate Training Programs and provides consultancy services in respective quarters. The department finds the strength in its highly qualified and dedicated faculties and also highly motivated students. To get exposed and updated to latest technologies and to get the awareness about the current happenings, the department periodically conducts workshops, seminars, training programs and state/national level conferences.

- Both the parties wish to cooperate with each other for mutual benefit.

Purpose:

This MoU focus on the overall development of the student fraternity of SJBIT through Internship Program, Skill developments, Placement assistance. This will also benefit the students by having a deeper understanding of the concepts by providing learning through hands-on experience. This will boost student's confidence on the subject and will help him/her to face interview without any hassle.

- To know manufacturing process involved in distribution Transformers, Power Transformers, Dry type transformers, Furnace Transformers, Solar transformers, and all type of special transformers.
- To know technical and economic aspects of Installation and Commissioning of transformers at clients place.
- To know various testing procedures involved in a power transformer before being commissioned at site.

Training and internships are rendered to the students at the prices fixed after discussion between both the parties time to time.

Restrictions:

This MoU is largely focused with activities related to SJB Institute of Technology. However not restricted to other peripheral supporting disciplines when required.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this day of 11th August' 2021, Wednesday at Bengaluru.

BY AND BETWEEN

SJB Institute of Technology, Bengaluru, represented through its authorized signatory,
Dr. Ajai Chandran. C K, Principal, SJBIT, herein after, referred to as the "SJBIT", which expression shall unless it be repugnant to the context of meaning thereof, shall be deemed to me and include its successors and assignees.

AND

M/s. SEVENTH SENSE PEOPLE DEVELOPMENT SOLUTIONS PVT., LTD., a company incorporated under the laws of India, having its registered office at

4, 1st Floor 23rd A,
10th Main Road, 2nd Phase,
J. P. Nagar,
Bengaluru-560078,
<https://www.seventhsensetalent.com/>

Represented by its **Mr. VINOD PRABHU, CEO**, (herein after referred to as the "Company", which expression, unless repugnant to the context and meaning therein, shall mean and include its successors, representatives, nominees and assigns).

The term "Company" and "SJBIT" are individually referred to as such or a "Party" and collectively referred to as the "Parties".

WHEREAS

A. The Company, Seventh Sense, an Industry, established in the year 2010, is an IIM Bangalore alumni led venture into training solutions, recruitment services for premier corporate and colleges across the country. We partner with companies such as Cap Gemini, Mind Tree, Gammon, US Technologies, BHEL, IT Champs, Saint Gobain, Channel Mentor, Reliance, CSC etc and serve their training and manpower needs. Among colleges, we count IIM Bangalore, IISc, Bangalore, Presidency, RV Group, PES Group, RNS Group, CMR Group, BNM Group, JSS Group, MES Group, AMC Group, REVA Group, T John Group, IGNOU, VIGNAN Group and VVS Group of institutions (indicative) amongst our clients. Individual colleges include VVCE, SIT, G. Pulla Reddy, RGM CET, Shantiram, KVSr, East Point, IBMR, MVSR, GNITS, Vignan University, NRIT, Vidyanikethan etc (profile in brief).

B. Department of MBA, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Management (department) discipline.

C. The Parties are desirous to enter into this Memorandum of Understanding (MOU) to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION:

1.1 The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of Engineering/ Technology and Management.

Statement of Mutual Benefit and Interest:

SJB Institute of Technology Benefits includes:

- A. Placements with package more than 3 Lakhs/Annum (depending upon the student capability)
- B. Duration of employment related Training: Total 36 hours of online training.
- C. Minimum 25 placement opportunities based on student interest and capabilities and assured placement opportunities for all participating students.
- D. Project assistance for final year students.

SEVENTH SENSE TALENT SOLUTIONS Benefits include:

- A. Upon successful completion of the training, payment will be done by the students after receiving their job offer letter from the company/Organization of recruitment(payment to be made on receipt of job offer from companies in which the students are selected in the recruitment process)
- B. Students on getting an offer from the companies where they participate in the recruitment process have to pay an amount of Rs. 10,000 + GST per offer letter.
- C. Student cannot decline/reject the rolled out offer. In case, they reject, the payment due to Seventh Sense will have to be made.
- D. The service charges of Rs. 10,000+GST towards placement of a student will be transferred to the Seventh Sense Talent Solution's official account provided, only once the candidate is on boarded by the respective company.
- E. In the eventualities where in the company declines the offer, the respective candidates/students need not have to pay the service charges.
- F. Participating students will be 2nd year/Final year (3rd and 4th Semester) MBA.

1.2 This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, placement opportunities etc., before commencing any collaboration activities.

1.3 The relationship between the Parties is that of Principal- Principal Relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the SJBIT and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4 The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION:

2.1 This MOU is for a period of **one year with effect from 11th August' 2021 to 10th August' 2022**. It can be extended further by mutual consultation and agreement.

2.2 It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3 Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 30 days to the other Party.

2.4 Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5 This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS:

3.1 This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2 Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the SJBIT will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY:

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party(the Disclosing Party) to the other Party(the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

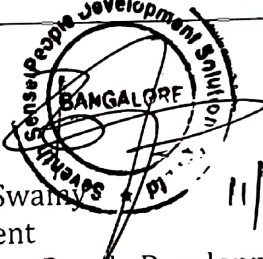

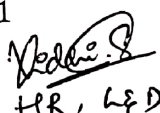

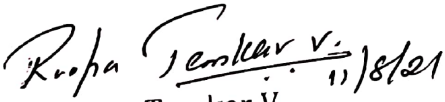

5. REVISION, VARIATION AND AMENDMENT:

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

6. GOVERNING LAW AND DISPUTE RESOLUTION:

The terms of MOU with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

Its Email address is shivanraju@yahoo.com and its registered address is No. 12, Sarakki Village, 24th main, J P Nagar 6th Phase Uttarahalli Hobli Bangalore-560078.

B. Department of MBA, is an established department under SJB Institute of Technology, Bengaluru which strives to enhance and strengthen its Industry-Institute Interaction and has taken various initiatives to compliment its educational excellence to meet the industry needs, has entered into various collaborative arrangements with other parties to enhance the knowledge and skills of the students in the Management (department) discipline.

C. The Parties are desirous to enter into this MOU to declare their respective intentions and to establish a basis of cooperation and collaboration between the Parties upon the terms as contained herein.

1. AREAS OF COLLABORATION

1.1. The Parties have entered into this MOU to co-operate and collaborate between themselves to promote more effective use of each of their resources and provide each of them with enhanced opportunities. Each Party shall comply with applicable laws and internal guidelines/instructions, while performing under this MOU. The Parties agree to collaborate efforts in the areas of Management.

Statement of Mutual Benefit and Interest:

SJB Institute of Technology Benefits includes:

- A. Placements with minimum package of 3 Lakhs/Annum (depending upon the student capability)
- B. Internships provided to students with Marketing and Human Resources Specialisation
- C. Minimum 3 placement opportunities based on student interest and capabilities
- D. Project assistance for final year students.

1.2. This MOU sets out the standard terms of co-operation and collaboration between the Parties. If necessary, the Parties may enter into definitive agreements, deeds or documents as may be required from time to time to give effect to the intention of the Parties contemplated herein. Notwithstanding anything contained herein, the Parties shall mutually set out the syllabus, scope and area of work, duration, etc., before commencing any collaboration activities.

1.3. The relationship between the Parties is that of principal- principal relationship. This MOU does not create any principal-agent, master-servant, partnership or joint venture relationship between the Department and the Company. Each Party being a separate legal entity shall obtain all approvals, consents, permissions and licenses required under applicable laws, if any, before undertaking any co-operation or collaboration activities contemplated under this MOU.

1.4. The Parties may set out guidelines or instructions to the students, who are beneficiaries under this MOU. The Parties agree that the concerned student/s will be personally liable for their acts or omission committed by them within the premises of the Company or in relation to the men and materials of the Company.

2. DURATION AND TERMINATION

2.1. This MOU is for a period of **two year with effect from August 18th, 2021**. It can be extended further by mutual consultation and agreement.

2.2. It is agreed between the Parties that though this MOU is arrived at to facilitate co-operation for enhancing the quality of education in the area of Industrial applications, if, during the term of this MOU, for any reason the objective is not achieved or achievable, this MOU shall be terminated by either of the Parties, by giving a 30-day written notice to the other Party and no Party under this MOU shall have any kind of claim against the other Party.

2.3. Notwithstanding anything contained herein, either Party may terminate this MOU without cause by serving advance written notice of 60 days to the other Party.

2.4. Notwithstanding anything contained herein, either Party may terminate this MOU with immediate effect, in case of material breach of the terms of this MOU by the other Party.

2.5. This MOU is on a non-exclusive basis and that both Parties are at liberty to enter into similar arrangements with any third party for similar purposes without notifying the same to the other Party.

3. FINANCIAL ARRANGEMENTS

3.1. This MOU shall not give rise to any financial obligation by one Party to another Party. Each Party shall bear its own cost and expenses in the implementation of this MOU.

3.2. Any payment offered to the student/s by the Company, whether stipend or otherwise, shall be directly paid by the Company to the student/s, and the Department will not be responsible for the payment/non-payment/delayed payment of any amount to the student/s.

4. CONFIDENTIALITY

Each Party shall undertake to observe the secrecy of confidential information received from or supplied to the other Party during the period of implementation of this MOU or other agreements made pursuant to this MOU.

For purposes of this MOU, "confidential information" means any information whether prior to or hereinafter disclosed by a Party (the Disclosing Party) to the other Party (the Receiving Party) of this MOU involving technical, business, marketing, policy, know-how, planning, project management and other information, data and/or solutions in any form, including but not limited to any information which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.

5. REVISION, VARIATION AND AMENDMENT

Either Party may request in writing a revision, variation or amendment of this MOU. Any such revision, variation or amendment agreed to by the Parties shall be in writing and shall form part of this MOU and shall come into force on such date as may be determined by the Parties.

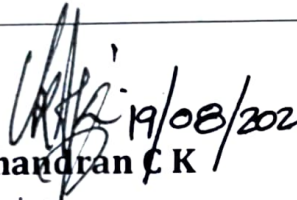

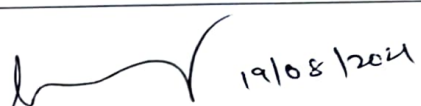

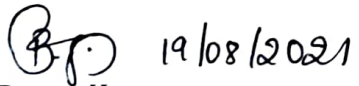

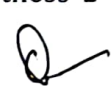

6. INTELLECTUAL PROPERTY RIGHTS

Nothing contained in this MOU shall grant, imply or create in either Party any right, title or interest in or to the intellectual property, including but not limited to knowhow, inventions, patents, copyrights and designs, of the other Party. However, intellectual property developed by the joint efforts would be the joint property of the Parties and any financial benefits or otherwise arising out of it shall be shared proportionately by the parties in consonance with the efforts / inputs given by them.

7. GOVERNING LAW AND DISPUTE RESOLUTION

The terms of internship with the Company is governed by Indian laws and shall be subject to the exclusive jurisdiction of courts at Bengaluru. Any dispute or difference shall be first discussed between the Parties and resolved. If the dispute or difference is not resolved, the Parties shall refer the same to a sole arbitrator appointed by the Parties. The arbitration proceedings shall be in accordance with the Arbitration and Conciliation Act, 1996 and the seat of arbitration shall be Bengaluru.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto, have signed this MOU in two original copies in English at the place and on the date(s) indicated below:

MEMORANDUM OF UNDERSTANDING

BETWEEN

EduSkills Foundation ("EduSkills")

AND

SJB Institute of Technology

FOR EDUSKILLS MEMBERSHIP PROGRAM

EduSkills Confidential

Principal
SJB Institute of Technology
67, BGS Health & Education City,
Dr. Vishnuvardhan Road,
Kengeri, Bengaluru - 560 060.

Page 1 of 5

This Memorandum of Understanding ("MOU") is effective from the date of signatures below ("Effective Date"). hereinafter, each a "Party" or together, "the Parties". EduSkills will be referred as 'First party' and other party will be referred as 'Second party'.

The Parties have been discussing a proposed collaboration in the area of **"Skill Development, IT Education and Workforce Development Programs"** ("Collaboration Areas").

Now the Parties agree as follows:

A. NON-BINDING TERMS

The Parties understand that MOU is intended only to summarize the current understanding of the parties with respect to the principal terms of the proposed collaboration.

The Parties understand that this MOU is intended only to summarize the current understanding of the Parties with respect to the Collaboration Areas and to facilitate their further discussions regarding certain objectives of the proposed partnership, as more fully described in Exhibit A, which are non-binding on the Parties. The terms and objectives set forth in Exhibit A shall be used for discussion purposes only and shall not be deemed to create any rights or obligations for or on behalf of any Party.

B. BINDING TERMS

The Parties hereby acknowledge and agree that the following subsections under this Section B (Binding Terms) shall be binding and create legal rights and obligations on the Parties.

1. Confidentiality

In this MOU "Confidential Information" means any information or data, irrespective of the form and nature thereof, that is material to the Party disclosing such information ("Discloser") to the other Party ("Recipient"), including, but not limited to technical know how, specifications, designs, models, software, techniques, drawings, processes, as well as industrial and intellectual property rights, business information, trade secrets, customer lists, financial information, process, costs, sales and marketing plans, information posted on their respective websites or any other information with the Recipient knows or reasonably ought to know is confidential, proprietary or trade secret information of the Discloser.

The Recipient shall at all times, both during the term of this MOU and for a period of at least three (3) years after its expiration or termination, keep in trust and confidence all such Confidential Information, and shall not use such Confidential Information other than for the purpose of fulfilling its obligations under this MOU, nor shall the Recipient disclose any such Confidential Information to any third party without the Disclosing Party's prior written consent. Upon termination of this MOU or written request from the Discloser, the Recipient shall, within fifteen (15) days from such termination or request, return all Confidential Information and any and all copies thereof to the Discloser, or at the Discloser's option, destroy the Confidential Information and any and all copies thereof, and certify such destruction.

The obligations of confidentiality set forth herein shall not apply to information which;

- a. Was rightfully in possession of or known to the Recipient without any obligation of confidentiality prior to receiving it from the Discloser;
- b. Is, or subsequently becomes, legally and publicly available without breach of this MOU;
- c. Is rightfully obtained by the Recipient from a source other than the Discloser, without any obligation of confidentiality; or
- d. Is developed by or for the Recipient without use of the Confidential Information.

The Recipient may only disclose Confidential Information pursuant to a valid order issued by a court or governmental agency, provided that the Recipient provides the Discloser:

- a. Prior written notice of such obligation; and
- b. The opportunity to oppose such disclosure or obtain a protective order.

The Confidential Information shall remain the property of the Discloser and no license to any existing or future intellectual property rights or Confidential Information is granted or implied under this MOU.

Kengeri, Bengaluru - 560 060.

All Confidential Information is provided "AS IS". The Discloser shall not be liable for any inaccuracy or completeness of the Confidential Information, nor are there any express or implied representations or warranties by either party to the other, including with respect to the infringement of any intellectual property rights or any right of privacy, or any rights of third persons.

2. Scope

The scope of this MOU does not cover any development work, testing, licensing, distribution, support, sales, or maintenance. Should the Parties decide to pursue such matter that is outside the scope of this MOU, the Parties shall enter into a development, license, distribution, or other appropriate written agreement(s) accordingly.

3. Publicity

The Parties hereby agree that no press release or other public announcements regarding this MOU or any agreements contemplated thereby shall be made without prior review and written agreement signed by a duly authorized representative of the other Party.

4. Term and Termination

The Parties agree that this MOU shall be effective as of the Effective Date and shall continue in effect until the earliest occurrence of one of the following: (1) the execution of a definitive MOU or definitive agreement relating to the scope of this MOU; (2) written notice by one Party to the other of termination of this MOU, or **thirty six (36) months** from the Effective Date of this MOU. Section B (including all subsections) shall survive any termination of this MOU. Upon expiry of the Term, it is the intention of the Parties to further progress the solutions initiated under this MOU towards overall achievement of the objectives and outcomes contemplated herein. Second party shall, to this extent, endeavor to continue maintaining and promoting such solutions and projects to further the objectives set forth in the MOU.

5. Limitation of Liability

Except for liability relating to either Party's breach of the other Party's confidential information or intellectual property rights, in no event shall either Party be liable to the other Party for any direct, indirect, incidental, special, punitive or consequential damages or loss of profits, lost revenue or loss of data.

Notwithstanding the foregoing, nothing in this MOU shall limit the Parties liability for bodily injury or death caused by its negligence or its liability in the tort of deceit.

6. Intellectual property rights

Each Party will retain the exclusive rights, title and ownership of all its pre-existing Intellectual Property, Confidential Information and materials (including, without limitation, proprietary ideas, sketches, diagrams, text, know-how, concepts, proofs of concepts, artwork, software, algorithms, methods, processes, identifier codes or other technology) owned or developed by such Party.

7. Governing laws and jurisdiction

The Parties shall make efforts in good faith to amicably resolve all disputes as may arise out of or in connection with this MOU. This MOU shall be subject to and governed by the laws of India and the Indian courts shall have exclusive jurisdiction over any claim arising under this MOU. Notwithstanding the foregoing, either Party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such Party's intellectual property or proprietary rights.

8. Costs

Unless otherwise agreed upon in writing, each Party shall bear its own costs and expenses arising in connection with this MOU and the possible negotiations, completion and implementation of definitive Agreements if any, including but not limited to costs of experts, consultants, lawyers and travel expenses.

2. Proposed obligations of **EduSkills**:

- To offer digital content and courses of up to 8 global academy programs to the institution.
- To offer LMS of the academy programs, where ever applicable.
- To offer branding collaterals access and usage of academy programs.
- 'Train the Trainers' to the nominated educators by the institution.
- Virtual orientation session/workshop for the institution.
- In-person/remote support for any troubleshooting needed during the onboarding process.
- To offer opportunities to participate in job fairs, seminars, conferences and any regional/national/global competitions or platforms for the students, educators and/or institution's leadership.
- EduSkills Talent Connect Program for students
- EduSkills & AICTE Internship Program for students.

3. Proposed Obligations of **SJB Institute of Technology** :

- To create awareness for adoption and registration of technical courses from interested students.
- To nominate a point of contact who could monitor and review the program updates.
- Pay membership **fee every year**. Following year's membership fee can be incremented on nominal basis, if the need arises. **Agreement to be renewed after 3 years**.
- Institution need to bear the expense for the AWS & Red Hat Global Certification fee of faculties as its mandatory.
- Minimum 100 students commitment for each academy program every year.
- To ensure following pre-requisites to be followed by the participating colleges:
 - a. High speed broadband connectivity, computer labs for relevant courses and classroom IT set-up for all participating institutions.
 - b. Identify upto 2 (Two) Educators with required qualification like Engineers/MCA in Computer Science/IT/Electronics, etc. or experienced diploma holders to receive Training of Trainers for each academy program.

4. Annual Membership Fee

- Year 1: INR 40,000 + Training fee + GST
- Year 2: INR 40,000* + GST
- Year 3: INR 40,000* + GST

* Can be incremented annually on a very nominal basis.

Please Note: This fee applies on institutions. EduSkills will not charge any fee from the students. Institutions may enroll and extend benefit to as many students they want. No capping on number of students.
